Working on wiring, junior **Angel Toth** services an AC unit during his HVAC class at Excelsior Area Career Center. Thirty-five Lawson High School students attend classes at the career center. "The classes at the career center are different because we are in one classroom the whole time, and we go to the shop to work on stuff," Toth said. "We have days when we go to a different classroom and learn English or math." *Photo by Clara Gilliam*

FROM THE DESK OF THE SUPERINTENDENT

All signs point to the arrival of spring, whether it's the welcome rain, the occasional tornado watch, or the energy that comes with a full calendar of school events. Our campuses and facilities are alive with activity, and our parking lots reflect the strength of a community that consistently shows up for its students. Parents, grandparents, family members, and neighbors fill our stands and seats as proud supporters of the work happening in our schools. We are grateful to be part of a community that values education and invests in the success of its students. Your presence, encouragement, and partnership play an essential role in creating an environment where students can grow and thrive.

The changing season also signals the approaching end of another school year, a time marked by both reflection and celebration. For some students, this year marks their very first school experience in Cardinals Nest Preschool. For others, it brings transitions between buildings or the excitement of new opportunities in activities and athletics. For our seniors, it represents the culmination of their journey at Lawson High School and the beginning of what comes next. No matter where our students are on this journey, each has experienced meaningful growth, academically, socially, and personally. They have embraced new challenges, discovered new interests, and taken important steps forward. These successes reflect not only their efforts but also the strong system of support that surrounds them.

As the school year quickly comes to a close, it is especially important to recognize the outstanding work

of our teachers and staff. Their daily commitment, from the classroom to the front office, and from behind the scenes to the front lines, ensures our schools remain safe, welcoming, and focused on student success.

Before we rush to the exits to begin summer break, I encourage you to take a moment to express your appreciation. A simple thank you to a teacher, secretary, custodian, cafeteria worker, maintenance staff member, bus

DR. MICHAEL STEPHENSON
Lawson R-XIV
Superintendent

driver, or principal goes a long way. Each plays a vital role in creating the positive learning environment our students experience every day. Together, these collective efforts shape not only individual success but also a unified and supportive school community. It is through this shared commitment that we continue to grow stronger as Lawson Cardinals.

As the year comes to a close, thank you for your continued support of our schools, and most importantly, our students. This is truly a special time of year, and we are proud to share it with such a dedicated and supportive community. May the final weeks of the school year be meaningful and memorable, and may the summer months bring rest, relaxation, and time well spent with those who matter most.

SUMMER SCHOOL

WHERE?:

Students entering K-6th grade will be at Southwest Elementary.

- Drop-off in the morning will be at the main office entrance. If you have a Kindergarten, we ask that you walk them in each morning through the main office entrance until they are used to the building.
- Pick-up in the afternoon will be through the gym doors (west entrance). We ask that you remain in your car during this time and teachers will escort students to the cars as they approach. We will use our Driveline number system. Student numbers will remain the same as the school year. Incoming Kindergarten students will receive their Driveline ticket and number the first day at check in.

WHEN?:

- Wednesday, May 27- Wednesday, June 24. Summer School hours are from 8:30 a.m.-3:30 p.m.
- Students arriving/departing anytime during these hours- We just ask that a parent comes in to sign them in/out.
- Students will be allowed in the building starting at 8:15. Students should not arrive

prior to 8:15 for safety and supervision purposes.

EXPECTATIONS:

Summer school is still subject to all Lawson School District board policies. Summer school is viewed as a privilege offered to our students. We strive to provide an enriching learning opportunity that is educational and fun. Behaviors that disrupt or are deemed unsafe will not be tolerated. These types of behaviors may result in being sent home or not being allowed to attend Summer School.

LUNCH:

The summer school program offers lunch each day for those who wish to purchase a meal. The cost to students will reflect the 2025-26 lunch prices. Lunch money can be sent in an envelope with the student's name and handed into their teacher.

SNACKS: K-6 students will have the opportunity to purchase snacks and/or drinks during the afternoon session of summer school.

- Each snack/drink will be \$1 per item.
- Students may also bring in snacks from home.
- Students can bring in snack money to turn into their teacher.

REST TIME: Kindergarten students will have a rest time in the afternoon after lunch.

Students are encouraged to bring a resting blanket or towel for this time. Please label items with your child's name. These items will be kept here at school until Summer School is over.

CARDINALS NEST Preschool

Cardinals Nest Preschool has had an incredible year filled with growth, discovery, and so many meaningful learning experiences. Our students have worked hard, built friendships, and developed skills that will carry them forward into their next chapter. We are especially excited as we prepare for our upcoming Preschool Graduation Program—a wonderful opportunity to celebrate all that our students have accomplished. This year, we are proud to have 33 children moving on to kindergarten, and we know they are well-prepared and ready to succeed. We are also thrilled that 15 students will be returning to continue their journey with us next year. We can't wait to celebrate together and see what the future holds for each of our students! In addition, we are looking forward to the completion of our brand-new playground in front of Southwest, which is currently being installed. This exciting addition will provide our students with even more opportunities for active play, exploration, and outdoor learning.

Districts LEADS TO STATE

AMANDA COVEY
5-12 Choral Director

SAM RILEY
6-12 Band Director

Band, choir compete at districts, qualify 16 for state.

2026 MSHSAA DISTRICT SOLO AND SMALL ENSEMBLE HONORS

Our Lawson High School Band and Choir students received high honors at the 2026 MSHSAA District Solo & Small Ensemble Festival held at Liberty High School on March 20 and 21.

For many students, this was their first time competing at this event. Each solo or small ensemble must prepare one to two contrasting pieces to perform for a judge. The judges provide written feedback and issue a rating for the performance. Vocal and piano events must be performed from memory. The ratings do not always reflect the journey and growth that students experience throughout the process.

Our Lawson students have worked hard and represented our music department and district very well. Those students scoring an Exemplary Gold rating have qualified for the MSHSAA State Solo & Small Ensemble Festival held in Columbia on Thursday, Apr. 30. We have 10 events and a total of 16 students that will be representing Lawson at state this year. Since 2023, we have quadrupled the number of students qualifying for state.

EXEMPLARY GOLD - QUALIFIED FOR STATE

Aleah Johnson (12) - Vocal Solo
Destiny Dreesen (10) - Vocal Solo
Elena Mason (11) - Trumpet Solo
Jadon Hussey (12) - Trumpet Solo

Joanna Mayne (12) - Keyboard Mallet Solo
Alexa Jones (9), Gabrielle Knoch (12), Cadence Sullard (11), Paxton Warren (12) - Clarinet Quartet
Gabrielle Knoch (12), Cadence Sullard (11), Paxton Warren (12) - Clarinet Trio
Grayden Crawford (10), Kannon Dobson (10), Destiny Dreesen (10), Aleah Johnson (12) - Vocal Quartet
Jessica Dominis (11), Destiny Dreesen (10), Siren Jeffres (12), Aleah Johnson (12), Kailyn Johnson (9), Dyanna Willoughby (10) - Vocal Sextet
Lukas O'Sullivan (10) - Snare Drum Solo

OUTSTANDING SILVER

Benjamin Mayne (10) - Vocal Solo
Gabrielle Knoch (12) - Clarinet Solo
Grayden Crawford (10) - French Horn Solo
Jasaan Johnson (12) - Vocal Solo

SELECT CHOIR PERFORMS AT MISSOURI FINE ARTS DAY AT THE CAPITOL

On Apr. 9, 2026, members of Lawson Select Choir, under the direction of Mrs. **Amanda Covey** and accompanied by Mrs. **Mary Russell**, performed as part of the Missouri Fine Arts Day at the Capitol. This year's event included a celebration of our nation's 250th birthday. The students sang "Hands" by Sedek and "Our America" by Higgins in the rotunda of the Capitol. Following their performance, they were joined by several other schools for the finale, a performance of "America, the Beautiful." This year's finale was directed by Mrs. Covey. While at the Capitol, students had the opportunity to meet with congressmen, sit in on legislative sessions, and tour the Capitol. This is the third time Lawson has participated in this event since 2017.

FCCLA COMPETES

KATIE MARTIN
SHARON EMBREY
FCS Teacher & FCCLA Advisors

at State

Lawson FCCLA members attended the 2026 Missouri Family, Career and Community Leaders of America (FCCLA) State Leadership Conference, held March 15-17, 2026, at the University Plaza and Expo in Springfield, Mo. During the conference, members participated in leadership workshops, served as student judges, and competed in STAR (Students Taking Action with Recognition) Events. These competitive events provide members with opportunities to showcase their skills and earn recognition for their proficiency and achievement in both chapter and individual projects.

FCCLA is unique among student organizations because its projects and events are planned and led by student members. This strong emphasis on youth-centered leadership helps Missouri FCCLA members develop "skills for life," including planning, goal setting, problem solving, decision-making, and interpersonal communication - skills that are valuable both in the workplace and in the home.

TEXTILES CLASS CREATES KINDERGARTEN CHAIRBACK BAGS WITH HELP OF ALUMNI ASSOCIATION DONATION

The high school Textiles class made chair pocket organizers for Mrs. Allgaier's kindergarten class. The kindergarten students were thrilled to receive them; the bags will help keep supplies, books, and folders within easy reach, reduce desk clutter, and improve classroom organization. We also appreciate the Lawson Alumni Association for their generous donation to purchase materials — this collaborative support made the project possible.

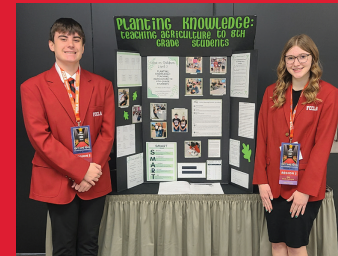

Leahmarie Romazon (8) — Chapter Service Project Portfolio titled Nobody Fights Alone, 2nd place, Silver Ranking. She promoted a Middle School athletic photo contest and raised \$500 for research and treatment for childhood cancer.

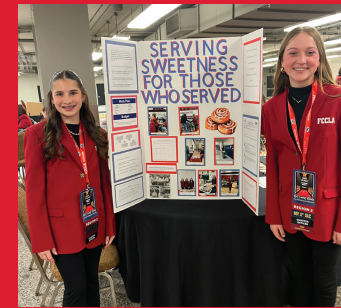

Quinn Shelton (8), Ryker Taylor (7) & Preslee Sullard (7) — Professional Presentation titled The Effects of Drugs, 3rd place, Bronze Ranking. They gave a professional presentation to show the facts of drugs on a student's or athlete's life.

Teddy Thomas (10) & Emily Whitworth (10) — Professional Presentation — 6th place, Silver Ranking. They spoke with third graders about stranger danger and how to stay safe around strangers and what to do in unsafe situations.

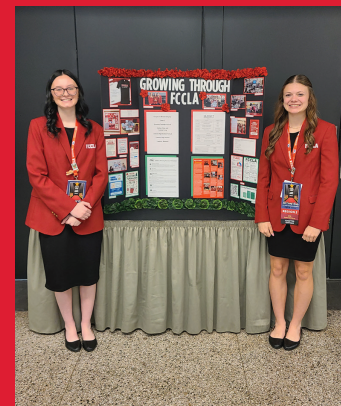

Ben Olinger (10) & Ella Ripley (10) — Focus on Children — 11th place, Silver Ranking. They taught eighth graders in the agricultural class for 10 weeks to partner their passions of FCCLA and FFA. Students learned things about corn, soybeans, pork, beef, dairy cattle, and careers.

Halle Briegel (8) & Ember Enyeart (8) — Chapter Project Service Project Display titled Serving Sweetness For Those Who Served, 5th place, Silver Ranking. They wanted to show appreciation for our local veterans so they made 400 cinnamon rolls to serve to veterans during the Veteran's Day Breakfast.

Bailey Payne (10) — National Programs in Action — 3rd place, Gold Ranking. She spoke with fourth graders about bullying and how to stand up against bullying to help create a kinder and safer school community.

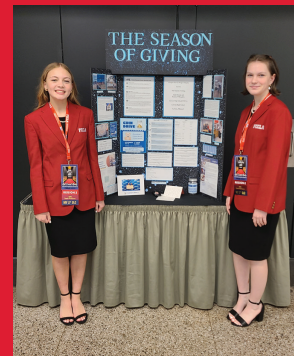

Caitlyn Cline (10) & Lonnie Long (9) — Chapter in Review Display — 3rd place, Bronze Ranking. They gathered information from all of the events, meetings, fundraisers, community service projects, and activities that the Lawson High School FCCLA chapter has done in the last few months and presented a reflection of our chapter.

Eliza Mayne (8) & Addy Hussey (8) — Event Management, 3rd place, Gold Ranking. They planned and implemented a middle School Craft Fair giving middle schoolers the opportunity to sell their goods making money for themselves and raising money for the local food pantry through table rentals for the craft fair.

Dyanna Willoughby (10) & Janie Braune (9) — Chapter Service Project Display — 4th place, Gold Ranking. They hosted a coin drive in the high school to help raise money for research at Children's Mercy Hospital. They raised \$1,018.

Notes from the NURSES

Since we have had a milder winter, you would think that we would have seen fewer illnesses. Instead, it seems like we can't get everyone well at once. There have been a lot of missed days for flu and strep this winter. Now we are heading into allergy season.

A few key points to remember when trying to decide if your symptoms are related to allergies

versus a cold/illness: Fevers/body aches are generally associated with colds/illness. Sneezing, itchy eyes and runny nose are generally associated with allergies.

Allergies can affect how you feel and function. If you have known allergy triggers at certain times of the year, it helps to try to anticipate and prepare for them. Some things that might help manage symptoms include:

- **Prescription/non-prescription allergy med. as prescribed by doctor in anticipation or to treat symptoms**

- **If prescribed a rescue inhaler consider having one available in the health room and a signed authorization form to use it**
- **Stay inside with windows/doors closed as much as possible during times of high pollen count**
- **Plenty of rest and hydration**

***Remember, if your student has a fever of 100 degrees or greater and/or has a cough that is not controlled with drinks of water or cough medicine, please keep him/her home until 24 hours fever-free without the aid of medication and other symptoms are improving.

It is never too early to start protecting your skin from the harmful UV rays of the sun. Educate your students on the importance of wearing sunscreen from an early age. Sun damage can happen even on cloudy days but especially on the very sunny days. Help them to apply sunscreen before outdoor sports/activities and encourage hats and sunglasses as added protection. Protecting one's skin from sun is a good habit to have. Over time, exposure to harmful rays from the sun can damage skin and eyes.

2026 No Tax Rate Increase Bond Passes

DR. MICHAEL STEPHENSON
Lawson R-XIV Superintendent

Thank you to our Lawson school community for your continued support and investment in our students' future. The successful passage of the No Tax Rate Increase Bond reflects a shared commitment to expanding meaningful, hands-on learning opportunities that prepare students for success beyond the classroom.

With voter approval secured, we are excited to officially begin the next phase of this work. The project will move immediately into the design and planning stage, where district leaders, architects, and program stakeholders will collaborate to finalize the layout, features, and functionality of the new Agriculture Learning Lab. This phase will include gathering input, refining instructional spaces, and ensuring the facility aligns with both current and future program needs.

As we move through spring and summer 2026, detailed design development and construction documents will be completed, followed by the bidding process to secure contractors. Our goal is to break ground in fall 2026, marking the start of construction.

Throughout the 2026–2027 school year, construction will progress with a focus on creating a high-quality, innovative space that supports hands-on, career-connected learning experiences for our students. We remain on track for the Agriculture Learning Lab to be completed and ready for student use by August 2027.

We will continue to provide updates along the way and celebrate milestones as this vision becomes a reality. Thank you again for your trust and support as we invest in opportunities that will benefit Lawson students for years to come.

Lawson FFA Members **Bailey Carroll (12)**, **Ella Ripley (10)** and **Bailey Payne (10)** prepare pancakes for the community breakfast during FFA Week.

FFA CHAPTER Continues Community Activities and Competitions

ANNA TRIPLETT
Ag. Teacher & FFA Sponsor

Over the last several months, the Lawson FFA chapter has been involved in several activities. On Jan. 8, 2026, the Greenhand Motivational Conference was held at North Central Missouri College. Our Greenhand Members enjoyed spending time with State and Area Officers. Those members had the opportunity to participate in workshops that encouraged them to set goals for their time in FFA. They were able to interact with FFA Members from other schools in our area.

FFA week was another activity that was a huge hit this year. Members were able to participate in dress-up days and activities every day of the week. FFA Week ending with our first annual community breakfast. We hosted 150 community members and collected canned goods and donations for the Lawson Food Pantry.

This year, we have six Career Development Event and Leadership Development Event teams. Those teams include Dairy Cattle Evaluation, Entomology, Farm Management, Floriculture, FFA Knowledge, and Soils. The Lawson FFA Knowledge team placed third overall in the Northwest District, allowing them to advance to the State Contest in April. All other Career Development Event Teams competed at the district level on March 31 and Apr. 1.

NEW SPECIAL OLYMPICS PROGRAM OFF TO THE RACES

ANDEE RILEY
8th Grade Teacher

Our brand new Special Olympics program is off to an incredible start, and the excitement is building fast! With a dedicated team of 6 amazing athletes leading the way, we are proud to be creating opportunities for inclusion, growth, and celebration within our school community. This program is more than just sports—it's about confidence, teamwork, and the power of believing in every individual's potential.

We are thrilled to have an incredible support system already in place, including passionate staff, enthusiastic student leaders, and committed parent volunteers who are helping bring this program to life. And the best part? We are just getting started! We are always looking for more athletes and volunteers to join us and be part of something truly special.

Our athletes have been working hard and are gearing up for their first big competition—the track meet on Apr. 22. The energy is high, the determination is unmatched, and we are ready to compete with heart. We can't wait to cheer them on as they give it their all and aim to bring home the GOLD!

Join us in supporting this growing program and celebrating the incredible athletes who are already making it unforgettable. The future is bright—and we're just getting warmed up!

IMMUNIZATIONS

This is the time of the year that those of us in the health rooms start planning for the next school year. As a reminder, now is a good time to check with your student's doctor to ensure that your student has the required immunizations or paperwork on file for the next school year.

The school must have documentation of required vaccinations/exemptions/in-progress cards on file before the first day of school in August. Immunization documentation can be turned into either school

nurse office at any time. This is especially important for the following students:

Entering Kindergarten

Students entering kindergarten in the fall (see packet for complete list)

Entering 8th Gr.

required to receive one dose of Tdap vaccine and one dose of the meningococcal (MCV) vaccine

Entering 12th Gr.

required to have two doses of the meningococcal (MCV) vaccine

prior to first day of school unless the first dose was administered after age 16

There is sometimes a shortage of the meningococcal vaccine closer to the start of the school year and then students report that they can't get their vaccine before the first day of school. It is best to book your appointments with your provider or the health department in early summer so you can start school on day one. The Ray County Health Department (RCHD) located is a good resource for vaccines and vaccine-related questions. The

RCHD is located in Richmond, MO and can be reached at 816-776-5413. The RCHD also administers immunizations during their clinic hours in Lawson throughout the summer at the Lawson Community Center (call them for dates).

CONTACT INFO

Please feel free to contact Tina Murdock, BSN, RN, NCSN (SW School Nurse) at 816-580-7272 or Brittany Sousley, RN (MS/HS School Nurse) at 816-580-7279/816-580-7270 with any questions or concerns.
