A student found to have engaged in unlawful discrimination, including unlawful harassment or retaliation, may be subject to discipline, including suspension or expulsion, consistent with Policy 5206.

The District provides equal access to the Boy Scouts and other designated youth groups as required by law.

Examples of Unlawful Harassment

"Unlawful harassment" is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person's membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person's ability to benefit from the District's educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. Harassment based on ethnicity, ancestry, or perceived ancestral, ethnic, or religious characteristics is considered race, color, and national origin harassment. Policy 3115 is attached to this handbook as Appendix A.
- **Disability harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as disability-motivated physical threats, attacks, or other hateful conduct. Policy 3115 is attached to this handbook as Appendix A.
- **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see Policy 3118, attached to this handbook as Appendix A.

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to the office.

If a student arrives late, the student must sign in at the office. A student may only leave school early if the student's parent notifies the office or the student is an emancipated minor or 18 years old.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent:

CLASSIFICATION OF ABSENCES (EXCUSED AND UNEXCUSED):

Excused and Counted	Excused and NOT Counted (Documents must be turned into the office to excuse these absences.)	Unexcused and Counted
● Family Vacations or Trips ● Family emergency* *See Attendance Waiver Requests	● Court ● Funeral (immediate family only, unless approved by building administrator) ● College Visits ● Military Recruitment appointments ● School Suspensions ● Doctor appointments ● Hospitalization ● Illness ● Counseling	● Absences with no contact to the high school office within 48 hours of student's return to school ● Skipping ● Missing the bus ● Personal matters which could be handled outside of school hours

Students who are 14 minutes or less late are considered tardy. 3 tardies = 1 absence

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents if a student becomes ill at school and may ask that the parent pick up the student. A student who is absent due to illness has 1 day from the day of absence to complete missed assignments.

© 2026 THRUN LAW FIRM, P.C. POLICY SERVICE

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.
- Sign out of school at the office if leaving school during the school day.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see Policy 5301.

MAKING UP TIME

Students will have the opportunity to make up time during after-school tutoring.
The rules are as follows:
1. A student may make up absences at any time after they receive their first absence.
Students are not allowed to attend tutoring to bank absences.
2. All make-up time must be arranged by the end of the current semester.
3. Students are responsible for arranging their own transportation home from tutoring.
4. Make-up time will be scheduled at one hour for each class hour missed.

Tardies

The following system and penalties will be followed for unexcused tardies.

- All students arriving late to school must sign in at the high school office.
- If a student arrives 14 or less minutes late for class, he/she will be marked tardy.
- If a student is tardy 3 times to the same class, they will be assigned an after school detention.
- After 6 tardies in the same class, the student will be assigned 2 after school detentions.
- After 9 tardies in the same class, the student will be assigned an ISS. (An ISS will be assigned for tardy 12, 15, 18, 21, 24 in the same class.)

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable

and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in Policy 5503.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

Cafeteria Rules

Students must follow these rules during breakfast and lunch or while in the cafeteria.

- Stay seated while eating
- Clean up your space
- Use inside voice
- Keep hands and feet to yourself
- Walk, don't run

- No food throwing

Beverage Policy

- Water is the only drink allowed in any classroom.
- Energy drinks are prohibited at KHS during school hours.

Cell Phone and Personal Communication Device Use

Students may not use cell phones or other electronic devices during school hours. Cell phones or other electronic devices must be stored in the student's locker during school hours if a student chooses to bring them to school other than during lunch once inside the cafeteria.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The District is not responsible for theft, loss, or damage of any cell phone or other electronic device.

Taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal photographs, video, audio, or other similar data, whether by electronic data transfer or otherwise (including via cell phone or other electronic device), may constitute a crime under state or federal law. A student engaged in any of these activities at school, at a school event, or on school-provided transportation, may be subject to discipline. A student engaged in any of these activities outside of school may be disciplined if the student's activities substantially disrupt or negatively affect the school environment.

School administrators and teachers may confiscate a student's cell phone or other electronic device if the student's use or possession of a cell phone or electronic device violates Board Policy, the student code of conduct, or any applicable building or classroom rule. The building principal or designee may require a meeting with the student's parent to discuss the rule violation before returning the cell phone or electronic device.

Cheating, Plagiarism, AI, and Academic Dishonesty

Students may not cheat, plagiarize, misuse AI, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of

an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

The school campus is a closed campus. All students must remain on campus during school hours. Students who leave campus without authorization are subject to disciplinary action.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack of documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Concussion Protocol

Before allowing a student to participate in any athletic activity, including physical education, the District will annually:

A. Provide the MHSAA or state approved educational materials on concussion awareness to each student and to the student's Parent; and

B. Obtain a statement signed by each student and respective Parent acknowledging receipt of the MHSAA or state-approved concussion awareness educational materials. The District will maintain this signed statement for 5 years or until the student is 18, whichever is longer.

The District's complete concussion protocol is in Policy 5712 including information on student removal from activity for possible concussion and return-to-play requirements.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, Policy 5101, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Bandannas, beanies with poms, and hoods will not be allowed to be worn in school.All hats must be taken off during the Pledge of Allegiance.

No coats or backpacks allowed in the classrooms without prior approval from building administrators.

Shoes must be worn. No footies, house shoes, or slippers are allowed.

Pants may not have holes in them that are above the 4” inseam.

Due to the destructive nature of chains and their potential danger, no chains may be worn as part of regular school attire.

Tops must have thick straps or sleeves and must cover the student’s entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;
- Incites violence;
- Contains “fighting words”;
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

KINGSTON COMMUNITY SCHOOLS MEAL CHARGING POLICY

Kingston Community Schools is participating in a new option available to schools, as part of the National School Lunch and School Breakfast Program, called the Community Eligibility Provision (CEP). ALL students enrolled at our school are eligible to receive a healthy breakfast and lunch at school at NO CHARGE to your household each day. We ask that you fill out and sign a "Household Information Survey" which is needed for administrative purposes, not to determine eligibility. This survey allows our school to benefit from various State and Federal supplemental programs like Title I A, At Risk (31a), Title II A, E- Rate, etc. This survey is critical in determining the amount of money the school receives from a variety of supplemental programs. All information on the survey submitted is confidential. Without your assistance, the school cannot maximize utilization of available State and Federal funds.

While Kingston Community Schools operates a free breakfast/lunch program for all students, should your child purchase a snack or second portion, the following meal charging policy will be in effect. This policy applies to all of our students and staff. Because students are offered a free meal each day, students will not be allowed to charge snacks or second meals. To ensure that staff do not go hungry, but also to promote responsible staff behavior and minimize the fiscal burden to the District, the Board of Education will allow staff to "charge" up to the amount of $15.00, to be paid back at a later date subject to the terms of this policy. Food Service is a special revenue fund which means it does not receive general fund support from the district, and thus must generate funds through meal sales, snack sales, and federal and state reimbursement in order to pay operating expenses and fees to the district. Therefore, unpaid charges affect the ability of food service to support itself and its employees. Michigan Department of Education (MDE) and National School Lunch

Program (NSLP) has provided schools with administrative guidelines and policy for meal charges. Following the administrative guidelines from MDE and NSLP, Kingston Community Schools will adhere to the following meal charging policy:

- Staff may charge up to a maximum of $15.00 per person.
- After $15.00 has been charged past negative, the free meal will be offered to the staff member until the lunch account is at a positive amount.
- It is permissible for schools to serve only one (1) particular set of food items to staff and students whose parents owe the school money, as long as the food items comprise a reimbursable meal.
- A staff who has charged $15.00 may not charge or purchase snack items, including extra main entrees or make purchases in the snack line.
- Students may not charge snacks nor second meals if there is no money in their account.

- If staff repeatedly charge items to the school, a food service employee must report this to the building administrator.

KINGSTON COMMUNITY SCHOOLS BAD DEBT POLICY

The Kingston Community School District has a bad debt charge policy that applies at all schools for students and staff. Bad debt incurred through the inability to collect lunch payment from students and/or staff is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectible are also unallowable.

Bad debt is uncollectible/delinquent debt that has been determined to be uncollectible by the end of the school year in which the debt was incurred. If the uncollectible/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. As of June 30th any uncollectible/delinquent debt will be removed from the food service lunch account and placed in the Business office for collection. The negative balance will be added to the student's fine record until paid in full.

BREAKFAST AND LUNCH

All students will be provided free breakfast in the cafeteria each morning. Breakfast will be finished at 8:10. Students arriving after 8:10 should plan to eat breakfast at home.

All students will be served a free lunch each day. If a student wants seconds or a milk to go with their cold lunch, their account will be charged.

*The U.S. Dept. of Agriculture (USDA) and the State of Michigan prohibit discrimination in all USDA programs and activities on the basis of race, color, national origin, sex, religion, age, disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-Wm Whitten Building, 14th and Independence Ave. SW, Washington, D.C. 20250-9410 or call (202)720-5964 (voice and TDD). The USDA and the State of Michigan are equal opportunity providers and employers.

Driving and Parking Personal Vehicles

Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. Students who drive to school must obey the following rules:

1. Students may not move their vehicles, sit in, or be around their vehicles during the school day without permission from administration.
2. Students may not drive carelessly or with excessive speed on school grounds.
3. By driving to school and parking on school grounds, students and parents consent to having that vehicle searched when school officials have reasonable suspicion that a search will reveal a violation of school rules, Board Policy, or law.
4. All cars must be registered in the Principal's office where a permit will be issued and a motor vehicle agreement completed by the student and parent prior to operating the vehicle on school grounds.

5. Student parking stickers issued in the office must be clearly visible in the student's vehicle window when the vehicle is on school property.

6. Cars must be used only for transportation to and from school.

7. Cars must be locked to help prevent vandalism during the time the car is in the parking lot.
8. Cars may not be used by the owner or by anyone else during the normal school day unless permission has been granted by the Principal. Permission will only be given for an emergency and with parental consent.

9. Students driving must have a valid driver's license.

10. To ensure the safety of all persons, the parking lot will be OFF LIMITS to ALL students during the normal school day unless permission from the Principal has been granted.

Bus transportation is provided for all students; therefore the use of private vehicles for transportation to and from school is not necessary.

However, for convenience or other reasons approved by the parents, students may be permitted to drive private vehicles to school and park them in the student parking lot provided for that purpose. Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. The west lot is designated for student parking. At dismissal time, cars will use the west exit only to ensure safety to everyone. SPEED LIMIT OF 5 MILES PER HOUR AT ALL TIMES WILL BE ENFORCED.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician's name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and noncurricular activities to cover the District's reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and noncurricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity's coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

© 2026 THRUN LAW FIRM, P.C. POLICY SERVICE

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Any student placed on Out of School Suspension will not be allowed to attend any field trips for that semester.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Head Lice

A student with nits within ¼ inch of the scalp or live lice may remain at school until the end of the school day. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent and provide educational materials on head lice prevention and treatment.

The student will be readmitted to school after treatment so long as the parent consents to a head examination and the examining District official does not find live lice on the student. If the District official finds nits within ¼ inch of the student's scalp, the student may return to class, but the District must inform the student's parent about the need to remove the nits. District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents, teacher, social workers, or administrators to determine the best approach to resolve the issue.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Raeann Gentner
rgentner@kingstonk12.org

For detailed information about Homeless Children and Youth, see Policy 5307.

Immunizations

For a student entering the District for the first time and entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with Policy 5713 and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy 5201. Students may be questioned by school officials, including the SRO, at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular programs offered by the District.

Locker Use

Pursuant to Policy 5102, lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

Students should keep their gym lockers locked at all times.

Lost and Found

All lost and found items are to be taken to the office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Media Center

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. A fine may be charged for overdue materials. Each student is responsible for any fine that accumulates on materials charged to the student. Students must also pay for any damage they cause to materials.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form as required by the District.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy 5703.

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy 5703. A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parent Involvement in Education

A copy of the District's Parent Involvement in Education policy, Policy 5401, is attached as Appendix C.

When you arrive in the building for any reason, you must report to the office first.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Outdoor Rules

Students must follow these rules while outside:

- Stay in assigned area
- Follow staff directions
- Keep hands and feet to yourself
- Use appropriate language
- Respect school property
- Clean up after yourself
- Come in when you are signaled

Students who violate these rules may be disciplined.

Staff will supervise students when the students use the outdoor area during the school day or as part of a school activity. At all other times and circumstances, the District does not provide supervision of its equipment or surrounding areas.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District's website

or upon request from the District's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice to parents regarding the Protection of Pupil Rights Amendment is attached as Appendix D.

Public Display of Affection

Students may not engage in public display of affection that are disruptive to the school environment or distracting to others.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement or stored in a secure place at school until a disciplinary hearing.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy 5309 for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in Policy 5309.

Directory Information

The District designates the following information as directory information:

- student names, addresses, and telephone numbers;
- photographs and videos depicting a student's participation in school-related activities and classes;
- date and place of birth;
- major field of study;
- grade level;
- enrollment status (e.g., full-time or part-time);
- dates of attendance (e.g., 2023-2027);
- participation in officially recognized activities and sports;
- weight and height of athletic team members;
- degrees, honors, and awards received; and
- the most recent educational agency or institution attended.

The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books.

School officials may disclose "directory information" without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out Form is attached to this handbook as Appendix E. This form allows the parent or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

Address Confidentiality Program

The District will not disclose a student's or parent's phone number or address or the parent's employment address to another person who is the subject of a court order that prohibits disclosure of the information if the District has received a copy of the order. The District will not disclose a confidential address, phone number, or email address in violation of the Address Confidentiality Program Act if the student or the student's parent notifies the District that the student or the student's parent has obtained a participation card issued by the department of attorney general.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to sign and return the Acceptable Use Agreement attached as Appendix F before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Threat Assessment and Response

The Board of Education is committed to providing a safe environment for all members of the school community. Our commitment to security includes creating and maintaining a safe school climate and supportive culture as a foundation for preventing violence and mitigating risk.

Students are encouraged to report any threat immediately. Threats may be reported to any District employee in-person, by e-mail, or by telephone. Students may also report threats through the OK2SAY program.

The Board designates the following individual to serve as the District's Threat Assessment Coordinator:

Cynthia Coleman, Jr/Sr High Principal
989-683-2550
Ccoleman@kingstonk12.org

Josh Campbell, Elementary Principal
989-683-2284
jcambell@kingstonk12.org

The District's Threat Assessment and Response is found in Policy 5714.

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

- Students must promptly comply with any directive given by the driver.
- Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
- Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
- Students must enter the vehicle without crowding or disturbing others and go directly to their assigned seat, when seat assignments have been established by the driver.
- Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- Students may not throw or pass objects on, from, or into vehicles.
- Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on school vehicles.

- Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- Food and beverages may not be consumed on school vehicles unless authorized by the driver or school personnel.
- Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
- Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
- Students must respect the rights and safety of others at all times.
- Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal belongings and trash upon exiting.

© 2026 THRUN LAW FIRM, P.C. POLICY SERVICE

- Students may not vandalize or intentionally cause damage to the vehicle. Students and/or parents or guardians may be required to make restitution for damage caused by intentional misconduct.
- Students may not board or leave a school vehicle at a location other than their assigned stop unless approved through the District's transportation request procedures by the Superintendent or designee.
- Students must enter and exit the vehicle only after it has come to a complete stop and, except in an emergency, through the designated entrance as directed by the driver.
- Students must not board a school vehicle unless the driver or another authorized adult is present.
- Students crossing the roadway after exiting a school bus must cross at least ten (10) feet in front of the bus and only after receiving the driver's signal to cross.
- In the event of an emergency, students must remain seated and follow all directions given by the driver unless instructed otherwise.

Video cameras may be placed on vehicles and buses to monitor student behavior.

Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the Transportation Director or the building principal for discipline. Disciplinary consequences may include parent notification, restitution for damages, suspension of vehicle or bus riding privileges, exclusion from extracurricular transportation or activities, in-school suspension, suspension, or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law, Board policy, and the severity and circumstances of the misconduct.

Bus misconduct may also result in disciplinary action under the Student Code of Conduct when appropriate.

Records of vehicle misconduct will be forwarded to the appropriate building principal and maintained in the same manner as other student discipline records. Reports of serious misconduct may also be referred to law enforcement when appropriate.

Transportation for School-Sponsored Events

The school vehicle rules and Student Code of Conduct apply to all school-sponsored trips and events.

In addition:

- The bus driver is responsible for the safe operation of the vehicle. Coaches, advisors, sponsors, and chaperones are responsible for assisting with student supervision and maintaining appropriate student conduct.
- Students are expected to ride to and from school-sponsored events on the assigned school vehicle unless released directly to a parent or legal guardian with prior approval from the coach, advisor, or other authorized school personnel.
- Students shall ride to and return from the event on the same vehicle unless otherwise directed by school personnel.
- Students may not return to the bus during a school-sponsored event without permission from the driver or supervising school personnel.
- Students may be denied transportation to future school-sponsored events due to misconduct.

Different Route Requests

Students who are not regular route riders may request permission to ride a different bus by submitting written permission from a parent or guardian to the school office before the beginning of the school day. The request must include the date, the student's name, the parent or guardian's signature, and the requested drop-off location.

To ensure safe and accurate transportation, requests to change a student's transportation after 1:30 p.m. should be limited to emergency situations. District administration reserves the right to deny any request based on available seating, safety considerations, or operational needs.

Parent Responsibilities

Parents and guardians are expected to:

- Ensure their child arrives at the assigned bus stop on time.
- Provide appropriate supervision while their child travels to and from the bus stop, when appropriate.
- Review and sign the District's transportation riding agreement, when required.
- Review transportation expectations with their child and support the safe operation of the District's transportation program.
- Provide transportation to and from school if bus riding privileges have been suspended.

For students in third grade and younger, or as otherwise required by the District, a responsible adult must be visibly present at the designated afternoon bus stop. If the driver is unable to verify the presence of a responsible adult when required, the student may be returned to school and the parent or guardian will be contacted.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and

reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Board policy, applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

Section II: Academics

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via Skyward.

To register for Skyward, contact Mrs. Bundschuh at tbundschuh@kingstonk12.org.

Students that fail Michigan Merit Curriculum Courses (MMC)
To meet the requirements of the MMC, students will need to repeat all MMC courses that they fail. In some instances, students will need to repeat the entire course to receive one credit.

Transfer Students
To graduate from Kingston High School, transfer students must comply with all graduation and Michigan Merit Curriculum requirements. Kingston High School will coordinate transcripts with other schools to transfer credits.

Personal Curriculum
For some students, it may be appropriate to modify the Michigan Merit Curriculum (MMC) through implementation of a personal curriculum. All students who have completed 9th grade are entitled to a personal curriculum, and the District will

implement a personal curriculum for a student if requested by a parent or by the student if the student is age 18 or older. A parent of a student with a disability under the Individuals with Disabilities Education Act may request a personal curriculum before the student has completed grade 9. Any modification to the MMC must be consistent with Michigan law and must incorporate as much of the MMC content standards as practicable for the student. The District retains discretion to determine what modifications to the MMC are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum please contact the principal, Cynthia Coleman via email at ccoleman@kingstonk12.org.

Tuscola Technology Center Students
Students going to the Tuscola Technology Center (TTC) may earn 3.0 credits per year. However by going to the TTC they will earn one less credit than a non- TTC student per year (6 instead of 7). Therefore, the student can graduate with 1 less credit (by attending one year) or 2 less credits (by attending two years). Students attending the TTC may satisfy the 4th credit of math and 2nd year Foreign Language if their course is pre-approved as meeting the content expectations of the MMC. The entirety of the TTC Crosswalk can be used at the discretion of the administration to meet graduation requirements.

Kingston Afternoon Co-Op Policy

- Students will attend Kingston classes Face to Face in the AM for the first three hours of the day. The final four hours of the school day will be Co-Op to complete a full schedule.
    - Schedule will include English 12 (Edgenuity), Government/Economics, Elective/Financial Math/Other requirements as needed
- This is offered to all Seniors
    - Juniors must be approved by administration
    - All Afternoon Co-Op requests will be reviewed and approved by HS Principal and Counselor to complete a credit audit and determine if student is eligible for this opportunity
- Co-Op will be organized and overseen by the Tuscola Technology Center
- All placements for Co-Op must be approved by Tuscola Technology Center prior to arrangements being made at Kingston Community Schools
- This arrangement must be made prior to the start of the school year OR, at minimum, two weeks prior
- to the start of the second semester.
    - Co-Op will not begin until semester begins

- If Co-Op is terminated prior the end of the school year/semester, arrangements must be made with the Tuscola Technology Center and your HS Counselor to continue an afternoon Technology Center schedule. This may include driving yourself/providing your own transportation to and from the Tech Center in the afternoons.
    - Changes to AM Tech Center schedule must be discussed with Kingston Principal and Counselor
- Kingston Afternoon Co-Op Contract must be completed and signed by the student, parent/guardian, HS principal and counselor. This is in addition to whatever paperwork is required by the Tuscola Technology Center.

KHS Top 10 SAT, PSAT and M-STEP Score Board

At Kingston High School, the students who receive the top 10 SAT, PSAT, and M-STEP scores are recognized. The following rules apply when calculating the top 10 SAT, PSAT, and M-STEP scores.

1. The SAT, PSAT, and M-STEP needs to be taken while the student is enrolled at Kingston High School.
2. The score must be from one test. We will not accept a super score where you combine your highest math and English score from multiple tests.
3. The High School Principal or designee must contact students who make the KHS Top 10 SAT, PSAT, and M-STEP Score Board and have them sign an agreement that they give the District permission to display their scores publicly.
4. The board will be updated if need be each fall.

Home-Bound Services

Home-Bound Services Students who are absent for more than 5 school days for medical purposes may be eligible for homebound services. Contact the high school Principal for the procedure. Medical verification will be necessary to start the process.

Commencement

The District may conduct a commencement ceremony for eligible students at the end of the school year. Participation in the ceremony is a privilege, not a right. Students may be prohibited from participating in the ceremony as a consequence for misconduct. A student's disqualification from participating in the commencement ceremony does not impact the issuance of a diploma to the student, provided that all graduation requirements have been satisfied.

A student must have been enrolled in Kingston for at least one (1) semester during his/her final year to receive a diploma. Kingston High School has adopted the minimum of 25 credits necessary for the awarding of a high school diploma.

a. In meeting graduation requirements, a maximum of two (2) credits may be transferred in from a source other than a regular day school.

b. Any courses taken from adult night school, correspondence schools, or alternative education program, must have the written permission of the high school Principal if that course is to be applied toward graduation requirements.

c. Only grades of C- or higher will be accepted toward meeting graduation requirements from any source other than a regular day school program.

d. Valedictorian and salutatorian honors will be conferred only upon seniors of the graduating class who have completed a minimum of their final four (4) semesters at Kingston High School. Transfer students who have completed a minimum of their final two (2) semesters at Kingston High School may graduate as Honor Graduates if they meet all other necessary requirements. Home School credits will not be averaged in for GPA purposes.

e. Home School courses will not be listed individually on the High School Transcripts. Only the total number of credits transferred will be noted.

HONOR GRADUATES

The Board of Education authorizes a system of class ranking, by grade point average (GPA) for students in grades 9-12. Students who attended Kingston during their 8th grade year and earned credit in 8th grade Earth Science and/or Algebra 1 will have those classes calculated in their High School GPA. The Board of Education feels it is important to recognize high academic achievement of graduating seniors.
Any student having earned a GPA of 3.5 or higher at the conclusion of their 7th semester, or the conclusion of the 1st semester of their Senior year, shall be recognized during the commencement ceremony by wearing a white gown with a gold cord. White gown students will sit in descending order by GPA, highest to lowest. Silver chords will be worn by the students earning a GPA of 3.0 – 3.49. The graduating seniors not wearing white gowns will take a simple majority vote to determine if they will wear either red or black gowns.

GRADUATION EXERCISES (Right to March)

In order to participate in the commencement exercise, high school seniors must, in their second term of the senior year, be scheduled for and regularly attend the classes they are enrolled in according to the attendance policy. In no case may less than seven courses be scheduled (with the exception of CO-OP and/or TTC students).

© 2026 THRUN LAW FIRM, P.C. POLICY SERVICE

All seniors must fulfill all graduation requirements in order to participate in graduation exercises. Commencement exercises will only include those students who have been certified by the High School Principal as having completed all graduation requirements. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct warrants.

Weighted GPA

Beginning with Freshmen in the year 2025/2026, Kingston High School will be using a weighted GPA scale to determine class rank.

Basic classes will use a 4.0 scale

Dual enrollment courses will use a 4.5 scale

Advanced Placement (AP) courses will use a 5.0 scale

Credits and Graduation Requirements

A student must successfully complete all graduation requirements to earn a high school diploma.

25 credits to graduate (24 or 23 if TTC student). Students who earned credit in Algebra as an 8th grade student will be required to earn 26 credits to graduate.

Dual Enrollment

Students in grades 9 and above may be eligible to dually enroll in college classes to obtain high school and college credit. Please contact your assigned counselor for information about enrollment eligibility, charges paid by the District, eligible institutions, and other matters related to dual enrollment.

By March 1 of each year, the District will provide general information to all students in grades 8 or above about postsecondary enrollment options. In addition, the District will provide detailed information to all high-school students about postsecondary enrollment options. That information will include all of the following:

- Enrollment eligibility;
- The institutions and types of courses in which students may enroll;
- The District's decision-making process for granting academic credits;
- An explanation of the costs that the District will pay and financial arrangements for paying costs not paid by the District;
- An explanation that the District will pay the eligible postsecondary institution directly upon being billed by the postsecondary institution for those charges that are the District's responsibility and that the student will be responsible for additional costs not paid by the District;
- Available support services provided by the District;
- The need to arrange an appropriate schedule;

- Consequences to the student for failing or not completing an eligible course, including the possibility of being required to repay the District for money paid by the District on the student's behalf to the postsecondary institution;
- The effect of enrolling in an eligible postsecondary course on the eligible student's ability to complete the required high-school graduation requirements; and
- The academic and social responsibilities that must be assumed by the eligible student and his or her parent.
- Dual Enrollment courses will be graded on a 4.5 scale.
- Students may only use Dual Enrollment courses to replace courses required for their current grade level.

The District will, to the extent possible, offer counseling services to a student and his or her parents before the student enrolls in an eligible postsecondary course to ensure that the student and his or her parents are fully aware of the benefits, risks, and possible consequences of enrolling in an eligible course. The District will also encourage eligible students and their parents to use available counseling services from the postsecondary institution.

Grades

Report cards will be issued at least once each semester. Grades are calculated using the following grading scale:

Grading System:
Each marking period grade will count 40 percent of the final semester grade. An end of the course exam will be given and count as 20 percent of the final grade. As an additional requirement, a minimum of two (2) of the three (3) grades that comprise the semester grades must be a passing grade for the student to earn credit for the semester. If a student passes two (2) of the three (3) grades that comprise the semester grades then the student will earn credit for the semester. Students exempted from final exams will have their final grade calculated on a 50/50 basis from the two marking period grades. In co-curricular classes, students missing a required event will be subject to penalty.

The following percentage scale will be used when grading students in each classroom within Kingston High School:
93 - 100 A
90 - 92 A-
87 - 89 B+
83 - 86 B
80 - 82 B-

Personal Curriculum

For some students, it may be appropriate to modify the Michigan Merit Curriculum through implementation of a personal curriculum. All students who have completed 9th grade are entitled to a personal curriculum, and the District will implement a personal curriculum for a student if requested by a parent or by the student if the student is age 18 or older. A parent of a student with a disability under the Individuals with Disabilities Education Act may request a personal curriculum before the student has completed grade 9. Any modification to the Michigan Merit Curriculum must be consistent with Michigan law and must incorporate as much of the Michigan Merit Curriculum content standards as practicable for the student. The District retains discretion to determine what modifications to the Michigan Merit Curriculum are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum, please contact Mrs. Coleman at ccoleman@kingstonk12.org.

For additional information about the Michigan Merit Curriculum and Personal Curriculum, see Policy 5409.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students

who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

Section IV: Discipline and Code of Conduct

Discipline Generally

At Kingston Jr./Sr. High School, we believe in teaching and reinforcing positive behavior before discipline becomes necessary. Through our PBIS framework, Expectations Day, and schoolwide recognition programs, we proactively teach expectations and celebrate positive choices. While disciplinary action may sometimes be necessary, our goal is always to support students in making responsible decisions and contributing to a positive school environment.

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of School Discipline & Applicable Due Process

Before/After-School Detention

Teachers and administrators may require students to stay before or after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of a detention so that parents may make transportation arrangements for the student the following day.

Before school detention is from 7:15-7:45am. After school detention is from 3:00-3:30.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Snap Suspension - Suspension from Class, Subject, or Activity by Teacher

A teacher may suspend a student from any class, subject, or activity for up to 1 full school day if the teacher has good reason to believe that the student:

- Intentionally disrupted the class, subject, or activity;
- Jeopardized the health or safety of any of the other participants in the class, subject, or activity; or
- Was insubordinate during the class, subject, or activity.

Any teacher who suspends a student from a class, subject, or activity must immediately report the suspension and its reason to the building principal or designee. If a student is suspended from a class, subject, or activity, but will otherwise remain at school, the building principal or designee must ensure that the student is appropriately supervised during the suspension and, if the student is a student with a disability, that all procedures applicable to students with disabilities are followed.

Any teacher who suspends a student from a class, subject, or activity must, as soon as possible following the suspension, request that the student's parent attend a parent/teacher conference to discuss the suspension. The building principal or designee must attend the conference if either the teacher or the parent requests the building principal's attendance. The building principal or designee must make reasonable efforts to invite a school liaison, school resource office, SRC coordinator, behavior specialist, or school social worker to attend the conference.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. The student's age;
2. The student's disciplinary history;
3. Whether the student has a disability;
4. The seriousness of the behavior;
5. Whether the behavior posed a safety risk;
6. Whether restorative practices will be used to address the behavior; and
7. Whether a lesser intervention would properly address the behavior.

The District will also comply with Policy 5206 Section I for victims of an alleged sexual assault.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

Student Responsibility Center

SRC is not just a place for punishment. It is a supportive environment designed to help students regain focus so they can return to learning. It is also used as a quiet place to complete tests or have tests read. If a student is sent to the SRC, the following steps will take place:

- Arrival/Check-In: The student will report directly to the SRC room. The coordinator will help the student calm down and prepare to focus.
- Reflection: The student will complete a reflection plan. This helps the student think about what happened, how their choices affect others, and how they can fix the situation.
- Call home: The student will call home to let the parent know what happened. The SRC Coordinator or student will schedule any needed detentions.
- Return to class: Once the reflection plan is completed thoroughly, the student may return to their regular schedule.

*IF YOU HAVE ADDITIONAL QUESTIONS REGARDING YOUR CHILD'S BEHAVIOR THAT HAD THEM SENT TO SRC, YOU WILL NEED TO CONTACT THAT TEACHER.

With each step, the student will complete a written plan by problem-solving with the SRC coordinator. The student will contact his/her parents and/or school staff will send a letter through email or regular mail to also notify parents.

- No SRC point - Warning (1st SRC Visit), parent contact
- 1st SRC Point - 1 detention (before or after school), parent contact
- 2nd SRC Point - 2 detentions (before or after school), parent contact

- 3rd SRC Point - 3 detentions (before or after school), parent contact
- 4th SRC Point - 1 day ISS and parent meeting with SRC Coordinator and School Liaison/Resource Officer/Behavior Specialist
- 5th SRC Point - 2 day ISS, parent meeting with principal
- 6th SRC Point - 3 day ISS and child study meeting with Tier ⅔ team (discussing buy-back)
- 7th SRC Point - 5 day ISS, parent contact
- 8th Point - Referral for administrative decision which may include various supports and consequences up to a school board hearing, parent contact

Points will accumulate throughout the school year. **The points do NOT reset.**

APPENDIX A: NON-DISCRIMINATION, ANTI-HARASSMENT, AND NON-RETALIATION (INCLUDING TITLE IX AND ELLIOTT-LARSEN CIVIL RIGHTS ACT)

The District does not discriminate on the basis of race, color, national origin, ethnicity, religion, sex, sexual orientation, gender identity or expression, pregnancy, age, height, weight, familial status, marital status, military service, veteran status, genetic information, disability, or any other legally protected basis in admission, access to District programs and activities, or employment. Unlawful discrimination, including unlawful harassment and retaliation, in District programs, services, and activities is prohibited.

Title IX sexual harassment is covered by Policy 3118 and can be found at www.kingstonk12.org.

A contract to which the District is a party will be read to include a covenant by the contractor and its subcontractors not to discriminate against an employee or applicant for employment with respect to hiring, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, national origin, religion, sex, sexual orientation, gender identity or expression, pregnancy, age, height, weight, and marital status.

The Board directs the Superintendent or designee to designate one or more employees to serve as the District's applicable Coordinator(s), as described in Policy 3115B.

Consistent with Policy 3115, the District prohibits unlawful sex discrimination, including harassment and retaliation, in any of its education programs or activities in accordance with Title IX of the Education Amendments of 1972 and its implementing regulations.

This Policy addresses allegations of Title IX sexual harassment that occurred on or after August 14, 2020 unless the District previously investigated the allegations under a different policy pursuant to the now-vacated Title IX 2024 regulations. Allegations of discrimination, harassment, or retaliation not covered by this Policy should be addressed under the District's applicable non-discrimination or anti-harassment policies. Allegations alleging both Title IX sexual harassment and other forms of Unlawful Discrimination and Unlawful Harassment (e.g., race, age, disability) that cannot be reasonably separated into distinct complaints should be investigated under this Policy. Complaints that include allegations of Title IX sexual harassment may be investigated under this Policy or bifurcated and investigated pursuant to the applicable Grievance Procedure under Policies 3115-3115H. Investigating other forms of discrimination, including harassment and retaliation, pursuant to this Policy will fulfill the District's investigation requirements under Policies 3115-3115H, 4104, and 5202, but nothing in this paragraph limits the District's right to determine at any time that a non-Title IX allegation should be addressed under Policies 3115-3115H, 4104 or 5202 or any other applicable Policy.

The Board directs the Superintendent or designee to designate one or more employees who meet the training requirements in Section M of this Policy to serve as the District's Title IX Coordinator(s). The Title IX Coordinator will designate an Investigator, Decision-Maker, and Appeals Officer, if applicable, for each Formal Complaint made under this Policy. If a Formal Complaint is made under this Policy against the Title IX Coordinator,

the Board President will designate the persons who will serve as the Investigator, Decision-Maker, and Appeals Officer and will work with District administrators to ensure that all other requirements of this Policy are met.

The Investigator, Decision-Maker, Appeals Officer, and Informal Resolution Facilitator cannot be the same person on a specific matter, and the persons designated to serve in those roles may or may not be District employees. Any person serving as the Investigator, Decision-Maker, Appeals Officer, or Informal Resolution Facilitator must meet the training requirements in Section M of this Policy.

Inquiries about Title IX's application to a particular situation may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both. This policy can be found at www.kingstonk12.org.

APPENDIX B: ANTI-BULLYING

It is the policy of the District to provide a safe and nurturing educational environment for all of its students. Policy 5207 can be found at www.kingstonk12.org.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property, if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, **confidentiality** will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or assistant principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints

against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment. www.kingstonk12.org

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

"Bullying" is defined as any repeated gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless handheld device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;

B. adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;

C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
D. causing substantial disruption in, or substantial interference with, the orderly operation of the school.
   Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:
   - Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.

- Verbal – taunting, malicious teasing, insulting, name calling, making threats.

- Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

APPENDIX C: PARENT INVOLVEMENT IN EDUCATION

- Parent Involvement

  The District will take the following steps to encourage Parent involvement in their student's education:

  - Parents will be provided the opportunity to review District-approved curriculum, textbooks, and instructional materials, including any material that will be used in connection with a survey, analysis, or evaluation, upon request.

    - Requests to review curriculum, textbooks, and instructional materials must be made to the building principal.

    - Parents may review textbooks based on availability and may review instructional materials within a time frame determined by the building principal or designee.

  - Parents will be permitted to attend and observe instructional activities in a class or course in which their student is enrolled and present.

    Parents must make an appointment with the building principal to observe instructional activities in a class or course in which the student is enrolled and present. The building principal will permit a Parent observation unless the building principal determines that the observation would disrupt the class or course. Frequent observations are likely disruptive. Absent unusual circumstances, as determined by the building principal, observations that last more than 30 minutes or occur on consecutive days will not be permitted. Parents who want to observe instructional activities also must adhere to Policy 3105.

    Parents are not permitted to observe testing.

  - Parents may inspect and review their student's education records, upon written request, consistent with Policy 5309 and state and federal law.

  - A copy of this Policy must be included in the Student Handbook.

  - See Policy 5405 for Parent and Family Engagement Policy at schools receiving Title I funds.

  - The Superintendent is directed to develop and implement parental involvement contracts with Parents. These contracts must be voluntary and must include the following:

    - The Parent will:

      - review homework and offer assistance when needed;

      - ensure the student arrives at school each day on time and ready to learn;

- attend school functions and support the student's school activities; and,
- make every effort to attend parent-teacher conferences.

- The student will:
  - participate in class discussions;
  - complete assignments in an accurate, neat, and timely manner;
  - come to school each day on time;
  - pay attention in class and complete assigned lessons;
  - obey applicable rules and codes of conduct; and
  - respect teachers, school administrators, and other students.
- The teacher will:
  - set high standards for quality instruction that promote grade-appropriate academic skills;
  - keep accurate attendance records;
  - teach students how to study;
  - review basic concepts taught in class;
  - maintain a welcoming atmosphere; and
  - provide flexible scheduling for Parent visits and participation.
- Ways for the Parent to explain any obstacles that prevent compliance with the contract.

If a parental involvement contract identifies obstacles to participation, the Superintendent will consider accessing possible resources to help overcome those obstacles.

- Assessments and Surveys
  - State assessments

    Pursuant to state law, the District will not approve Parent requests to opt students out of state assessments.

  - National Assessment of Educational Progress

    As a condition of receiving federal funds and as required by state law, the District may be selected to participate in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District

to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. Student participation in NAEP is voluntary.

The District will notify Parents of students eligible to take the NAEP before the assessment is administered. Parents wishing to opt their students out of the NAEP assessment must notify the District in writing at least 3 school days before the assessment date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

- Surveys

  Parents will be notified before their student participates in surveys on certain topics in accordance with Policy 5308.

APPENDIX D: PROTECTION OF PUPIL RIGHTS

This notification will be given to Parents at least annually at the beginning of the school year and within a reasonable period after any substantive change to this Policy. Policy 5308 can be found at www.kingstonk12.org.

Parents who believe their rights have been violated may file a complaint with:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

APPENDIX E: DIRECTORY INFORMATION AND OPT OUT FORM

The District may collect, retain, use, and disclose student education records consistent with state and federal law. School officials may collect and retain information about the District's students that is reasonably necessary for the District to perform its role as a public school district, including, without limitation, student work samples, assessments, evaluations, surveys, health and medical information, immunization records, birth certificates, proof of residence, proof of achievements and awards, behavior records, investigation reports, incident reports, attendance records, all records necessary for the District to satisfy state or federal legal obligations, and any record necessary for the District to prove that a student was accurately counted in membership for state aid and grant purposes.

> The Superintendent or designee will ensure that all student records are retained consistent with the Records Retention and Disposal Schedule for Michigan Public Schools and Policy 3502 and that reasonable steps (including, without limitation, physical or technological controls) are taken to protect education records, including those stored electronically, from inadvertent or unauthorized disclosure.

Full Policy 3116 is found at www.kingstonk12.org.

APPENDIX F: ACCEPTABLE USE AGREEMENT

The Board will provide students, staff, volunteers, and other authorized users access to the District's technology resources, including its computers and network resources, in a manner that encourages responsible use. Any use of District technology resources that violates federal or state law is expressly prohibited. This policy can be found at www.kingstonk12.org. Policy 3116

Participation in Kingston's athletics is a privilege, not a right. Student-athletes are students first. When participating in District athletics, student-athletes are District representatives and are held to the highest standards. Accordingly, this Athletic Code of Conduct applies 24 hours a day, 365 days a year. Student-athletes and parents should be familiar with this Athletic Code of Conduct. Communication Protocol

The District has full faith in its coaches to make decisions that are in the best interest of their teams. If parents have questions or concerns about their student-athletes' sports participation, use the following protocol:

1. Wait 24 hours before contacting the coach.

2. Schedule a time to speak with the coach, either via phone or in-person, at the coach's discretion.

3. If the issue is unresolved, schedule a time to speak with the Athletic Director, either via phone or in-person, at the Athletic Director's discretion.

Concussion Protocol

Before allowing a student to participate in any athletic activity, the District will annually:

1. Provide the MHSAA or the state approved educational materials on concussion awareness to each student and to the student's Parent; and

2. Obtain a statement signed by each student and respective Parent acknowledging receipt of the MHSAA or state approved concussion awareness educational materials. The District will maintain this signed statement for 5 years or until the student is 18, whichever is longer.

The District's complete concussion protocol is in Policy 5712, including information on student removal from activity for possible concussion and return-to-play requirements.

Athletic Code of Conduct

A student-athlete must:

1. Learn and understand the rules and regulations of your sport.

2. Unless otherwise approved by your coach, if school is in session, attend school for the full day to be eligible to practice or play in an event on the same day.

3. Comply with the law, Board Policy, the Student Code of Conduct, the Athletic Code of Conduct, and all team rules. Failure to comply with this provision may result in suspension or removal from a team.

4. Not possess, use, or consume alcohol, tobacco, cannabis, nicotine (including a vape), or controlled substances (other than those prescribed by a physician for the student-athlete).

5. Not engage in conduct that is unbecoming of student-athletes.

6. Maintain academic eligibility as required by the Michigan High School Athletic Association.

    a. Students are required to pass at least 66% of a full-time course load during the previous semester and maintain this same passing pace in their current semester

    b. Students must be passing 5 out of 7 classes.

    c. If a student fails to pass 5/7 classes at the end of a semester, they are ineligible for 60 scheduled school days.

7. Notify your coach or District athletic trainer of any injury or medical condition that may affect your athletic participation.

If a student-athlete violates any provision of the Athletic Code of Conduct, practice, game, team, or complete athletic suspension may result. Any disciplinary consequences will be at the sole discretion of the Athletic Director or designee.

If a student-athlete is suspended or expelled from school, the student-athlete is prohibited from participating in any practice or game during the suspension or expulsion.

Appendix I: Communication Plan

Kingston Community Schools Communication Plan

Kingston Community Schools is committed to open communication, collaboration, and maintaining a shared focus on what is best for every student. By following this Communication Plan, we can work together to ensure concerns are addressed respectfully, efficiently, and effectively.

Developed January 2026

© 2026 THRUN LAW FIRM, P.C. POLICY SERVICE

Goal
Engage parents, students, and community members in collaborative efforts to promote a positive, respectful, and supportive environment for all.

Purpose
Clear, timely, and respectful communication is essential to student success and strong school–home partnerships. This Communication Plan is designed to guide families, students, and community members in understanding how and where to communicate questions or concerns, ensuring issues are addressed efficiently and at the appropriate level.
Kingston Community Schools utilizes a Communication Process Flowchart. This sequence helps families know where to begin and how to proceed when a concern arises.

This Communication Plan will be reviewed annually and updated as needed based on feedback from our stakeholders.

Communication Process Flowchart
Most parent and community questions can be answered quickly and completely by communicating directly with the staff member closest to the situation.

- Beginning communication at the correct level often leads to faster resolution.
- As concerns move further along the flowchart, staff members are typically less directly involved and may need additional time to research the situation before responding.

Preferred Methods of Communication

- Email is the most effective and preferred method of communication.
- Phone calls are the next preferred option.

Response Expectations

- If you do not receive a response within two (2) business days, it is appropriate to follow up with the same individual before moving to the next level of the flowchart.
- We do not expect questions or concerns to go unanswered for extended periods of time.

Each situation should first be addressed at the level where the initial action occurred. If the concern is not resolved, appeals should move to the next step on the Communication Process Flowchart.

Guidelines for Parent Communication with Teachers and Staff
The purpose of these guidelines is to promote effective, respectful, and productive communication between parents, teachers, staff, and administrators of Kingston Community Schools. Communication includes written messages (emails, notes) and verbal interactions (phone calls, conferences, and meetings).

To ensure a successful exchange of information, all parties are expected to follow the principles outlined below.

Maintain Respectful and Open Communication

- Always use a respectful and polite tone.
- Request information or action; do not demand it.
- Be prepared to both share information and listen to the teacher or staff member's observations and perspectives.
- Enter conversations with an open mind and the assumption of a shared best interest for your child.
- Be willing to work collaboratively to solve problems.
- Threats, harassment, and inappropriate language toward staff members will not be tolerated.

Confidentiality

- Please understand that confidentiality laws may limit the information school staff can share.
- This includes details regarding other students, staff actions, or disciplinary consequences involving individuals other than your child.

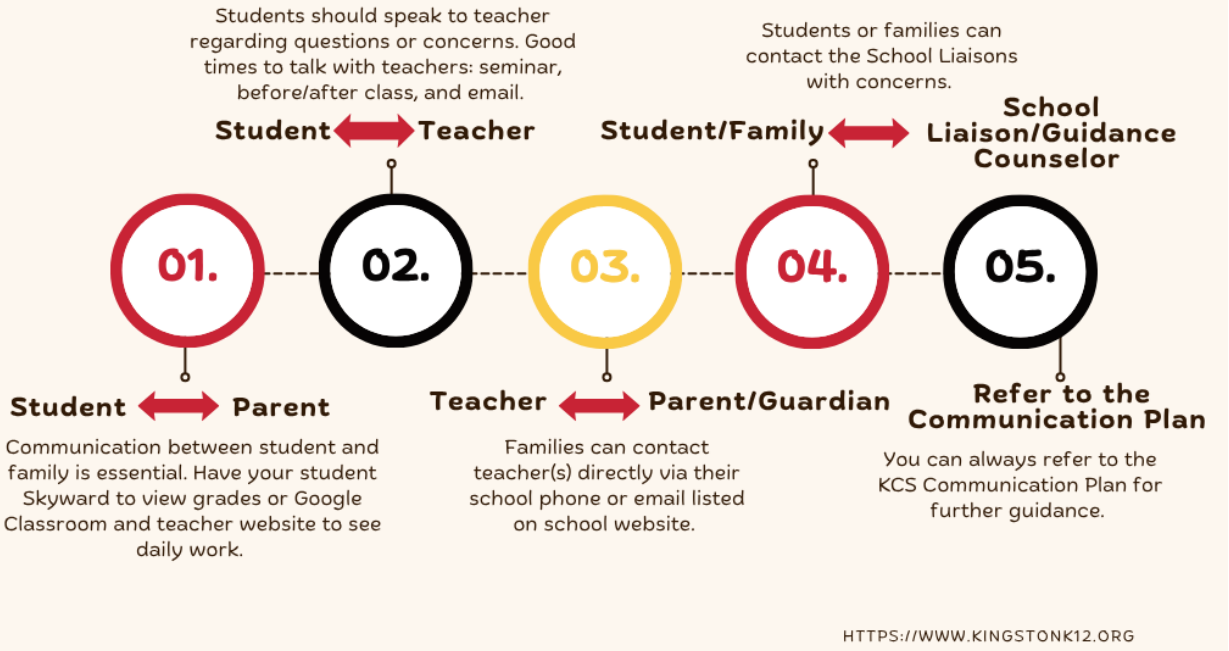

Time to Respond

- Teachers and staff will make every effort to respond to communications as promptly as possible.
- The instructional day may limit the ability to respond immediately.
- In some cases, staff may need time to gather information or consult with others before providing a complete response.

Whom to Contact

- Classroom-related questions or concerns should first be directed to your child's teacher.
- If you have a concern involving a specific staff member, begin by addressing it directly with that individual.
- If the concern is not resolved after communication with the teacher or staff member, proceed to the next level outlined on the Communication Process Flowchart.
