

La Grange Independent School District 2025-2026

Dear Parents and Families,

Your child took the State of Texas Assessments of Academic Readiness (STAAR®) earlier this spring, and soon you will receive your child's results. The state assessment is one of many ways to measure student learning. Teachers will use STAAR results along with other information to support your child's learning in the new school year.

Beginning **June 10** for STAAR end-of-course assessments and **June 16** for STAAR grades 3–8 assessments, you will be able to access your child's STAAR results by logging into Frontline Parent Portal, the same portal used to check student grades. Students who participated in the TELPAS assessment will also be able to view their scores. After logging in, you will see a link labeled Texas Assessment Parent Portal. This will take you directly to your child's STAAR results, which will include detailed information for each test question, identifying your child's strengths as well as areas where your child may need additional support. Families have shared that the most useful feature has been seeing which questions their child got right and wrong. You will also see easy-to-use resources to help your child focus on the skills they most need help with and can work on at home.

For more information about STAAR, visit the [Texas Assessment](#) website.

To access your child's test results, visit [Frontline Parent Portal](#).
