Dear Parents of the Scioto Valley Local School District,

At the beginning of each school year, the Scioto Valley Local School District is required to notify the parents of each of our students in any Title I building that they may request information regarding the professional qualifications of their student's classroom teachers, including the following:

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas taught;
- Whether the teacher is teaching under emergency or temporary status through which State qualifications or licensing criteria are waived;
- The teacher's baccalaureate degree major, graduate certification or degree, and field of discipline; and
- Whether the student is provided services by paraprofessionals and, if so, their qualifications.

Any abovementioned requests need to be made in writing to the Treasurer's Office at 1414 Piketon Rd., Piketon, OH 45661.

Dear Scioto Valley Parents,

Children who meet the Federal definition of "homeless" will be provided a free and appropriate public education in the same manner as all other students of the District. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless and will be assigned to the school serving those non-homeless students residing in the area in which the homeless child is actually living. No homeless student will be denied enrollment based on a lack of proof of residency. No Board policy, administrative guideline, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

Homeless students will be provided services comparable to other students in the District including:

A. transportation services;

B. educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

C. programs in vocational and technical education;

D. programs for gifted and talented students; and

E. school nutrition programs.

If you or anyone you know need any of the abovementioned services, contact the Superintendent's Office at (740) 289-4456.

Sincerely,

Mr. Wes Hairston, Superintendent
