Join an EMPOWERED *LEARNING SPRINT

What is a Learning Sprint?

WKEC is launching a new concept of Learning Sprints and we want YOU to dive in! In a collaborative cohort, led by a WKEC facilitator, participants will experience professional learning about a specific focus area within a teaching content area or leadership position in a four-week cycle through both in-person & virtual gatherings. Each sprint will contain elements of evidence-based practices for educators and encourage vibrant learning experiences for students.

Cycle Steps

- **Week 1:** Identify a specific instructional goal. Learn a research-based strategy (Week 1, in-person)
- **Week 2 -3:** Try it weekly & Reflect with Sprint Peers (on the job)
- **Week 4:** Adjust and refine / Reflect (virtually, follow-up coaching as needed)

Focus Areas

- **LEADERSHIP**
- **NEW TEACHER**
- **LITERACY**
- **MATH**
- **SCIENCE**
- **AI & DIFFERENTIATION**
- **EVIDENCE-BASED STRATEGIES**
