JBCC-6

USD 209 Nonresident Student Policy

USD 209 has established the following criteria regarding HB2567. If a student wishes to enroll at USD 209 and meets one of the following criteria they will be deemed “not in good standing” and may be denied enrollment. A non-resident student is defined as a student that wishes to enroll at a school district, but does not reside within the boundaries of that school district.

1.) The non-resident student failed to maintain a 90% attendance rate within the previous calendar year at their previous school. Excused absences shall not be factored into the 90% attendance rate.

2.) The non-resident student and/or guardian provided false information during the application process.

3.) The non-resident student is not a resident of Kansas.

4.) The non-resident student is currently under a period of suspension or expulsion from any Kansas School District.

5.) The non-resident student had 3 or more office referrals for behavior within a calendar year.

6.) The non-resident student had an out-of-school suspension within a calendar year.

7.) The non-resident student was given a long-term suspension or expulsion by any School District within a calendar year.

8.) The non-resident student had 8 or more unexcused tardies in a semester.

Parents/guardians shall be informed of the administration's decision to allow or not allow enrollment within 5 business days.
