Superintendent's Message

Dear Henrico Community Members,

Providing a safe, secure, and welcoming environment for all students and school division personnel who make up the Henrico County Public Schools family is one of my primary and highest responsibilities. To this end, it is important that the school division's expectations be clear to students, families, staff, and the community. Therefore, I ask that you take the time to fully read and understand the *Code of Student Conduct*.

Collectively, we all have a role in not only knowing but in meeting the expectations outlined within this *Code of Student Conduct*, as well as in ensuring that our actions lead to outcomes that enable students in our programs to thrive behaviorally, social emotionally and academically. Knowing that student success is contingent not only in the supportive environment within our school programs but within their homes and the community, we invite and encourage parents/guardians and other stakeholders to become active and involved partners in promoting a safe and supportive school environment.

Please know that Henrico County Public School personnel are committed to assisting all students in achieving behavioral and academic success. Educators within our programs are dedicated to ensuring open channels of communication with parents/guardians about their child's behavior and for nurturing the skills students need to succeed in school and out of school. Parents/Guardians are encouraged to maintain an open dialogue with their child's teacher and other school personnel and should share any pertinent information with staff that may affect student behavior or social emotional well-being. A strong, collaborative partnership between home and school is paramount in ensuring student success.

Thank you for entrusting your child to the care of Henrico County Public Schools. Your cooperation in making yourself familiar with school expectations is appreciated. Together, as partners, we can continue to keep our schools among the safest places in the community for students to grow and learn.

Sincerely,

A handwritten signature in black ink that reads "Dr. Amy E. Cashwell". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Dr. Amy E. Cashwell
Superintendent of Schools

Preface

The purpose of this publication is to provide students, parents/guardians, school personnel, and the public with a concise and comprehensive description of the minimum standards of behavior for all students enrolled in the public schools of Henrico County. It defines appropriate student conduct and presents a menu of alternative interventions and responses to be employed by teachers and/or school administrators to address individuals who exhibit inappropriate behavior. Emphasis is placed upon behavioral expectations of Henrico students in clear and consistent language for common understanding and support in meeting the expectations.

This *Code of Student Conduct* applies to all Henrico County Public School students. It is enforced when they are:

- On school property.
- At school bus stops.
- In school division owned or contracted vehicles.
- In attendance at school or at any school-sponsored activity, including virtual classes and other school-sponsored online activities.

In addition, this *Code* applies to incidents that are off school property as referred to in *Definitions - Alternative Placements/Suspensions/Expulsions*. This *Code* also applies to a student's conduct which interferes with the peaceful operation of the school system or the safety/welfare of students, employees, or volunteers. Students who observe or are subjected to inappropriate actions as described in this *Code* are expected to report such incidents to their school administration. In addition, all students must report to a school staff member any information concerning threats or disruptions involving the safety of students, staff, or the school environment.

The School Board of Henrico County, Virginia, complies with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Improvement Act of 1990, and the Individuals with Disabilities Education Act. The School Board does not discriminate on the basis of race, color, national origin, religion, sex, gender, gender identity, sexual orientation, age, or disability in any of its programs and activities. The Superintendent of Schools, his/her designee, and the Division Compliance Officer are responsible for the coordination of compliance with these provisions. For additional information, please visit <https://www.henricoschools.us/page/notice-of-nondiscrimination> or see School Board Policy P6-04-007 Nondiscrimination.

This *Code of Student Conduct* outlines six (6) student behavior categories and the levels of administrative response(s) that may occur for each. The following factors are used in determining the consequences for a specific violation of the *Code*:

- Age, health, and disability or special education status of the student.
- Appropriateness of student's academic placement.
- Student's prior conduct and record of behavior.
- Student's understanding of the impact of his/her behavior.
- Student's willingness to repair the harm caused by his/her behavior.
- Seriousness of the behavior offense and the degree of harm caused.
- Impact of the incident on the overall school community.
- Whether the student's violation threatened the safety of any student or staff member.
- The possibility that a lesser intervention would adequately address the violation.

When enforcing this *Code*, students, and their property, including but not limited to, backpacks, purses, other containers, automobiles, lockers, desks, and any HCPS assigned device(s) may be searched. Metal detectors, surveillance cameras, and detection dogs may be used on school property and at school-sponsored activities in order to maintain a safe and productive learning environment. Search and seizure are defined in more detail in the definitions section of this *Code*.

All students will be subjected to the same set of expectations regardless of gender, gender identity, or gender expression. These expectations should also carry to clubs, and extra-curricular activities. Staff are prohibited from applying the dress code by direct physical contact with a student or a student's attire and from requiring a student to undress in front of any other individual. This policy complies with the *Code of Virginia*.

The administration of every school has the authority to notify students and parents/guardians of modifications to the dress code for spirit days and other school celebrations, as particular items pose a disruption, or as other circumstances warrant.

Students **may not wear** the following items unless otherwise stated:

- Hoods (*on heads*), hats, or face masks (*that covers more than the mouth and nose*) inside school buildings, during regular school hours, unless required for religious or medical reasons.
- Sunglasses (*worn indoors*), unless prescribed by a physician.

Parents/Guardians of students who violate the dress code may be contacted to provide appropriate clothing for their child(ren), if necessary.

Cellular Phones and Electronic Devices

HCPS recognizes that student access to cell phones, smart devices with cellular service or Wi-Fi, and other electronic devices are common in 21st Century society; however, it is imperative that students and parents/guardians understand that there are appropriate and inappropriate times for the use of such devices. Students using cell phones, smart devices with cellular service or Wi-Fi, and other electronic devices to record anything or anyone without authorization on school property or at school events is strictly prohibited. Students are prohibited from using cell phones and personal smart devices on school property after the first bell rings at the start of the school day to begin instructional time until the dismissal bell rings at the end of the school day, including during lunch and in between class periods. Smart devices include any personal electronic device that can connect to the Internet and wirelessly collect, process, and transmit data, including smart watches and tablets.

Failure to adhere to this policy will result in a minimum consequence of the device being confiscated and used as evidence. Other consequences may apply pending the investigation as to the intent and reason for not adhering to the *Code of Student Conduct*.

Cell phones, smart devices with cellular service or Wi-Fi, and other electronic devices *may* be retained until the following school day prior to retrieval by parents/guardians. Teachers who confiscate devices must store the device in a safe place until the first available opportunity to give it to an administrator for safe keeping and documentation. Confiscated devices can be retrieved during normal school office hours as designated by school staff.

Use of Cellular Phones, Smart Devices with cellular service or Wi-Fi, and other Electronic Devices during Assessments

Test administration procedures are developed to help reduce measurement error and to increase the likelihood of fair, valid, and reliable assessments. Procedures that protect the security of the assessment help to maintain the meaning and integrity of the score scale for all students; therefore:

- Any student using an unauthorized electronic device during testing shall be deemed to have violated the Test Administration Procedures. For the purpose of this policy, “use” shall be defined as having any electronic device out and/or in sight, whether on or off (*including asleep*), without direct authorization from the classroom instructor.
- Any student found in breach of the Test Administration Procedures, by using an unauthorized electronic device, shall receive a zero on the assessment. Furthermore, the device in use shall be confiscated and turned into the student’s grade level administrator with a written referral, in accordance with the *Code of Student Conduct*.

Exceptions

Any student, pursuant to an Individualized Education Program, Section 504 Plan, individualized health care plan, or Limited English Proficiency plan, may possess and use a cell phone or smart device on school property to monitor or address a health concern or as an accommodation or assistive technology support.

Elementary Schools

To ensure a learning environment free from unnecessary disruptions, cell phones, personal smart devices, and unauthorized electronic devices are required to be out of visible sight, and silenced, or in airplane mode during the school day. Unauthorized electronic devices include, but are not limited to, cell phones, and smart devices with cellular service or Wi-Fi connectivity.

Student Behavior and Administrative Response (SBAR)

The following behavior categories are designed to recognize the impact student behavior has on the school environment and on learning. They encourage awareness for administrators, teachers, parents/guardians, and counselors of students' social-emotional learning and emphasize the importance of helping students achieve academically and develop Social Emotional Learning (*SEL*) competencies.

Behaviors that impede Academic Progress (BAP)	These behaviors impede academic progress of the student or of other students. They are typically indicative of the student's lack of self-control or self-awareness. The student may need help in understanding how their behavior impacts others, so training in social awareness may also be indicated.
Behaviors related to School Operations (BSO)	These behaviors interfere with the daily operation of school procedures. Students exhibiting these behaviors may need to develop self-management, self-awareness, or social-awareness skills.
Relationship Behaviors (RB)	These behaviors create a negative relationship between two (2) or more people that does not result in physical harm. Students who exhibit difficulty with relationship behaviors may also have difficulty with the other social-emotional competencies.
Behaviors that present a Safety Concern (BSC)	These behaviors create unsafe conditions for students, staff, and visitors to the school. The underlying reasons for this type of behavior may lie in any of the social-emotional competencies, so the administrator should investigate the underlying motivation for the student's behavior.
Behaviors that Endanger Self or Others (BESO)	These behaviors endanger the health, safety, or welfare of either the student or others in the school community. While they are indicative of poor decision-making skills, students who exhibit these behaviors may also have developmental needs in the other social-emotional competencies.
Persistently Dangerous (PD)	Behaviors described in the Virginia's Unsafe School Choice Option Policy (PD) required by the federal <i>Every Student Succeeds Act of 2015</i> .

The categories are a means to sorting behaviors in order to apply leveled administrative responses to student behaviors.

Leveled Systems of Disciplinary Responses and Instructional Interventions

In an effective approach to intervention and discipline, when students do not meet behavioral expectations, they receive supports to address the root causes of the behavior and learn appropriate alternatives. When a specific student behavior does not change following an intervention - or the behavior increases in frequency, intensity, or duration - a problem-solving approach is used to identify alternative interventions and responses. All stages of a system of intervention should include opportunities for learning acceptable replacement behaviors within the school and community and access to interventions to address the underlying causes of behavior.

Delivering disciplinary responses to unwanted behaviors is often a needed but never sufficient strategy for reducing inappropriate behavior. Therefore, leveled systems of disciplinary responses should always be only one part of more comprehensive policy around behavior that includes instructional, preventive, and proactive strategies as described earlier in this document.

The delivery of disciplinary responses should only serve four (4) key functions:

- preventing a negative behavior from being rewarded
- preventing a problem behavior from escalating
- preventing a problem behavior from significantly interrupting instruction
- preventing physical and/or social emotional harm to others

Levels of Interventions and Responses

Administrators and leadership teams should engage in a data driven decision-making process to determine appropriate responses for behaviors at all levels. Disciplinary actions should always be addressed with instruction and intervention. Instruction should focus on helping students develop social-emotional competencies needed to change unwanted behavior.

In addition, these interventions aim to teach appropriate and alternative behavior, so students can learn and demonstrate safe and respectful behavior. The examples below are neither all-inclusive nor required to be exhausted. All referrals to an administrator should include communication with the family. Family involvement is critical to addressing unwanted student behavior.

Level 1 Responses	Administrative responses and interventions at this level are intended to prevent further behavioral issues while keeping the student in school.	
• Re-teaching or modeling of desired behavior • Recognize/Reward appropriate behavior • Written reflection or letter of apology • Peer mediation or conflict resolution • Behavior progress chart • Community service (<i>appropriate to correct the behavior</i>) • ISS/RESET (<i>max. of two days</i>) with behavioral instruction and academic support	• Seat change • Loss of school privileges • Confiscation of item or device by the administration • Administrator/Teacher/Parent/Guardian conference • Detention (<i>before school, at lunch, after school</i>) • Administrator/Student conference and/or Administrator /Student/ Teacher conference • Restitution	

Level 2 Responses

Depending upon the severity of the behavior, short-term removal of the student from the classroom may be appropriate.

- Student conference
- Administrator/Teacher/Parent/Guardian conference
- Check-In/Check-Out
- Mediation or conflict resolution
- Detention (before school, at lunch, after school)
- Referral to Individualized Education Program (IEP) team • Administrator/Teacher/Counselor/Student conference (*includes re-teaching of expected behavior*)

- Referral for community-based services
- Saturday school
- Restitution
- Confiscation
- Temporary loss of privileges
- Referral to support services (*e.g., School Counselor, Behavior Interventionist, Mentor Program, and Problem-Solving Team (ex. VTSS), Substance Use and Intervention Program*)
- ISS/RESET with behavioral interventions and/or restorative practices (*one - three days*)
- Schedule change

Level 3 Responses

Dependent upon the severity, chronic nature of the behavior and/or safety concerns, behavior(s) on this level may result in the student's short-term removal from school.

- Behavior contract (*developed with and signed by the student, parent/guardian, and school officials*)
- Revocation of privileges
- Restitution
- Referral to alternative education programs
- Referral to law enforcement where required

Level 4 Responses

Interventions and Responses at this level may require a long-term suspension hearing with the DRHO. A referral to the DRHO does not automatically result in a long-term suspension or change of placement.

- Threat Assessment as indicated by the behavior
- Referral to law enforcement, as required
- Long-term revocation of privileges
- Restitution via written contract
- Short-term OSS:
 - PK to 3rd grade (one - three days);

- Threat Assessment as indicated by the behavior
- Referral to law enforcement (*as required*)
- School reassignment: students may be assigned to another school in the division.
- Recommendation for Expulsion

BESO18: Reassignment of Students:

Students who have completed all requirements to earn a high school diploma but have an active SBAR code of **BESO18** (*reassignment due to a criminal charge*) under the *Code of Virginia* 16.1-260(G), may not be allowed to participate in Henrico County Public Schools commencement ceremony due to potential safety factors that may impact the community, including the victim(s).

CODE VIOLATIONS EXPLAINED

Attendance

Offenses under this section must not be reported with Disciplinary Sanction Codes, Short-Term Suspension (STS), Long-Term Suspension (LTS), or In-School Suspension (ISS) in accordance with § 22.1-277 of the Code of Virginia.

Students are expected to arrive at school and all classes on time every day.

A. Excessive and Unexcused Tardiness or Absences to School or Class

Students are expected to attend all assigned classes every day. Absence from class includes late arrival, early dismissal or missing from any class. Justifiable reasons for non-attendance should be submitted to the school for each absence, late arrival, or class absence. Absences from class require approval from an administrator. Unexcused tardiness and/or skipping class are considered violations of compulsory attendance.

B. Compulsory Attendance

When a student accumulates five (5) unexcused absences, the parent or guardian will be contacted, and a meeting will be scheduled to jointly develop a plan to resolve the student's nonattendance. If the student is absent for more than one (1) additional day after a plan has been developed to resolve the absences, a school conference will be held with the administrator or his/her designee, parent or guardian and the student (*if appropriate*). The school conference will be held no later than 10 school days after the student's 10th absence.

The conference team will monitor the student's attendance and may meet again as necessary to address concerns and plan additional interventions. If attendance does not improve, a referral will be made to the attendance officer.

Upon receipt of a referral, the attendance officer will schedule a conference with the student and his/her parent or guardian within 10 school days. Following this conference, the attendance officer may file a complaint with the juvenile and domestic relations district court, alleging the pupil is a child in need of supervision or in institute proceedings against the parent/guardian.

C. Truancy

All student absences are considered unexcused unless the parent/guardian either calls the school or sends a written note to provide a justifiable reason for the absence within 24 hours of the absence. Acceptable excuses include the following:

- Illness of student.
- Serious illness in family which necessitates absence of student.
- Death in family.
- Special and recognized religious holidays.
- Other reasons approved by principal.

A written statement by a physician may be required when a student misses more than 10 days during the school year because of illness.

D. Leaving School Property without Permission

Once a student arrives on school property, he/she may not leave without administrative permission prior to the end of the regularly scheduled day. Students with early dismissals must sign out prior to leaving school. High school students with written authorization from a parent/legal guardian may sign themselves out; however, elementary/middle school students must be signed out by a parent/legal guardian who must present a pictured ID card when picking a student up from any school.

Substance Abuse

Some offenses under this section must be reported to the School Resource Officer by an administrator or his/her designee in accordance with section 22.1-279.3:1 of the Code of Virginia.

Drugs & Alcohol

Students shall not use, be under the influence of, or have in their possession, any drug or alcoholic beverages on school property or at any school-sponsored event.

Students shall not possess drugs, alcohol, or alcoholic beverages on school property or at a school-sponsored event with the intent to sell, give, share, pass to take orders for, or arrange for a sale to occur before, during, or after school.

Students shall not use, be under the influence of, or have in their possession any drugs and/or drug paraphernalia, or alcohol on school property or at any school-sponsored event. Certain circumstances will warrant a recommendation for expulsion; however, the following consequences will apply:

First Offense Consequence

Refer the incident to an administrative school hearing chaired by the building principal and/or his/her designee.

- (a) Absences due to out-of-school suspension will be unexcused. Students should complete the division's Awareness and Intervention Program, and students and parents/guardians should participate in one meeting with Program staff.
Any student participating in extracurricular activities must comply with stipulations of the Student Activities Contract on page 13.
- (b) Parents/Guardians may enroll the student in a community drug counseling program of their choice and sign permission to share information between the school and the program. In this case the provisions of paragraph 1(d) shall apply.

Subsequent Drug and/or Alcohol Abuse Offenses Consequence (*Cumulative within 3 years*)

In addition to any of the penalties described under possession, the following will be implemented:

- (1) Referral to Disciplinary Review Hearing Office
- (2) POSSIBLE RECOMMENDATION TO THE SCHOOL BOARD FOR EXPULSION

A prior drug and/or alcohol offense that resulted in expulsion will be regarded as a "First Offense" for the purposes of determining whether the consequence for a "Subsequent Drug and/or Alcohol Offense" is applicable.

Students shall not possess drugs and/or drug paraphernalia, or alcohol on school property or at a school-sponsored event with the intent to sell, give, share, pass to, take orders for, or arrange for a sale to occur before, during, or after school.

Students shall not manufacture, distribute, intend to distribute, or possess on school property or at a school-sponsored event, any of the following: drugs (*including anabolic steroids and includes cannabimimetic agents, chemicals, or look-alike/imitation drugs, or chemicals*).

In order that school authorities will know what medicine a student is taking in case of an emergency and in order to prevent trafficking of drugs, no student may have in his/her possession any medication or prescription drugs, even if recommended or prescribed for the student's use. Medication and prescription drugs shall not be taken to school by the student. A parent or guardian is required to take all such items to the school's clinic for documentation.

Dangerous Objects and Firearms

Some offenses under this section must be reported to the School Resource Officer by an administrator or his/her designee in accordance with section 22.1-279.3:1 of the *Code of Virginia*.

In accordance with § 22.1-277.07 of the *Code of Virginia*, a student who is determined to have possessed a firearm or an air rifle or BB gun on school property, in a school division vehicle, or at a school-sponsored event may be expelled for no less than one calendar year (365 days). The Superintendent, his/her designee, or the School Board may determine, based on the facts of the particular case, that special circumstances exist and no disciplinary action or another disciplinary action is appropriate.

All items confiscated in a case of recommended expulsion should be safely and properly secured and may be turned over to the school's resource officer. Photographs and/or a descriptive statement of the confiscated item should be included in the suspension/expulsion packet.

Each student who attends school in Henrico County has the right to learn in a safe environment with others who respect his/her well-being. The following categories are considered extremely serious violations which threaten a suitable and secure learning environment:

- A. The possession of dangerous objects is prohibited. Dangerous objects include the representation of items commonly understood to be inappropriate to school activities. These items include, but are not limited to, bullets, machetes, brass knuckles, switchblades, knives, box cutters, other sharp objects, Chinese stars, mace, firecrackers, fireworks, stink bombs, etc. Also included is the misuse of commonplace objects, including but not limited to keys, locks, etc. Violation of this rule may result in a recommendation for expulsion.
- B. The possession of look-alike weapons, including, but not limited to, cap guns, squirt or water guns, toy pistols, comb knives, etc., is prohibited on school property.
- C. The objects noted in A and B used or intended to intrude on the security and safety of fellow students and school personnel **WILL RESULT IN AN AUTOMATIC RECOMMENDATION FOR EXPULSION.**
- D. The possession, use, or representation of a firearm, whether loaded or unloaded, operative or inoperative, on any school property or during any school activity, is prohibited unless specifically authorized by school officials. Firearms which meet the definition of firearm in the *Code of Virginia*. **VIOLATION OF THIS WILL RESULT IN AN AUTOMATIC RECOMMENDATION FOR EXPULSION.**
- E. The possession or representation of any explosive or flammable material considered to have the capacity to create an explosion or to start a fire, including, but not limited to, firecrackers, lighter fluid, and other flammable substances, is prohibited unless specifically authorized by school officials.
- F. Possession of a Pneumatic Weapon (*includes pellet guns, BB guns, CO₂ air pistols, stun weapons, paint ball guns, and any other device utilizing air driven projectiles*) does not require but may result in a recommendation for expulsion.

Disruptive Behavior

Students are entitled to a learning environment free of unnecessary disruption. Any physical, written, or verbal disturbance, communication, or activity, within the school setting or during related activities, which may interrupt or interfere with teaching and the orderly conduct of school activities is prohibited. Any communication, activity, or social media post, committed outside of the school setting that interrupts or interferes with the school day is also prohibited, and subject to the *Code of Student Conduct*.

- B. The possession or distribution of print or electronic materials which are obscene, violent, inappropriate, or significantly disruptive to the educational process is prohibited. Distribution includes sending, forwarding, displaying, retaining, storing, sharing, or posting of obscene or disruptive materials. Included are inappropriate student expression, sexting, threats, hit lists, distribution of non-authorized literature, and illegal assembly.
- C. Verbal assault is cursing, threatening, or using abusive language or written remarks intended to demean or harm a student, staff member, or visitor and is prohibited. This violation includes, but is not limited to, actions, displays, or written material of an obscene, violent, or inappropriate nature and the wearing of clothing or adornments, including inappropriate jewelry, which themselves convey either violent or sexually suggestive messages or offensive statements towards school personnel and/or students (*i.e., vulgar language*).
- D. Failure to respond appropriately to written or verbal directions given by school personnel, chaperones/volunteers, or law enforcement officers is considered insubordination. Also, refusing to comply with reasonable requests made by school personnel, or obstructing school personnel in a way that interferes with the operation of school, is strictly prohibited.
- E. Other activities which disrupt the orderly functions of the school include, but are not limited to: demonstrating hostile or disruptive behavior, repeated offenses/violations of the *Code of Student Conduct*, unauthorized fraternities or secret societies, unauthorized sales by students, possession of inappropriate toys, inappropriate use of school lockers and facilities, setting off false fire alarms, and compromising school safety (*propping doors open for easy access, opening doors for individuals instead of making them enter through the main entrance, etc.*).

BEHAVIOR SUPPORT & DISCIPLINE IN VIRTUAL LEARNING

Behavior Support & Discipline in Virtual Learning

The *Code of Student Conduct* applies to all students, including those who are participating in the virtual learning environment. Virtual learning presents both unique opportunities and considerations for supporting student behavior. Evidence-based, in-person classroom management strategies can still be applied in the virtual classroom environment.

Regardless of the classroom setting, the goal is to “create a safe and supportive environment where adults respond to misbehavior with interventions and consequences aimed at understanding and addressing the causes of misbehavior, resolving conflicts, meeting students’ needs and keeping students in school and learning (*Dignity in Schools*).” In Henrico, we are committed to adopting evidence-based, preventative, and positive discipline policies for both in-person and virtual classroom environments. Positive and proactive supports outlined in this document are intended to increase time spent on instruction by minimizing unwanted behaviors.

Behavior and Discipline Considerations

- Effective implementation of evidence-based school-wide and class-wide support minimizes time spent responding to disciplinary infractions.
- Some behavior expectations are out of students' control in virtual learning environments:
 - Parents/Guardians may be at work or working from home and unable to supervise,
 - Students may not have their own private, quiet space to log on to class meetings, and may also be tasked with watching younger siblings while their parents/guardians are at work.
 - Teachers should be aware that students may not receive the same behavioral supports at home as they receive during in-person instruction.

Procedures in the Disciplinary Process

Appeals:

A decision to suspend a student may be appealed by the student or parent/guardian. An appeal of any suspension shall not hold the suspension in abeyance; meaning, **a student shall remain on out-of-school suspension while awaiting the appeal.** Failure to file a written notice of appeal within the prescribed time will constitute a waiver of the right to appeal. A student or parent/guardian may appeal a suspension to the principal of the school, then to the Superintendent's designee, the Director of Disciplinary Review Hearing Office (DRHO), in the following manner:

- **In-School Suspensions/Bus Suspensions**
 - In-school disciplinary actions and/or bus suspensions taken by a school administrator other than the principal may be appealed in writing, within two (2) working days of verbal or written notification (to include electronic notification) of the suspension, to the principal, *whose decision shall be final.* The principal shall decide within three (3) working days of receiving the appeal. If the initial action is taken by the principal, parents/guardians may appeal in writing to the DRHO, within two (2) working days of notification of the principal's decision.
- **Out-of-school suspensions of 10 days or less**
 - A student or parent/guardian shall submit a written letter of appeal, which should include all supporting documentation, to the principal of the school within two (2) working days of verbal or written notification (to include electronic notification) of the suspension. The student or parent/guardian should state specifically the reason(s) for the appeal and consider the following before appealing a suspension: (A) do the facts warrant the suspension; (B) were the consequences appropriate for the behavior; and (C) did school and County follow procedures. The principal shall review the suspension, along with all of the evidence, and render a written decision within three (3) working days.
 - To appeal further, the student or parent/guardian shall submit written notice to the principal within two (2) working days of the principal's decision to uphold the suspension, requesting that the principal forward the letter of appeal and all documentation to the DRHO for review. The principal shall review the appeal letter and forward the letter and documentation to the DRHO within two (2) working days. The Superintendent's designee, the Director of Disciplinary Review Hearing Office (DRHO) shall review the information, gather additional information, and/or conduct a hearing if necessary, and render a decision. ***For suspensions of 10 days or less, the decision of the DRHO shall be final.***
- **Out-of-school suspensions of more than 10 days (long-term suspensions, alternative placement, and recommendations for expulsion)** - The DRHO may suspend students from school more than 10 school days or recommend expulsion to the School Board after the principal has provided to the student and/or the parent/guardian written notice of the proposed action, the reason therefore, and of the right to a hearing. A decision to suspend a student more than 10 days or the recommendation for expulsion may be appealed by the student and/or the student's parent/guardian. **A student shall remain on out-of-school suspension while awaiting the appeal.** A student and/or parent/guardian may appeal a suspension of more than 10 days or a recommendation for expulsion in the following manner.
 - When a student has been suspended for more than 10 days or recommended for expulsion by the DRHO, the student and/or his/her parent/guardian may appeal that decision, first to the Chief of School Leadership. Such an appeal must be in writing and must be filed within three (3) calendar days of the decision to suspend more than 10 days. Failure to submit a letter within three (3) calendar days will constitute a waiver of the right to appeal. The

student or parent/guardian should state specifically the reason(s) for the appeal and consider the following before appealing a suspension: (a) whether the facts warrant the suspension; (b) if the consequences were appropriate for the behavior; and (c) whether school and county procedures were followed. If the student or his or her parent/guardian are not satisfied with the decision reached by the Chief of School Leadership, they have the right to a final appeal to the School Board, which shall be in writing. Such an appeal must be in writing and must be filed within 10 calendar days of the decision to suspend in excess of 10 days. Failure to submit a letter within 10 calendar days will constitute a waiver of the right to appeal. The DRHO shall record the date that the appeal is received and provide copies of the appeal to the Chief of School Leadership and the School Board Clerk.

- The School Board shall, at its monthly meeting or work session, render a decision based on the record, the written appeal, and any information presented in a hearing before the Board.
 - When a student or parent/guardian has requested a hearing before the School Board in his/her written appeal, the student or parent/guardian will be contacted by the School Board Clerk with the date, time, and place of the meeting or work session when the School Board will be acting on the appeal.

The purpose of the hearing shall be for the student or his/her parent/guardian to state the reasons why they disagree with the alternative placement decision. Written statements or reports relevant to the placement decision shall be added to the hearing record at the discretion of the DRHO. The presentation of witnesses shall not be allowed. The student or his/her parent/guardian shall have the right to bring legal counsel to the hearing.
- The student and his/her parent/guardian may, upon request, appear before the Superintendent, or his/her designee, the Chief of School Leadership, in advance of the decision whether to sustain the DRHO's alternative placement decision. The student or his/her parent/guardian shall have the right to bring legal counsel to the meeting with the Superintendent or his/her designee. Based on a review of the written record developed by the DRHO and any information received in any in-person hearing, the Superintendent, or the Chief of School Leadership, if the Superintendent is unavailable, shall decide within five (5) days whether to sustain the alternative placement decision or allow the student to return to his/her current placement.
- If the alternative placement decision is sustained, the student and his/her parent/guardian shall be notified in writing of the decision. The written notice shall inform the student and his/her parent/guardian of their right to request a review of the placement decision by the School Board within five (5) days of the Superintendent's notification.
- Upon receipt of a timely request for a School Board review, the Superintendent shall forward a copy of the entire record to the School Board for review at its next Work Session. Upon review of the record, the School Board shall decide whether to sustain the placement decision or allow the student to return to the general student population.
