The primary goal of Bovina is to ensure that all students demonstrate proficient and advanced levels of achievement on statewide assessments. As a part of our continuous efforts to obtain this goal, our schoolwide committee has completed its final revision of our 2025-2026 Schoolwide Plan. This plan outlines the steps our school will take to implement effective strategies in 1) student achievement 2) curriculum and instruction 3) professional development 4) family and community engagement and 5) school context and organization.

To ensure all stakeholders are aware of the goals and strategies identified in our Schoolwide Plan, they are outlined below. The school's goals are to support the academic progress of our students, the professional growth of our teachers and family engagement activities. Bovina Elementary will use Title 1, other federal funds, and local funds to implement the following strategies to achieve its goals:

- Hire a lead teacher/academic coach/ interventionist
- Provide tutoring to identified students
- Purchase classroom supplies
- Purchase equipment for classroom use
- Conduct family engagement workshops/ meetings
- Provide educational programs such as iReady
- Provide professional development for classroom teachers, administrators and paraprofessionals

Our Schoolwide Plan may be viewed upon request in the front office of the school. Any suggestions you may have to improve our plan may be addressed to Rebecca Jones.

Educating our children is a collective effort. It takes not only the schools, but also the parents and the community. We look forward to hearing any concerns or thoughts you wish to contribute.

Respectfully,

Rebecca Jones
Principal
