FAMILY PROJECT

Disguise a Turkey

ATTENTION, ATTENTION!

HELP! The turkeys have escaped the farm from down the road, and they've chosen our school to hide out in! We don't want the farmer to find them so the students in our class have been asked (by the turkeys) to help them hide in our school by giving them an awesome disguise.

The task for this family project is for you and your child to disguise his/her turkey (e.g. Superhero, Disney Princess, Community Helper, Cowboy. etc.) Feel free to use your child's imagination and creativity when designing the turkey's disguise.

Your turkeys are **due back** at school on **Friday, Nov. 14th** (or earlier if you wish!)

Students will share their turkeys with their class, telling what they've disguised their turkey as. We will display all of the disguised turkeys in the cafeteria.

Feel free to contact us if you have any questions or concerns. Thank you so much for your support and we cannot wait to see all the amazing turkeys your children bring back to school!

Have fun!
