PAY FOR YOUR CHILD'S MEALS ONLINE

The district offers an online payment system through LINQ Connect, which is accessible from linqconnect.com. Parents/guardians are able to make deposits directly into their child's school meal account online using a credit card. The website allows parents to set low balance alerts, monitor account balances.

Money should be added to their child's account for the purchasing of a la carte items. Snack foods are excluded from the free child meals.

Meal Charges and Parent Communications

Staff will not publicly identify or shame students, take action toward students to collect unpaid school meal fees or require students to choose alternate meals, as part of the board of education's Policy 8505, Meal Charge and Prohibition Against Meal Shaming.

South Glens Falls CSD is a Community Eligibility district. Each student is entitled to one free breakfast and lunch each day.

Parents or guardians should expect the following communications from the district's food service office:

Parents/guardians can place restrictions on a student's meal account. For example, if you do not want a child to purchase snacks, it can be noted on the account by calling or emailing the food service office.

"Meals are free, should I still fill out a free and reduced application?" Yes, even though meals are free, we strongly encourage all families to fill out the income collection report. The information collected on these forms helps determine the funding needs at each school and throughout the district. By completing a meal benefit application, families can help ensure schools receive more of the funds they need to support their students. Families may also be entitled to additional discounts on programs within the district.
