The BCPS Be Well Employee Wellness Team Presents...

Earth Day 2026

The 2026 Earth Day theme is "Our Power, Our Planet", highlighting the collective strength of individuals, communities, and local leaders in driving environmental progress. Small, consistent actions can create meaningful environmental change. Everyday choices—like bringing reusable bags, walking or biking, composting, or choosing plant-based meals—make a real impact. This Earth Day, we're inviting you to explore these habits in a fun, engaging way through our Earth Day Bingo game, designed to highlight how simple daily behaviors can support a healthier planet.

Don't know where to start? We've got you covered—tips and ideas will be shared throughout the week to help you fill your card and make a difference. You'll have until Monday, April 27th to declare bingo!

How to Play:

1. **Review the Bingo** card to explore all available activities and actions.

2. **Get started!** Take action and go green throughout Earth Week.

3. **Read the Earth Day communications** for helpful tips and ideas to support you in completing your card.

4. ****Declare Bingo! **** once you complete five squares in a row—vertical, horizontal, or diagonal—by submitting this form. After verification, your name will be entered into the raffle, and five lucky winners will be selected.

5. **Boost your odds!** Earn an additional raffle entry by sending a photo of yourself completing one of the Bingo card activities to the Be Well Team.

Earth Day BINGO

Wellness and environmental health rise together—when we care for the planet, we naturally support our own physical, emotional, and community well-being.

Had a meatless meal	Turned off lights and equipment when leaving a room or office	Bought seasonal produce	*Free Space*	Used a reuseable water bottle or coffee mug
Supported a business with sustainable practices	Desk Declutter for Mental Health: Cleared your workspace and recycled paper you no longer need.	Composted	Picked up and properly disposed of litter	Gardening
Walked to work, lunch, or to do an errand	Used non-toxic, eco-friendly cleaning products	CLICK Took Be Well's Plastic-Free Pledge	Used the stairs instead of an elevator	Bought local produce
Used less energy by spending time in nature instead of on screens.	Ate leftovers	Unplugged a device that was not in use.	Wore a thrifted item	Googled **mindful consumption** to learn how this practice promotes more sustainable living.
Packed lunch/meal in reusable containers	*Free Space*	Carpooled	Signed up to support an environmental cause	Used eco-friendly bags while shopping

ATTENTION **Got BINGO? Let us know by filling out this form.**
