

LICENSED EMPLOYEE PROFESSIONAL DEVELOPMENT

The board encourages licensed employees to attend and participate in professional development activities to maintain, develop, and extend their skills. The board shall maintain and support an in-service program for licensed employees.

Requests for attendance or participation in a development program, other than those development programs sponsored by the school district, shall be made to the superintendent. Approval of the superintendent must be obtained prior to attendance by a licensed employee in a professional development program when the attendance would result in the licensed employees being excused from their duties or when the school district pays the expenses for the program.

The superintendent shall have sole discretion to allow or disallow licensed employees to attend or participate in the requested event. When making this determination, the superintendent will consider the value of the program for the licensed employee and the school district, the effect of the licensed employee's absence on the educational program and school district operations and the school district's financial situation as well as other factors deemed relevant in the judgment of the superintendent.

The requirements stated in the employee handbook between employees in that certified collective bargaining unit and the board regarding the professional development of such employees shall be followed.
