

Curriculum Committee Agenda

Location: Board Room, Administration Office

Date: Tuesday, May 27, 2025

Time:

I. Call to order: Called to order at 6:04PM

II. Attendance: A. Bieber, L. West, D. Nowak, C. Gastrock, J. DeHaas, E. Baldwin, J. Curreri, T. Reese, R. Warren, R. Griffin, A. Coots, K. Farrer, B. Miller, M. Ryan, M. McConnell

III. Old business:

- A. Overview of IT/Technology – What is in the "cloud"?
 - a. Mr. Griffin explains that as a district we have Google Drive and OneDrive which puts all our items we would call "essential" into the cloud. Servers are also on the cloud and off-site. Mrs. West asked if it is still necessary to hire someone to come in and review our IT department. Mr. Griffin responds that he does not believe it is necessary at this time.
 - b. Mrs. West asked if the wireless connections are working better. Mr. Griffin reported that the tech team have found a few access points that were not working properly. These access points have been fixed or replaced and he has not heard complaints of connectivity issues since.
- B. Status of House Project – To be completed by June 30th.
 - a. Mr. Gastrock inquires about the status of the house project; he states he will be reaching out to Mr. Adams to get further information. He continues that for future projects of this nature he would like to see

the design of the curriculum portion arranged differently to have more training in each area.

IV. New business:

- a) Mr. Bieber asked when the students get 1:1 device. Mrs. Ryan responded that the devices on the elementary level are a supplement to instruction as some of the curriculum has student-based portions that are on the devices; she continued there are times where the students are not on a device. Mrs. McConnell asked if the elementary students are required to bring the devices home with them, Mrs. Ryan to say no student from the elementary schools bring their devices home, the only time that happened was during Covid. Mr. Baldwin states he would like to see a decrease in the use of 1:1 device. Mrs. Coots stated state testing is becoming exclusively administered online, we would need to continue having enough working devices to cover testing. Mr. Miller tells the board that at the middle school level students are not on their devices all day and it is still used as a supplement. Mr. Bieber asked if there was much damage done to the devices from carrying them in backpacks during the day, Mr. Miller responds yes with Mr. Griffin agreeing. Mr. Gastrock asked the principals if there is something that gets sent home to signed that states the rules of using the 1:1 device and returned to the buildings. Mr. Miller said they have that in their beginning of the year packets.

V. Adjournment: Meeting adjourned at 6:21PM
