FOR IMMEDIATE RELEASE

Commerce City Schools Wins 2025 Top Workplaces Industry Award, A National Recognition

July 17, 2025 – Commerce, GA – Commerce City Schools is proud to announce that we have been named a 2025 Top Workplaces Industry Award winner, a prestigious national recognition honoring organizations that prioritize employee engagement and cultivate a people-first workplace culture.

The Top Workplaces awards are based entirely on feedback from a research-backed employee engagement survey administered by Energage. The anonymous survey measures several aspects of workplace culture that are critical to an organization's success, including alignment, execution, and connection.

This Top Workplaces Industry Award specifically highlights organizations that have built exceptional workplace cultures within their sector. This recognition positions Commerce City Schools as an employer of choice in the education field, demonstrating its commitment to valuing, supporting, and empowering employees.

This award follows Commerce City Schools being named a 2025 Spring Top Workplaces Culture Excellence Winner, where the district earned national recognition in the areas of Leadership, Purpose, and Values. These back-to-back honors reflect the district's strong, people-focused culture and dedication to continuous improvement.

"Earning a Top Workplaces award is a badge of honor for companies, especially because it comes authentically from their employees," said Eric Rubino, CEO of Energage.

"This recognition is a direct reflection of the dedication, teamwork, and shared commitment to excellence that defines our district. We're proud to offer an environment where employees feel valued, supported, and inspired to make a difference for our students," said Superintendent Billy Kirk.
