

Staff SPOTLIGHT

Jan Goehring

School Psychologist

How long have you been at USD 209?

I have worked for HPEC as a school psychologist for 32 years, and have worked in Moscow for six years.

What is your favorite thing about your job?

My favorite thing is consulting with teachers and administrations to help implement strategies that impact student learning. The best part of the job is seeing a student make progress and improvements because of a change I helped an educational team develop.

What are some things you love to do in your free time?

I enjoy attending various sporting events, traveling, gardening, and spending time with my family.
