Uniform Complaint Procedures

The Governing Board recognize that the District has primary responsibility for ensuring that it complies with State and Federal Laws and regulations governing educational programs. The District shall follow uniform complaint procedures when addressing complaints alleging unlawful discrimination or failure to comply with State or Federal law in Adult Basic Education, and Special Education Programs.

Filing of Complaint

Any individual, public agency or organization may file a written complaint of alleged noncompliance. The complaint shall be presented to the Superintendent or designee, who will then give it to the appropriate compliance officer. The Superintendent or designee will maintain a log of complaints received, providing each with a code number and a date stamp. Harassment

The District is committed to providing an educational environment free of harassment and unlawful discrimination. The District maintains a strict policy prohibiting harassment and differentiated treatment of students because of sex, race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, age or any other basis protected by Federal, State or local law, ordinance or regulation. **All such harassment is unlawful**.

The District's policy of anti-harassment toward students applies to students enrolled in the District and all persons employed by the District. Unlawful harassment in any form, including verbal, physical and visual conduct, threats, demands and retaliation, is prohibited. Violation of this policy may result in disciplinary action, which may include discharge for employees, and expulsion for students, depending on the seriousness of the violation. Students who feel aggrieved because of conduct that may constitute harassment should directly inform the person engaging in such conduct that it is offensive, or if the student does not feel comfortable or is unable to talk to the person engaging in such activity, the student should report the incident to the School Principal or designee.
