LTC 726 Student Leadership Development

Student Leadership Development is an essential component to any successful education-based athletic program. In this course, numerous ways to actively develop leaders in your local school and at the state level will be covered. Topics include: captains council, student leadership workshops, service learning, and local and statewide student summits. The society in which we live is ever-changing and so are our student-athletes, resulting in a necessity to find new ways to teach and challenge students to be the next generation of leaders. Enrollees that will derive the greatest benefit include educators who seek ideas and materials to help develop student leadership in their respective school, state, and nation.
