PHASE III: CRIMINAL BACKGROUND CHECK, DRUG SCREEN, & ADMISSION PAPERWORK

Once you are selected to be in the program, you will be required to have a National Background check & drug screen completed.

Oklahoma law requires criminal background checks for employees, contract persons, and volunteers that care for individuals in long term care facilities. Our clinical sites require a criminal records search and drug screen be conducted on students performing clinical learning experiences in the facilities. In addition, licensing agencies for health care providers have specific requirements regarding criminal arrests and charges.

National criminal record searches are conducted by Investigative Concepts, Inc. and will include searches conducted by the authorized agency in the previous state/states of residence if the individual has resided in Oklahoma less than one year. A search of the Oklahoma Department of Corrections Sex Offenders Registry, the Criminal History and any appropriate database search will also be done. All criminal background information maybe released to our clinical facilities.

1. The cost for the Criminal Background Check will be combined with the drug screen.
2. If the results of the criminal background search prohibit you from meeting the requirements of any Oklahoma laws, the requirements of the clinical sites, or the requirements of the licensing agency, you will be notified by certified mail that you **will not be** offered admittance into the Practical Nursing Program.

Nursing is a "Safety-Sensitive Position." For this reason, students may be denied admittance into the program or dismissed from the program for failure to meet the drug screening requirements. Students will be subject to drug screening if required by any clinical facility and for just cause. Random drug screens may be performed throughout the school year as well.

1. The cost for the drug screen and background check is $86.95. It will take 48-72 hours to get results back.
2. **Final acceptance into the PN program is contingent on the results of the background check and drug screen.**
3. Enclosed with your acceptance letter, you will also receive:
    a. A Verification form which gives you the opportunity to accept or decline the invitation to join the 2027-2028 program and is also due by 4:00pm on June 3, 2027.
    b. A Physical Examination form (Acceptance letter will detail instructions for the Physical Examination Form and when it will be due.

Only a completed Verification Form and satisfactory Physical Examination, along with a clear Background Check and Drug Screen, will guarantee your acceptance into the Practical Nursing Program.
