Season: fall

Team: OSU; UCO; Thunder

Color: blues, greens, purples

Authors: Francine Rivers, Suzanne Collins

Movies: Marvel Avengers Movies

Animal: dolphin

Flower: wildflowers - daisies, lilies, etc...

About Me:

This will be my 21st year in education, with experience teaching Pre-K, 2nd grade, and 5th grade. My husband, Austin, and I have four kids. Aiden and Anna go to Santa Fe, Aaric goes to Heartland, and Ashlyn is a 4th grader here at WI. As a family, we love traveling together, especially to the mountains. We also love watching movies together, and going bowling or to the arcade. My family loves music and learning to play instruments.

I love being a part of the Washington Irving Family and I am proud to be a wolf!! This is going to be a Marvelous Year!

My why for being in education:

I couldn't imagine being anything other than a teacher. It means so much to me. I love spending my day connecting with my students and helping them grow and learn. It is a joy getting to see them get excited about learning new things. In my classroom, we become a class family where ALL of my students feel that they are safe and loved. I strive to create a space where they gain confidence in themselves and feel successful.
