

La Vernia High School

Student 1-to-1 Chromebook Policy

Policy Overview

La Vernia ISD's 1-to-1 Chromebook Program provides each student in grades 9 - 12 with a district-owned device to support learning. Devices are designated for school-related use only.

First implemented during the 2025-2026 school year, the program ensures all students have equitable access to essential digital tools while promoting responsible technology use.

Beginning in the 2026-2027 school year, families may choose to receive a district-issued device or provide their own approved personal Chromebook (BYOC Program).

Expectations of LVISD

LVISD will:

- Provide each student with a functional Chromebook and one charger for use during the school year
- Maintain device filtering and security systems; provide software updates and network access
- Provide access to required digital learning platforms
- Offer technical support for school-issued devices
- Repair or provide a replacement for school-issued devices that are not working properly due to age/hardware
- Communicate policies, updates, and expectations to families

Expectations of Students

Students will:

- Use Chromebooks for educational purposes only
- Follow all district technology policies and guidelines
- Use devices in a safe, respectful, and responsible manner
- Bring fully charged Chromebooks (with charger) to school each school day
- Report damage, technical issues, or theft promptly
- Make payment for any harm/breakage that is not deemed the result of age/hardware by the district. Note: Lost items must be paid for in full.
For BYOC devices, maintenance and repairs are the responsibility of the family.
- Return district-owned Chromebook/charger at the end of the school year or upon withdrawal from LVISD

Chromebook Care

Students should follow these guidelines for Chromebook care:

- Keep Chromebook clean (use a microfiber cloth) and free of damage
- Keep food and drinks away from the device
- Keep the Chromebook dry; protect it from rain or other liquids
- Keep the Chromebook in a safe location; avoid extreme temperatures
- Carry Chromebook securely (closed and in your backpack)
- Do not lean on the top of the device or put pressure on the screen; it will break
- Do not insert objects, other than the proper cables, into the openings of the device
- Do not remove labels, modify the device, or attempt repairs
- Do not add stickers to the device
- Charge the device nightly and do not let the battery drop below 50%
- Shut down the Chromebook when not in use to conserve battery life

Price List

Chromebook Price List (Due to Loss or Damage)

- **Keys/Keyboards:** \$15 keyboard; \$25 touchpad; \$50 keyboard and touchpad
- **Screen:** \$15 video cable; \$20 front bezel; \$25 screen
- **External:** \$25 bottom cover; \$30 top cover
- **Accessories:** \$13 charger
- **Other:** \$20 hinge (due to mistreatment); \$35 battery (temperature damaged); \$130 motherboard (liquid damaged)
- **Full Device:** \$350 (due to loss or destruction)

For BYOC devices, Chromebook maintenance and repairs are the responsibility of the family.

Online Agreement Form

Before receiving a district-owned Chromebook, both the student and parent/guardian must complete the required online Agreement Form.

Families choosing the Bring Your Own Chromebook (BYOC) option, must also complete the form.

Access the Agreement Form here to indicate your agreement to LVISD's terms.
