From the Principal's Office

As we reflect on another outstanding year at Spring Creek Middle School, we are proud to celebrate the many accomplishments of our students, staff, and community.

Our students demonstrated excellence both inside and outside the classroom. Members of our HOPE Squad represented our school and community through participation in local events, including the White House Christmas Tree celebration and community parades. Students also gave back through numerous service projects, including the canned food drive, Festival of Trees, Colors for Cancer, Christmas giving programs, March of Dimes, Field of Flags, and Random Acts of Kindness initiatives.

In athletics, we experienced one of our most successful years. Track participation reached record numbers, resulting in both team and individual awards. Our wrestling program had a strong season, and our athletic teams secured league championships or tournament brackets in basketball, volleyball, and girls soccer, while boys soccer earned a second-place finish.

Academically, our students continued to excel. Spring Creek Middle School students earned district honors in the Writers Festival, STEM Fair, Spelling Bee, and Honor Music Festivals and competitions. Students also represented our school at state competitions through FCCLA, HOSA, and Math Counts. Several students earned HAM Radio and Drone certifications, and students traveled to Washington, D.C., expanding their learning beyond the classroom. We were also proud to see students successfully exit their English Language Learner (ELL) programs as they achieved language proficiency.

We ended the year with a 6th grade Renaissance Festival, and Beginning and Advanced Music Concerts, and the 8th grade Social ceremony on May 14th .

This year, we expanded opportunities for student involvement by launching new clubs, including Writing Club, Walking Club, Drone Club, and Speech and Debate. Students also showcased their talents through drama productions and choir, band, and orchestra performances.

Attendance continues to improve, with our chronic absenteeism rate decreasing and more students improving their attendance than at any point during the past three years.

Through the generosity and support of our community, students raised over \$17,000 during our first-ever Titan Color Chaos fundraiser, with proceeds supporting school improvement projects. Additionally, students raised and donated scholarship funds to graduating Spring Creek High School seniors.

Student growth data from our recent MAP assessments demonstrates tremendous academic progress. In mathematics, 89 sixth-grade students met their growth goals while increasing average RIT scores by 10 points, far exceeding typical annual growth. Seventh grade had 117 students meet growth goals with a 7-point increase, while 109 eighth-grade students met growth goals and increased an impressive 11 points. In reading, 72 sixth-grade students, 113 seventh-grade students, and 133 eighth-grade students met their growth goals, with seventh grade increasing average scores by 3 points and eighth grade by 8 points.

These accomplishments are a reflection of the dedication of our students, the support of our families, and the commitment of our staff.

Thank you for helping make this a remarkable year to be a Titan.

Your principal- Salli McDermott

IMMUNIZATION REQUIREMENTS FOR INCOMING 7TH GRADERS FOR THE 2026-27 SCHOOL YEAR

Dear Parents or Guardians:

Immunize Nevada, the Division of Public and Behavioral Health and Elko County School District would like to remind you to schedule required vaccinations for your son or daughter entering 7th grade.

According to Nevada State Law, NRS 392.435 & NRS 392.443, the following vaccinations are **required prior to the start of your son or daughter's 7th grade school year.**

- **MCV4** (Quadrivalent meningococcal conjugate vaccine); which provides protection against bacteria causing meningococcal disease. Meningococcal meningitis is a serious illness that can lead to death in as little as 48 hours.
- **Tdap** (tetanus-diphtheria-acellular pertussis); which is a booster vaccine to protect against tetanus, diphtheria and pertussis (whooping cough).

A list of local providers that offer vaccines is included.

Don't wait until the last minute! We encourage you to schedule your child's appointment today to ensure that they are up to date on required vaccines prior to entering 7th grade. Once your child has had the required immunizations, please provide a copy of the shot record to your child's School Health Office. **Students that are missing immunizations will not be allowed to attend school in the fall and will not receive a schedule until proof of immunizations are provided.** Thank you for your prompt attention to this matter.

The exact language of the new vaccination requirement may be found at: <http://www.leg.state.nv.us/Register/2016Register/R052-16A.pdf>

SCMS Lunch

The responsibility for meal payments to the campus belongs to the parent/guardian. We want to make sure each student has a nutritious lunch. Lunches are to be prepaid online or through the front office of each campus in advance of the meals being served. Funds should be maintained in student's lunch accounts to minimize the possibility that a student may be without meal money on any given instructional day. Please pay cash or check at the SCMS office or on myschoolbucks.com found on our website (www.scms.ecsdnv.net).

Thank you and have a great day.

Netiquette

Rules of Behavior on the Internet

The etiquette guidelines that govern behavior when communicating on the Internet have become known as netiquette. Netiquette covers not only rules of behavior during discussions but also guidelines that reflect the unique electronic nature of the medium. Netiquette usually is enforced by fellow users who are quick to point out infractions of netiquette rules.

- **Identify yourself:**
 - Begin messages with a salutation and end them with your name.
 - Use a signature (a footer with your identifying information) at the end of a message.
- **Include a subject line.** Give a descriptive phrase in the subject line of the message header that tells the topic of the message (not just "Hi, there!").
- **Avoid sarcasm.** People who don't know you may misinterpret its meaning.
- **Respect others' privacy.** Do not quote or forward personal email without the original author's permission.
- **Acknowledge and return messages promptly.**
- **Copy with caution.** Don't copy everyone you know on each message.
- **No spam (a.k.a. junk mail).** Don't contribute to worthless information on the Internet by sending or responding to mass postings of chain letters, rumors, etc.
- **Be concise.** Keep messages concise—about one screen, as a rule of thumb.
- **Use appropriate language:**
 - Avoid coarse, rough, or rude language.
 - Observe good grammar and spelling.
- **Use appropriate emoticons (emotion icons) to help convey meaning.** Use "smileys" or punctuation such as :-) to convey emotions. See website list of emoticons at <http://netlingo.com/smiley.cfm> and <http://www.robelle.com/smugbook/smiley.html>.
- **Use appropriate intensifiers to help convey meaning.**
 - Avoid "flaming" (online "screaming") or sentences typed in all caps.
 - Use asterisks surrounding words to indicate italics used for emphasis (*at last*).
 - Use words in brackets, such as (grin), to show a state of mind.
 - Use common acronyms (e.g., LOL for "laugh out loud").
