Real Time Parent Electronic Notification

Parents,

Christoval ISD utilizes Parent Square for school communication, primarily with email, text, app notifications, and voice callouts. Parent Square automatically syncs with our Student Information System to generate an account for each parent, using their preferred email address and phone number. We encourage parents to access their accounts so they can download the mobile app and update their preferences on when and how they are notified. Parent Square is a safe, secure, and modern approach to communication and collaboration between school and home. Please contact your student's campus if you have any questions.

Thank you,

Christoval ISD
