Golden Eagle Academic Excellence!

Although February is the shortest month of the year, there is no shortage of celebrations. This month, we will spread love and kindness not only for Valentine's Day, but also for Black History Month.

In honor of Black History Month, we have replicated a mini Freedom Wall that will be displayed on Main St. The Freedom Walls are not just murals; they're a monumental history lesson on a concrete canvas. Located at the corner of **Michigan Avenue and East Ferry Street** in Buffalo, it serves as a powerful gateway to the Michigan Street African American Heritage Corridor. The freedom wall features portraits of twenty-eight notable civil rights leaders from America's past and present.

February marks the end of the second quarter and Midterm/Regents Exams. Please make sure to review your child's academic progress and Report Card on the Parent Portal of PowerSchool. If you have any questions about grades, please feel free to reach out to the teachers. We will be more than happy to help in any way we can. Also, while most of our students' schedules have not changed, be sure to see if your child is in a semester-based class. If so, you'll want to check in with their new teacher to be sure you have good communication established for the remainder of the year. On February 5th, we will have an Early Release Day. Teachers will be analyzing data and reflecting to strengthen their instruction.

Shoutout to all involved in this year's musical. Our feature presentation is "Frozen." Please join us the weekend of March 13th and prepare to be amazed! Tickets will be for sale online beginning Feb. 23rd.

Notes from the Music Department

We are thrilled to announce that Mykah Moreland has earned a seat in the 2026 Erie County Senior High jazz ensemble.

The selection process is notoriously competitive; Mykah was one of just four alto saxophonists selected from across all of Erie County. This achievement highlights not only Mykah's technical skill but a deep commitment to the craft of jazz. Please join us in celebrating this outstanding musical milestone!

Tech Wars 2026: Cleveland Hill Takes the Silver!

Our technology students definitely didn't come to play this year! On January 7th, a talented group of our High Schoolers headed to **SUNY Niagara Tech Wars**, and the results were nothing short of impressive. Facing off against over 800 students from 41 different schools, our team showed incredible grit and creativity. Out of 19 individual events, **Cleveland Hill High School placed 2nd overall!**

Individual Standouts

A massive round of applause for our students who climbed the podium in their respective categories:

Student	Category	Placement
Jaylin Gary	Architectural Design Model	1st Place
Andrzej Rokitka	2D CAD Drawing	1st Place
Elliot-Luis Madrigal	2D CAD Drawing	2nd Place
Annabell Steinwandel	T-Shirt Design	3rd Place

Dedicated Competitors

Success isn't just about the trophies; it's about the hours of design, building, and testing that happen behind the scenes. We want to recognize the following students who put in the work and represented Cleveland Hill with pride:

- **Maximus Anecchiarico** – Small Bridge
- **Bria Barnes-Anderson** – T-Shirt Design
- **Abigail Jacques** – Cardboard Chair

We are so proud of our tech-savvy Eagles for their innovation and school spirit. Please join us in congratulating them when you see them in the halls!

Alumni Corner

This month, we are proud to feature **Megan McIntosh**, Cleveland Hill Class of 2016. On January 6th, Megan returned to our campus from sunny California to deliver a thoughtful message to our students about how the plan you start with may not be the plan you travel. The message was filled with wisdom, honesty, and resilience.

Academic & Early Leadership

Megan established a reputation for excellence long before entering the corporate world. A proud alumna of **Cleveland Hill**, she was a standout member of the **Class of 2016**. Her high school career was defined by a rare balance of academic rigor, athletics, and the arts:

- **Academic Achievement:** She graduated ranked in the **Top 3** of her class, demonstrating a lifelong commitment to high performance.
- **Leadership & Arts:** She was an active member of the **Student Council** and participated in the **Band** program.
- **Athletics:** A versatile athlete, Megan competed on both the **Volleyball** and **Softball** teams.

Professional Excellence

Megan McIntosh is an accomplished professional in the dental technology sector, currently serving as a **Product Manager** for **MouthWatch**, a leader in teledentistry and intraoral imaging based out of Metuchen, New Jersey. While her professional roots are tied to the East Coast, she currently resides in **Huntington Beach, California**, where she balances her career in health-tech innovation with the Southern California lifestyle.

Megan joined MouthWatch in **January 2021** and has been a driving force at the company for five years. In her role as Product Manager, she plays a vital part in developing and refining the digital tools that are transforming how dental professionals interact with patients. Her tenure at the company has seen significant growth in teledentistry, and she has been instrumental in ensuring that MouthWatch remains at the forefront of the industry's shift toward virtual care and advanced imaging.

We appreciate the visit, speaking to our students, and representing Cleveland Hill Pride.

Thank you, Megan, for showing our students that once an Eagle, always an Eagle!"
