DECATUR
INDEPENDENT
SCHOOL DISTRICT

Texas Education Agency (TEA) Accredited Schools and Texas Accredited Private Schools

As counselors many curriculum questions come our way, one of which is graduating early. If this is something your child is interested in, it is important to remember that students must meet Texas graduation requirements. In order to meet these requirements, students enrolling in courses outside of Decatur ISD to obtain credits needed for graduation must be completed through one of the institutions on the approved TEA list. These institutions have been accredited through the Texas Education Agency to ensure that all courses meet the Texas Essential Knowledge and Skills (TEKS). Two institutions that students often use include Texas Tech K-12 and University of Texas Austin High School. The list of accredited schools may be found online here:
https://tea4avcastro.tea.state.tx.us/accountability/accreditation/2022_2023_accreditation_statuses.html

Below are links to TEA accredited online schools and public/charter schools as well as Texas accredited private schools.
