How to create a Parent Portal account.

You will need your child's Student Number (from the school or your student), the last 4 of your child's Social Security Number and their date of birth.

Please create this account on a computer not your phone if possible.

Go to peachschools.org

Near the top of the page, hover over Parents, select the drop down "Parent Portal Registration"

Read to the bottom of the page "If you accept the terms listed above click HERE"

Enter the information requested. Be sure to type the name in as it should appear in Infinite Campus. The Student ID must come from the school or your student knows this number. When typing the birthdate in, please use the calendar box provided.

Hit submit

It will give you the activation code. You can copy and paste this code without the GUID portion. Click the button to that takes you back to the screen where you place your activation code. Click enter.

At this point you should be able to set a username and password.

If you have any problems at any point please contact: **Judy Messer at 478-825-8258 or jmesser@peachschools.org**

There is an app that can be downloaded ONLY AFTER you create the account on a computer. Search for Campus Parent. It is green with a black stripe and a "P" made out of pencils.

If you have disabled your account or are locked out for any reason please contact. Judy Messer at 478-825-8258 or jmesser@peachschools.org

Or complete this information and she will contact you.
