Interviewing Staff

Mrs. Long

1. What did you want to be when you were younger?
I never really knew what I wanted to be growing up. I knew at one point I thought I would be a basketball player.

2. What is the most bizarre excuse a student has ever given you for not turning in homework? I have had a student bring me a paper their dog actually tore up.

3. If you weren't working as a teacher, what unexpected job would you be doing right now? If I weren't a teacher, I would be a writer.

4. When you were in school, what was the most embarassing thing you ever did or have happen to you? When I was in high school golf, I hit the same tree branch three times in a row during a tournament in front of a lot of people. The ball would hit the branch and land in the exact same spot each time.

5. What is the most common or funny misconception students have about a specific country or contient?

Many students think China is the largest country in the world, but it is actually Russia.

Junior High Gameday Cheer Competition

The PVJH Cheer squad performed an outstanding routine and placed 3rd!

Way to go, girls!!

Mrs. McLellan's Journey Class

Mrs. McLellan's journey class purchased tables for their project: MAKING SPICY PRETZELS!! YUM!! They now have 3 portable cooking stations.

Academic Team

Top Picture, 8th-grade Academic Team: Major Harris, Baylin Godfrey, Blake Knight, Barrett Johnson, and Ty Carson

Bottom Picture, 7th-grade Academic Team members: Trigger Lambeth, Jake Johnson, Jenni Flores, Bella Nirschl, Caroline Chronister, Kataleya Mejia, and Audrey Tomlinson.

7th and 8th grade won against Whitebead!

7th grade had an early lead and secured the win 80-40.

8th grade let Whitebead take an early lead against them but made a "Major" comeback during the speed round, when Major Harris knew 9 out of 10 sports nicknames! Panthers won 120-110!

GUESS THAT CUTIE

Directions: Shake your brain and guess which staff member is the cutie in this photo!

Hint: It's a staff member...

Find out the mystery and scurry to email the correct staff name to Susan Castillo at @scastillo850pvstudents.org and bag a snack cart coupon from Mrs. Tobey!

Student Spotlight

7th Grade

Abbi Jolly

This week's Student Spotlight is Abbi Jolly! If she could change something about the school she would change the rule about no food out of the cafeteria. If she was forced to replace her hand with a household object, she would choose a fork. The most unhinged food combnation she enjoys eating is ketchup with ham and grilled cheese. A TV show she thinks is absolutey garbage is *The Summer I turned Pretty*.

Isaac Lara

This week's Student Spotlight is on Isaac Lara! If he could change one thing about our school, he would choose less homework so no one would have to stress about it at home. If he was forced to to replace one of his hands with a household object, he would choose a camera so he could record his mistakes and fix them. An unhinged food combination a really enjoys is valentina with lays. a movie he thinks is garbage is *K-pop demon hunters*.

Student Spotlight

8th Grade

Cheyenne Hannah

This week's student spotlight is on Cheyenne Hannah! If she could change one thing about our school it would be that we would only have to go from 8:05 - 2:30. If she was to replace her hands with any house hold object, it would be spoons so she could eat everything. The most unhinged food combination that she likes to eat is pickles and A1 sauce. A popular movie she secretly thinks is trash is *Obsession*. Something intresting about her that nobody really knows is that she is a really good singer.

Major Harris

This week's Student Spotlight is on Major Harris! If he could change one thing about the school, it would be giving us longers lunches. If he was forced to change out his hand with a household object, it would be an airfryer. The most unhinged food combination he genuinely enjoys eating is sweet tea and salted crackers. A popular TV show he thinks is absolute garbage is *Outer Banks*.

Student Spotlight

9th Grade

Natalee Eubanks

This week’s Student Spotlight is on Natalee Eubanks! If she could change one thing about the school, she would give students more time to finish work. If she was forced to replace one of her hands with a household object, it would be a spoon so she could eat whenever. An unhinged food combination she enjoys eating is Cheetos and yougurt. A TV show she thinks is absolute garbage is *Chainsaw Man*.

Ernesto Ramirez

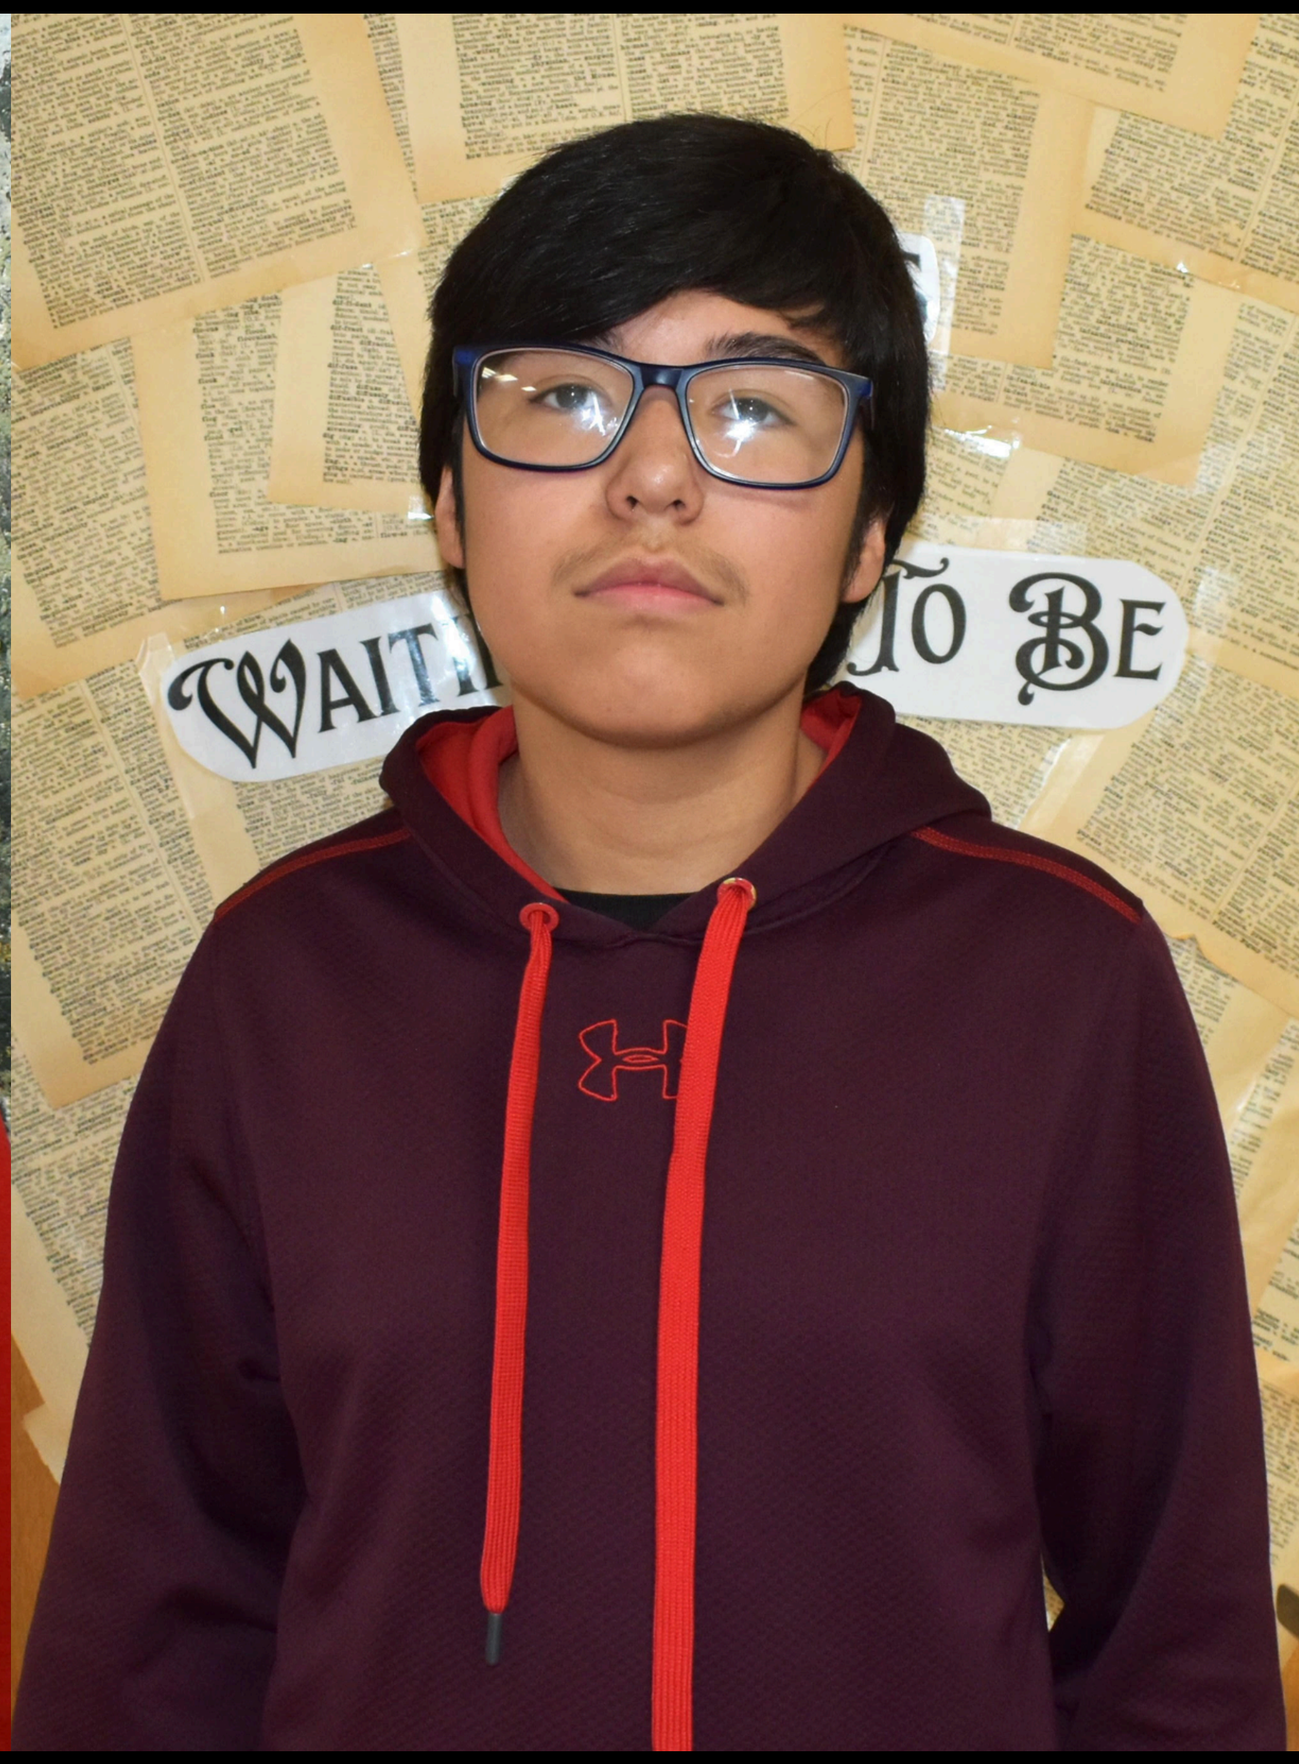

This week’s Student Spotlight is on Ernesto Ramirez! If he could change something about the school, he would put a basketball goal on the volleyball side for the freshmen. A food he enjoys eating is papusas from El Salvador. An interesting fact about him that few people know is he is friendly and calm.

Athletes of the Week: 7th Grade

Musically Talented

Raegan Mckee

This week we shine the spotlight on Reagan McKee! She joined band because she wanted to be musically talented. In band, she likes when they go to games or go to competitons. When she gets stage fright or gets nervous she just talks with her friends. If her section was an animal, it would be a quiet bird, because they are always moving quietly. Her favorite instrument is the clarinet because it is goated!

Bennett Prince

This week we shine the spotligt on Bennett Prince. He joined choir because of Kinna and Kyerra. His favorite thing to do in choir is talk to Kinna and Kyerra. He does not handle stage fright or nervousness very well at all. He says if his section was an animal it would be a gorilla because it’s loud. His band director would be Batman if she were a superhero/villain. His favorite instrument/voice part is bass because it is the loudest.

The Bottle Rocket Project!

Coach Manning' 8th-grade science classes made and flew their bottle rockets in the fall sunshine!

COUNTRY OF THE WEEK

This week, we're rolling out the red, green, and yellow carpet for Brazil! A superstar nation, Brazil is the fifth-largest in the world, both in size and in people power! Everyone there is chit-chatting in Portuguese—about 97% to 99% of them, to be precise. How cool is that? And towering over Rio is the legendary "Christ the Redeemer" (Cristo Redentor), a 30-meter-tall art deco statue of Jesus giving the city a divine hug. It's one of the seven wonders of the world, no less! Plus, Brazil is the king of the soccer field, boasting a perfect attendance at every single FIFA World Cup and snagging the trophy an epic five times! Brazil is most know for the Amazon rainforest, the country contains roughly 60% of the Amazon basin serving as a vital global biodiversity hotspot. That is only a few of brazils amazing wonders.

Inspiration of the week...

"If you can't fly, then run; if you can't run, then walk; if you can't walk ,then crawl; but whatever you do, keep moving forward."

— Martin Luther King Jr

ATTENTION, PAULS VALLEY PICASSOS!!!

The *PVJH Times* wants to showcase your artwork!! If you would like to see your art displayed in “The Times,” please take a photo of your piece or pieces and email that pic to Haylee Smith at hsmith205@pvstudents.org.
If you want your artwork to stay anonymous, please do not forget to include that in the email!
