C-Pod Pick-Up Procedures at PCS

Effective: Tuesday, January 6, 2026

To reduce congestion during after-school pick-up, the following procedures will be implemented:

Traffic Flow

- As you enter the C-Pod parking lot, **form two lines.**
- The two lines will move **side by side and then merge into one at the intersection** (similar to a drive-thru).
- Please **alternate merging** courteously.

Loading Zone

- After merging, **pull forward to the sidewalk as far as possible.**
- This allows staff to **load up to five vehicles at a time**, improving efficiency.

Families with C-POD AND D-POD Students

- If you are also picking up a **D-Pod student**, please use the **D-Pod pick-up line** when possible.
- C-Pod students may:
 - Wait with the C-Pod group and move over when they see their vehicle, or
 - Stand with an older sibling in the D-Pod area.
- D-Pod students are often delayed due to dismissal time and distance, which can increase congestion in the C-Pod line.

Parking After 3:00 PM

- Vehicles needing to park on campus after 3:00 PM should use the **D-Pod parking lot.**

Thank you for your patience and cooperation as we implement this new system.
