If the participant isn't fitted by December 6, 2026, they must pay to rent equipment elsewhere at their own expense. If equipment rental has been paid through donated funds and student is not fitted before December 6, 2026, it is required to pay that fee back to the program

RFID Tickets will be used this ski season. Each student and volunteer will receive one specific to them this season. They will sign in with a program coordinator and pick up their RFID ticket; they MUST return their ticket to a program coordinator at the end of the ski day. If they have not returned their ticket and do not have their ticket for the start of the next weeks lessons, they will not be able to participate in the program.

Starting March 8, 2027, school program students are eligible to purchase a lift ticket for only $15. One parent/guardian accompanied by a student may also purchase a lift ticket for $15. School program student rentals only $10 per day, parent/guardian accompanied by a student, rentals $10 per day! (Rental price is not valid on Saturdays) * **The student must accompany the parent/guardian**! *If parent/guardian tries to purchase tickets without their student, program coordinator has the right to ask the student not to participate in the program the next season. The school group ticket can only be purchased at the ticket windows. *

Adaptive Ski Program If your child has any type of disability, or if you know of someone in the school district that would be interested in skiing, the adaptive ski program is available to help and more than happy to help! They are also able to work with students on non-ski program days, ie. Weekends/vacations, etc. at an additional fee.

School Program Instructors (SPI) will need to sign up through the ski program sign-ups, commit to instruct ALL 6 weeks of the program, attend, and complete a 2-hour school program instructor training, offered at Bretton Woods in December. Each SPI will receive a free season pass at Bretton Woods as a thank you, pass is not valid until January 1, 2027.

Program Chaperones will need to sign up through the ski program sign-ups. The chaperone is responsible for skiing with the ski group for the entire lesson. The chaperone will receive a free day pass for the day of lessons. Chaperones that have signed up to help volunteer for the ski program will be picked by school coordinators, based on experience and the best fit for the student groups.

Extra Chaperones will need to sign up with and be approved by the school coordinators. A fee of $50.00 per extra chaperone, per lesson. This is approximately half off lift tickets. Rentals are $80.00 per chaperone for the six-week program. This will be paid to the school coordinator. Extra chaperones need to know how to ski ahead of time, this isn't a place for SPIs to teach chaperones to ski, as well as teaching students to ski.

Donations the program has received some funding towards the ski program. If anyone knows of any local businesses or agencies that would like to contribute to the program to offset costs, please let us know ASAP. Foundation Funds/Donations as well as the number of students that sign up to participate in the program will depend on the cost of each student. We will reach out to each family as soon as we know the amount due.
