SPOTLIGHT

Sharlene May
2nd Grade Teacher 

 **How long have you been at USD 209?**

This is my fourth year to teach here. I went to school here from Kindergarten on and graduated from MHS in 1988.

 **What is your favorite thing about your job?**

My favorite thing about teaching has always been the kids... as well as the challenges that teaching in the classroom brings, but teaching at Moscow has been extra special because many of my students are children and grandchildren of dear friends, neighbors and relatives! I had the honor of teaching the grandchildren whose grandmother was actually taught by my mother in her first year of teaching at Moscow in 1957! That is a very special connection and there have been many of those since I've been here... this school and community are special beyond words! Moscow Wildcats are the BEST!

 **What are some things you love to do in your free time?**

I enjoy laughing with friends and family, walking my dogs, working in my yard, and reading about teaching!!!
