

Curriculum Committee Minutes

Location: Board Room, Administration Office

Date: Wednesday, October 16, 2024

Time: 5:00 PM

I. Call to order: Mrs. Huck called the meeting to order at 5:05 p.m.

II. Attendance: Alanna Huck, Chris Gastrock, Linda West, Al Bieber, Tom Reese, Eric Baldwin, Melissa Ryan, Steve Adams, Todd Outman, Ben Miller, Karen Farrer, Maegan McConnell

III. Old business:

- a) Update on Math Curriculum Evaluation: Mrs. Coots provided an overview of her meetings with individual teachers and departments regarding the math curriculum review. She also noted that curriculum samples for math curriculums will be available at the October In-Service Days.
- b) Review of Course/Teacher Schedules: Master schedules from each building were presented and discussed.
 - i) Mr. Adams noted that some elective class numbers are low, however, it is tricky to schedule the courses as sometimes more students sign up at the beginning and then drop the courses.
 - ii) Dr. Miller was asked how the math schedule is working with one less teacher this year. He noted that it is manageable at this time. He noted it is too early to tell if the change will affect student performance.

iii) Mrs. Ryan noted that one kindergarten teacher was absorbed by the other kindergarten classes with her leaving to take the assistant principal position.

c) Begin discussion of 2025-26 WHS Course Guide

IV. New business:

- a) AP Online Classroom Overview: Mrs. Coots handed out information on the practice books that are available online. She also pointed out the questions bank that is available for teachers and students who are preparing for the AP Test.
- b) Health Occupations Supervised Experience Course Proposal (1 credit): Mrs. Huck explained what a Supervised Experience is for our students. She noted that students in the Ag sciences courses already do this and would be in favor of adding this for our Health Occupation Students.

V. Board Member Concerns/Comments: There was a great deal of discussion on homework procedures. Discussion also occurred around the number of students exhibiting issues in school whether it be behavioral or mental health issues.

VI. Public Comment:

VII. Adjournment: The meeting was adjourned at 6:00 p.m.
