CITY OF MORRISON ~ COUNCIL MEETING

Rules Pertaining to Recording Public Meetings & Public Comment

RECORDINGS: Pursuant to the Open Meetings Act, public meetings may be recorded and allows for the public body to regulate such recordings. Once announced by the Mayor to disclose, any person wishing to record a public meeting shall first announce to the City Council their intention to record and provide their full name. Any device used to record shall not impede, interfere or otherwise disrupt the normal process of a public meeting.

PUBLIC COMMENT: City Council meetings are legislative sessions of the corporate authorities held for the specific purpose of conducting the business of the City. City of Morrison Council meetings are not public forums for purposes of a person's First Amendment's Right to Free Speech.

Public comments shall be allowed according to meeting agendas and, by its rules, establishes the ability and limited purpose of addressing the Council with concerns or comments regarding City business. City business means those matters for which City Council has jurisdiction or the authority to act upon. Matters that do not pertain to City business will not be heard.

When addressing the City Council for Public Comment, the following rules shall be strictly adhered to:

- 1) Those wishing to address the City Council during the public section of the meeting shall sign in; providing name, address and the topic or concern being addressed.
- 2) No person shall speak for longer than five (5) minutes unless allowed permission from the Mayor. Public Comments shall be timed accordingly by the Mayor (or their designee).
- 3) The Mayor may terminate or suspend Public Comment at any time.
- 4) All Public Comments shall be addressed to the Council as a whole. No comments may be addressed to individual Council members, the City Administrator, members of City staff or other members of the public.
- 5) There shall be no debate on any issue raised during Public Comment.
- 6) Matters raised under Public Comment may be referred to City staff by the Mayor for review and future response. The City Council or City staff may not provide a response to the comment or concern at the time it is raised, as additional research may be required to appropriately respond to such comment or concern.
- 7) All members of the public addressing the City Council shall, at all times, maintain proper decorum.
 - a. No person shall speak until recognized by the Mayor.
 - b. All persons shall address the City Council by standing (unless physically unable to do so). Statements made from the audience shall be considered 'out of order.'
 - c. All comments shall be courteous, respectful and to the point.
 - d. Statements made shall not impugn motives, be contentious, slanderous, or boisterous.
 - e. No obscene or insulting statements shall be allowed.
 - f. Threats and personal attacks are prohibited.
- 8) Any person called 'out of order' by the Mayor shall immediately stop speaking and shall abide by the Mayor's direction.
- 9) Outbursts or disruptions by the public at City Council meetings are prohibited. Audience members are asked to keep their voices to a minimum so as not to disturb the business being conducted by the City Council.
- 10) Should hand-outs, literature or information be presented by the public at the meeting, a minimum of 15 copies shall be made available to the Mayor, Alderpersons, City Clerk, City Attorney and City staff.
- 11) In the event the City Council meets remotely, rules describing protocol for the Public Comment section of the meeting shall be disseminated in conjunction with posting of such meeting's agenda.
- 12) Any person who fails to abide by the rules of proper decorum, who interferes with the orderly conduct of business or who persists in disorderly, disruptive conduct may be removed from the meeting and may be subject to arrest.

STATE OF ILLINOIS
COUNTY OF WHITESIDE
CITY OF MORRISON
OFFICIAL PROCEEDINGS

November 13, 2023

CALL TO ORDER

The Morrison City Council met in Regular Session on November 13, 2023, at 6:30 p.m. in the Morrison Community Room, 307 South Madison Street, Morrison, Illinois. The meeting was called to order at 6:30 p.m. by Mayor Scott Vandermyde. City Administrator Brian Melton recorded the minutes.

ROLL CALL

Alderspersons present on roll call were Sidonna Mahaffey, Gregory Kruse, Todd Schlegel, Harvey Zuidema, Vernon Tervelt, and Matthew Tichler. Absent: Josh West, Kevin Bruckner and City Clerk Michael Hemmer. City officials present were Police Chief Pedro Valladares, City Treasurer Maggie Jones, and Recreation Services Director Nathan Jacobs.

PLEDGE OF ALLEGIANCE

Cited.

DECLARATION OF INTENT TO RECORD

Charlene Bielema, Shaw Media.

PUBLIC COMMENT

None.

REPORT OF CITY OFFICERS, DEPARTMENT HEADS AND/OR COMMITTEES

Chief Valladares reported on the Police Department's \$200 donation to Pink Heals of the Sauk Valley for Breast Cancer Awareness Month in October.

Director Jacobs provided a verbal report on upcoming events and activities.

City Administrator Melton provided information on the Water Survey being sent out to the community by Aqua Backflow. The survey is being done for the City of Morrison, as a public water supplier and a requirement of the IEPA.

CONSENT AGENDA

Ald Kruse moved to approve Council Meeting Minutes for October 23, 2023; Bills Payable for \$81,532.13; Planning & Zoning Board Meeting Minutes for October 25, 2023 and Street Closure

Request by Chamber of Commerce for November 25, 2023; seconded by Ald Zuidema. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

ITEMS FOR CONSIDERATION AND POSSIBLE ACTION

No items were removed from Consent Agenda.

Ald Tervelt moved to approve Ordinance 23-11 Annexation of Parcels, Address of 14601 Norrish Road as presented, seconded by Ald Mahaffey. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

Ald Mahaffey moved to approve the strategic plan proposal by NIU Center for Governmental Studies as presented for \$22,400, seconded by Ald Tichler. Discussion. Ayes: Mahaffey, Schlegel, Tichler and Vandermyde. Nays: Zuidema, Kruse and Tervelt. Absent: West and Bruckner. Motion passed.

Ald Zuidema moved to approve the purchase of a Glassware Washer from USABlueBook as presented for \$16,533.45, seconded by Ald Schlegel. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

Ald Zuidema moved to approve Resolution 23-07 Abatement of the Real Estate Tax, Dyke Property as presented, seconded by Ald Mahaffey. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

Ald Mahaffey moved to approve Resolution 23-08 Abatement of Certain Taxes GO Bond 2016-20 as presented, seconded by Ald Zuidema. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

Ald Kruse moved to approve Resolution 23-09 Abatement of Certain Taxes GO Bond 2021-08 as presented, seconded by Ald Tichler. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

Ald Zuidema moved to approve to publish the draft Ordinance 23-14 Annual Tax Levy, Tax Rate 1.11895% (4.994% increase) as presented, seconded by Ald Mahaffey. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

Ald Zuidema moved to approve Change Order No. 1, Martin & Company (Street Project) with an increase of \$10,918.00 as presented, seconded by Ald Mahaffey. Discussion. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed.

ITEMS FOR DISCUSSION & INFORMATION

Administrator Melton provided and reviewed an update to the Capital Plan; Streets & Water Infrastructure. Historical data for the Motor Fuel Tax and 1% Sales Tax funds were provided and discussed. At this time, no significant street project is being planned for calendar year 2024 other than possibly the Genesee/Lincolnway intersection, alleys and sidewalks.

Administrator Melton provided an update on the Genesee/Lincolnway Intersection Improvement Plan (GLIIP) and US RT 30 project. Adm Melton reported that he recently met with Willett Hofmann & Assoc. to update the GLIIP. Adm Melton reported that Mayor Vandermyde, Rep Brad Fritts and he met with representatives of IDOT on October 27 in Dixon. The meeting was positive and productive with possibly a more formal announcement in early 2024 for the future project of US RT 30.

EXECUTIVE SESSION

Ald Tervelt moved to go into Executive Session, seconded by Ald Kruse. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed. Executive Session was recorded by Adm Melton and began at approximately 7:36 pm.

Ald Tervelt moved to close Executive Session, seconded by Ald Zuidema. Ayes: Mahaffey, Kruse, Schlegel, Zuidema, Tervelt, and Tichler. Nays: None. Absent: West and Bruckner. Motion passed. Executive Session was closed at approximately 8:02 pm.

ACTION FROM EXECUTIVE SESSION

Ald Tervelt moved to compensate employees with a discretionary and one-time holiday bonus of \$275 (net pay) for all full-time employees, \$150 (net pay) for regular part-time employees, and \$50 (net pay) for seasonal employees, seconded by Ald Mahaffey. No discussion. Ayes: Mahaffey, Schlegel, Tervelt, and Tichler. Nays: Kruse and Zuidema Absent: West and Bruckner. Motion passed.

ADJOURNMENT

Ald Kruse moved to adjourn the meeting; seconded by Ald Schlegel. The meeting adjourned at approximately 8:04 pm without objection.

Approved:

Scott Vandermyde
Mayor

Brian Melton, City Administrator
for City Clerk Michael Hemmer

Memo

To: Mayor and Council
From: Barb King
Date: 11/27/23
Re: Bills Payable

CITY OF MORRISON, ILLINOIS USA

ORDINANCE NO. 23-14

**ORDINANCE FOR THE LEVY OF TAXES FOR THE CORPORATE PURPOSES OF
THE CITY OF MORRISON, WHITESIDE COUNTY, ILLINOIS, FOR THE PERIOD
COMMENCING ON THE FIRST DAY OF MAY, 2024 AND ENDING ON THE
THIRTIETH DAY OF APRIL, 2025.**

ADOPTED BY THE

COUNCIL

OF THE

CITY OF MORRISON

THIS 27th DAY OF NOVEMBER, 2023

Published in pamphlet form by authority of the Mayor and City Council of the City of Morrison,
this 27th day of November, 2023.

ORDINANCE NO. 23-14

**ORDINANCE FOR THE LEVY OF TAXES FOR THE CORPORATE PURPOSES OF
THE CITY OF MORRISON, WHITESIDE COUNTY, ILLINOIS, FOR THE PERIOD
COMMENCING ON THE FIRST DAY OF MAY, 2024 AND ENDING ON THE
THIRTIETH DAY OF APRIL, 2025.**

WHEREAS, the Illinois Municipal Code provides for and specifies procedures for adoption of an annual tax levy; and

WHEREAS, the City Council has undertaken analysis of the needs of the City of Morrison for the upcoming fiscal year; and

WHEREAS, the City Council hereby finds that it is in the best interest of the residents of the City of Morrison, and necessary for the operation of the City, to adopt the tax levy set forth below.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF MORRISON, WHITESIDE COUNTY, ILLINOIS, AS FOLLOWS:

SECTION ONE: The City Council of the City of Morrison finds that the recitals set forth above are true and correct and incorporate the recitals within this Ordinance.

SECTION TWO: That the sum of \$668,123 being part of the total appropriated amount heretofore legally made for the corporate purposes of the City of Morrison, which commences on the first day of May 2024 and ending on the thirtieth day of April, 2025, is hereby levied and assessed on all property subject to taxation within the City of Morrison according to the value of the property as assessed and equalized for state and county purposes for the current year.

SECTION THREE: The City Council finds and determines that it is in the best interest of the City of Morrison to levy taxes in the aggregate specified amounts identified in Section TWO, and therefore levies that aggregate amount and identified by the following specific sums encompassing the aggregate levy for the fiscal year ending April 30, 2025:

Tax Levy Summary

General Corporate Tax	\$ 149,299	(65 ILCS 5/8-3-1)
Odell Library	\$ 89,579	(75 ILCS 5/3-1)
Odell Library – Building	\$ 11,944	(75 ILCS 5/3-1)
Police Protection	\$ 44,790	(65 ILCS 5/11-1-3)
Morrison Fire Department	\$ 77,671	(65 ILCS 5/11-7-1)
Street Lighting Tax	\$ 29,860	(70 ILCS 3305/9)
Cemetery	\$ 14,930	(65 ILCS 5/11-50-1)
IMRF	\$ 86,593	(40 ILCS 5/7-172 & 173)
FICA	\$ 89,579	(41 ILCS 5/21-110)
Audit	\$ 7,166	(65 ILCS 5/8-8-8)
Tort, Liability and Property Insurance	\$ 65,691	(745 ILCS 10/9-107)
Emergency Services/Disaster Ops	\$ 1,021	(65 ILCS 5/8-3-16)
Total	\$ 668,123	

SECTION FOUR: This ordinance shall be in full force and effect from and after its passage approval and publication as required by law.

SECTION FIVE: The City Clerk is hereby directed to publish this Ordinance in pamphlet form and to Certify and file this Ordinance with the County Clerk of Whiteside County on or before the time required by law.

Passed by the Mayor and City Council of the City of Morrison, Whiteside County, Illinois on this 27th day of November, 2023.

Scott Vandermyde, Mayor

Good afternoon Brian

Please find attached our quote for a replacement Kromer groomer

Improvements from the older units are as follows:

- 1) Larger engine (20.8hp)
- 2) Larger hydraulic system including pump, 5 gal reservoir and cooling system
- 3) Heavy duty wheel motors with 7000# axles
- 4) Hydraulic down pressure for improved control of groomer harrow
- 5) More comfortable operator seat
- 6) Larger paint/water tank
- 7) More power for Ridge Remover Broom

Please review and advise

Field Commander™ Specifications

Rev7.0

Design

- Computer aided design/Computer aided manufacturing - CAD/CAM
- Precision laser cut and powder coated painted parts with infused labels and directions
- Patents pending
- Modular components and assembly for quality, reliability and ease of repair and maintenance
- For both natural turf and artificial turf- indoor and outdoor usage
- For painting, grooming, spraying, fence line weed removal, and utility capabilities
- For removing painted lines, logos, end zones on synthetic turf as well as grooming the turf

Propulsion System

- Engine V twin cylinder
 - Honda GX630, 97.9lbs, 42 cu in (688 cm³). Net Horsepower 20.3 hp (15.1 kW)
- Fuel System
 - 6 gallon capacity total, 5 ½ gallon main, ½ gallon reserve capacity, aluminum fuel tank with tethered gas cap
- Hydraulics
 - Parker hoses and fittings with inline filter
 - Propelling pump
 - Infinitely variable, bidirectional, axial piston pump design
 - Direct coupled, tandem configuration, with auxiliary accessory pump
 - Wheel Motors
 - 2 Fixed displacement, bi-directional, high torque orbital wheel motors
 - Rated 7250 lb rear axle capacity.
 - Auxiliary pump
 - Fixed displacement, gear pump
 - 6CM³/rev and 5.46 GPM
 - Cooling system for hydraulics
 - Aluminum heat exchanger, fan forced air exhausts heat from engine and hydraulics
 - 12V, 5.4A fan 280 CFM
 - 8"x 8" x 4.5"
 - Hydraulic fluid tank with sight gauge and internal filter
 - 5.4 gallons system capacity uses 15w-50 or 20w-50, SL/SJ class engine oil
 - Wheels and tires
 - Front 16 x 17.5-8 low ground pressure 4 ply Turf Tech
 - Rear 23 x 10.50-12 low ground pressure 4 ply Turf Tech
 - Forward speed (variable to) 11.8 MPH –reverse speed (variable to) 3 MPH

Electrical System

- Voltage/ amperage- 12v, 20 ampere charge
- Battery – 340CCA/ 425CA
- 12v accessory receptacle-charger port
- Gauge package, hour meter, volt meter, paint PSI
- All harness wiring color-coded for ease of troubleshooting/maintenance
- High quality connectors - commercial soft shell pin and socket
- Quick disconnect couplers at forward accessories
- Modular assemblies for ease of maintenance and troubleshooting

Paint /Water/Chemical Tank and Spraying System

- Top quality hoses and fittings
- Brass regulator/stainless steel internal seat and poppet
- Kromer customized Hypro High Pressure Paint Pump 290 PSI 6 GPM
- Built in storage compartment and cup holder
- Paint systems options
 - Ultra Pressure™ Line Painter with Easy Fast Fill™ can save up to 50% in paint costs
 - Low Pressure Line Painter with Easy Fast Fill™
 - Spray boom 4 sizes
 - 4 line painter heads available
- Tank system
 - 65 gallon capacity
 - Custom patent pending design 62.5 gallon paint/water/ chemical capacity
 - Durable corrosion proof high quality rotomolded plastic
 - Integral 2.5 gallon fresh water rinse tank (tank within a tank)
 - Easy outboard fill location for both tanks
 - Quick lock lid on main tank
 - Double filtration (basket filter, and inline bowl filter/strainer)
 - Ezy Fast Fill™ system Gulper pumps direct from a 5 gallon 70 lb paint pail into main tank
 - Gulper decreases viscosity of paint, making easier to mix with paint agitation
 - Gulper pump
 - diaphragm/electric, non-choke valves, run dry capable, self-priming, high-flow
 - Dual in-tank agitation/rinse nozzles
 - Easy-rinse sloped sump system
 - Cleans systems 3 ways
 - With water hose flushing main tank
 - Connect water hose to paint pump using rinse nozzles for main tank
 - Cleans paint nozzles, paint lines and paint pump with fresh water in 1 minute

Ergonomics

- Ezy Fast Fill™ Paint system-eliminates heavy lifting
- Larger operator compartment-increased steering wheel clearance, larger foot wells, improved accelerator foot pedal
- Cool grey seat with lumbar support has adjustable: variable-rate suspension, seat back angle, , armrest height and angle, fore/aft movement
- Main painter head – foot operated lift assist. (greatly reduced effort , a 72% reduction)
- All controls clearly marked
 - Special process infused within powder coat paint
 - Color coded and grouped

Versatility

- 35 + options/accessories –(see options page)
- Custom modifications available
- Rear attachments
 - Quick Change System
 - No tools
 - 1-2 minute changes
 - Hydraulic raise/lower and lock for precise depth of grooming
 - Float mode provides more versatility for field types, conditions and speed grooming

Dimensions

- Main tractor without options/accessories
 - Weight - 989 LBS
 - Length – 82.6"
 - Width – 45.6"
 - Height – 52.3"

Warranty

- 2 years on parts, 1 year on labor and 6 months on travel costs

Quantity	Items	Weight	Price	Amount
1	10-99114 Force z23s EFI (Kohler ECH740) Force By ABI model z23s is among a new class of patented zero-turn work vehicles. This industry-first commercial-grade zero-turn vehicle, when optionally equipped, is built for world-class ballfield maintenance and renovation, turf care and installation, and precision grading work. The drivetrain features a powerful and fuel-efficient commercial-grade 23 hp (747cc) Kohler Command PRO EFI engine (eliminates carburetor), 2-stage cyclonic canister air filter (protects engine), and a commercial hydrostatic drive system that directly couples the drive pumps to the engine (eliminates belts). This machine additionally enables fingertip hydraulic command of the patented spring mid-mount pitch-&-lift system and rear-mount swivel-lift system. Both mid and rear systems are ready to be configured with a range of optional ABI designed attachments to meet specific requirements (multifunction rake included). Ensure consistent world-class results with the z23s speed-lock and depth-lock features. The z23s is built upon a rugged tubular steel frame with removable, easy access service panels, large 24" air-filled rear tires, and 13" front casters. Commercial 24-Month Limited Chassis Warranty and 36-Month Unlimited Hour Engine Warranty (Customer assembly & uncrating required - Required attachments sold separately - EPA & CARB Compliant)	1,500	\$28,999.00	\$28,999.00
1	10-99029 Mini-Box Blade for ABI Force (Solid Edge) ABI's Mini Box Blade attachment provides earth-moving muscle to quickly and effectively carry material, grade, and level with precision! The mini box blade mounts at the underbelly midpoint of the machine enabling mini motor grader type leveling consistency. With the available laser system and the mini box blade attachment, the ABI Force transforms into the world's most accurate agile laser grading machine. (Solid Edge / 60" Mid-mount Attachment / Customer Assembly Required)	90	\$599.00	\$599.00
1	10-90337 Angle and Center Plate for Solid Mini Box Blade Angle and Center Plate for Solid Mini Box Blade			
1	10-90341 Left & Right Ends, Wheel Guide and Hardware for Force Mini B Left & Right Ends, Wheel Guide and Hardware for Force Mini Box Blade. Note: If ordering for Z18, must order 10-90144 separately.			
1	10-90165 VibraFlex 5' Infield Drag (Model 3800) The VibraFlex Infield Drag, model 3800, is an innovative attachment that prepares recreational level baseball and softball infields with four rows of evenly staggered U-pins that groom any infield material. Unlike conventional nail boards, VibraFlex pins are easy to replace, and ABI's technology positively controls ground-engagement depth regardless of material moisture or compaction. Charge out pins based upon application and desired results. 60" wide 3/4" spacing Includes 1/4" and 3/8" pins 1/4" pins are preinstalled. MODEL 3800	75	\$849.00	\$849.00
1	10-90253 Set of 2 Profile Blades for Infield Rascal & ABI Force, w/Hardware Profile Blades de-compact the infield and warning track surfaces and eliminate vegetation at the root level without up-ending the infield's profile during light renovation work. (5.5' Wide)	35	\$499.00	\$499.00
1	10-99137 6' Rigid Drag Mat w/ Level Bar (For z23s pivot-lift) The Rigid Drag Mat with leveling bar is an all-purpose attachment to level, smooth, and finish. This drag-mat is 6' wide and 1.5' long and is designed to float material from high areas into low areas WITHOUT following small contours of the ground. This drag-mat is custom designed to mount to the ABI Force z23s articulating hydraulic lift system. It also includes an adjustment linkage to set desired results. RENOVATE, MAINTAIN, AND GROOM INFIELDS

PURPOSE-BUILT FOR BALLFIELDS

The ABI Force empowers operators with the control necessary to groom, prepare, and renovate; creating the safest and most playable surfaces possible. With available mid- and rear-mounted attachments engineered specifically for ballfields, the Force is quite simply the best infield maintenance and renovation machine on the market.

FORCE ADVANTAGES

GAME DAY PREP - Reduce weather-related delays and postponements by getting your field playable, faster.

FINE TUNE - Patented lift and swivel rear-mount system replicates the finesse of a hand-raked finish.

FIX IT - Leverage a mid-season away series to re-laser grade the infield... no heavy equipment required.

FOUR WINDS FIELD

abiFORCE

RENOVATE, MAINTAIN, AND GROOM INFIELDS

I tell people if they're maintaining their ballfields with anything else other than an ABI Force, you're wasting your time. I can laser grade our ballfields in a day. Regular infield maintenance with the Force is at a whole new level.

-Rodney Jordan
Rock Haven Turf Specialties

SINGLE-PURPOSE PRECISION MEETS MULTI-TASK MASTER

In using the ABI Force we've been able to streamline our training process for employees, which makes us more efficient. The Force takes the place of at least 3 pieces of equipment, which saves us money. Because it's returned its investment so quickly and because it's so versatile...we just need more of them!

Ryan DeMay
City of Columbia Park & Recreation

TRENCHING

Nothing goes deeper or faster with better visibility and control. Remove dirt marks, tired conditioners, and clean edges quickly. Attachments are available for any job and individual material and finish desired. Even soil dig 14" deep with laser precision with our patented Vision-Aligning.

WATER LAYER GRADING

Allow perfect drainage to the outside with the machine's automatic all-terrain control or dual drive grades. The high or low areas the human eye has trouble seeing to make the field playable faster after a rain event. After grading, the same machine can then finish the field to game ready condition.

GRAVEL SURFACING

The RPS system enables the scarifiers to easily rip out potholes and compacted gravel on driveways and parking lots. Paired with the Box attachment, the machine can fill low and cut down high to the damage lines on paths, trails, and fire walkways as well.

FLATWORK LAYER GRADING

Prepare very accurate sub-grades for concrete slabs anywhere with a 1" doorway. Work inside light areas with zero-turn maneuverability, getting underneath light. Make quick work of clay tennis courts as well.

POUGH LAYER GRADING

The ABI Force is ideal for decomposing, grading, and dragging round piles and circular horse walkers up to a depth of three inches. Precise depth control keeps feeding consistent while enabling quick work around jumps and other obstacles.

TELEBOX LAYER GRADING

Get perfect water runoff with a machine the size of a minivan! New construction or renovations can happen quickly with laser precision down to 1/8". Reduces man power and equipment needs.

LAWN REED & SOO MAT

Early season, seed, and seed light areas and short in areas for trees. Carry a seed spreader material with the drop attachment and fill holes fast.

SEEDING

Prepare perfect seed beds quickly. Loosen, broadcast, and compact to the perfect firmness in tight spaces and along edges or corners.

FLUX ON BIT ACTIVATING

Allow water, oxygen, and nutrients to reach the roots by reducing compaction on soils where air plugs in the soil. When paired with our 10" dig, you can break up the roots while you work. Soak the site area and you can aerate like a lawn mower you can use on your lawn.

INTERSEEDING

Using a combination of rollers the Force can quickly remove existing seed. Aerial broadcast seed can be in tight areas with one track, one machine, and one operator.

FERTILIZING

The 120 lb capacity hopper allows accurate application of a variety of nutrients quickly. The visibility, maneuverability, and control of the Force allow the job to get done faster than other methods.

EDGING

Early and quick edge inside, cut paths, sidewalks, and even landscape beds with total control. Create straight cuts or free form organic shapes to suit your needs. Edging is quick and clean in setting out.

abi FORCE

MULTI-TASK MASTER

MID-MOUNT ATTACHMENTS

QUICK-SWAP ATTACHMENTS

A FULL FAMILY OF TOOL-FREE INTERCHANGEABLE ATTACHMENTS TO GET MORE WORK DONE

ZERO-TURN PLATFORM, HEAVY DUTY RESULTS, ZERO COMPROMISES

ENGINEERED WITH **RIVE**

Hydraulically controlled by our patented RIVE system, our mid-mount attachments are able to do the work of much larger and heavier equipment while avoiding the damage and compaction they can cause to surrounding areas.

NEW BAR BLADE
The New Bar Blade attachment gives the ABI Force extra earth-moving muscle and unmatched versatility. The New Bar Blade easily mounts to the ABI Force's unique mid-mount attachment system with drive-over capability.

MULTI-FUNCTION BLADE
Can be pitched vertically to back blade material from high areas and fill into low areas. It can pull off loose vegetation and debris into piles, and it creates an ideal finish on gravel parking lots and for other heavy dirt work. Includes the base configuration.

VERTICAL DIG
With a higher number of pins, the Verticals mild Dig S&B prepares, compaction and professional level backfill and subfill materials with four rows of evenly staggered U-pins that shatter surface tension to prepare any engineered soil and surface conditions.

VERTICAL DIG
The Vertical mild Dig S&B is an innovative attachment that requires no traditional level backfill and subfill materials with four rows of evenly staggered U-pins for any solid material. Unlike conventional methods, the Vertical pins are easy to replace, and our RIVE technology provides controlled ground engagement depth regardless of material moisture or compaction.

ROCK BUSTER
Dirt and gravel mix to enter the hard rock's surface and break it. The Rock Buster's unique design of three blades and replaceable barrow teeth to capture and remove 1" and larger stones from loose material.

TOOTH BAR
The Tooth Bar is designed to fracture and loosen materials to keep the optional fine bar loaded with material to improve efficiency when grading. Configure the Tooth Bar to 2" or 6" spacing for your job site.

STABILIZER BLADE
Stabilizer Blades offer the perfect substitute for compaction. The stabilizing action between the Profile Blades and Scarifier's U-pins breaks up vegetation, with ease. Great for de-watering an infilled site or vegetation removal of the site.

PROFILE BLADE
Used to de-compact the surface without up-ending the surface profile. For light excavation work, the patented Profile Blade attachment provides unparalleled de-compact results by slicing the compacted area of the infilled material from 1/2" up to 3 inches under the infilled surface.

SCARIFIER
The Scarifier ripping teeth make easy work of extreme hardpan and vegetation. The ripper enable the ABI Force to be used to remove infills, maintain gravel roads or parking lots, and even complete seedbed preparation jobs.

ROLLER WEIGHT
The rollerblades roller has a 54" working width & 20" roller diameter. The roller compact 10' and soil surfaces, with an approximate 130 ton of variable pressure. When weight is applied to the machine, it includes three 45 lb weights with handles and a cam-pilot bar. The roller blade is for transport.

FLUXIONATOR WEIGHT
The available 48" fluxionator, mounted to the mid-mount hydraulic lift system, weighs 115,000 lbs. It has four working output. With hydraulic downward pressure and 400 lbs. of weight, this machine equates many dedicated rollers when achieving core depths up to 3'-1/2'.

SITUATION WEIGHT
A best-in-class version of the core roller, the S&B roller can lift to the surface, up to 2' deep, to assist in excavating, compaction and on the site to assist in opening the infilled surface. 300 lbs. of machine weight allows the rollers break up some of the hardest surfaces.

INDUSTRIAL LEADING MID-MOUNT ATTACHMENTS

REAR-MOUNT ATTACHMENTS

QUICK-SWAP ATTACHMENTS

A REVOLUTIONARY REAR LIFT & SWIVEL SYSTEM ACHIEVES HAND-FINISH QUALITY RESULTS IN A FRACTION OF THE TIME

PRO FINISHER
The premier self-finisher was developed in partnership with professional painters for their daily use. A coated urethane evenly coats over the initial surface material to level and redistribute conditioner. Flared edges seal breakwaters edges, leaving no trails, even on sharp turns. The Pro Finisher is designed for use on well-maintained and already level fields.

FINE FINISH BOOM
The Fine Finish Boom creates the perfect finish in both high and low moisture conditions on well-maintained surfaces. This boom is 7' wide and offers 3 rows of blades. The mounting arms are adjustable to set the angle for the perfect amount of boom pressure needed for desired performance.

EXTREME DAY
Extreme Day attachments are ideal to prepare an infield ready for play with heavy grade yet lighter rest material. galvanized steel mesh, tested for all ball diamonds, trail maintenance, breaking up sandstone cores, leveling turf areas, and more. Extreme day attachments are the heaviest duty mats on the market and are designed for the most demanding situations.

VIBEFLEX 3000
The all-new VibeFlex 3000 is a game-changer. Designed behind the ABI Force, two staggered rows of 14" x 18" VibeFlex plates that are designed to remove tire compression and air out the field. Simply lower the rear hydraulic lift to engage the VibeFlex 3000 for soil aeration and later grading applications.

ECO MAT
A rigid metal mat with built-in leveling bar is perfect for every-day use and a perfect finish. The rigid metal mesh breaks up small clods and clumps of dirt that are typically missed by a broom and the raised bars trade with the inside tire through turns to cover all the tracks.

COCO MAT
A perfect mat for surfaces with more moisture, the Coco Mat also has a built-in leveling bar to help fill in low spots while also having a clean finish.

SCOOP
No need for a wheelbarrow if you have an ABI Force with our Scoop on your trailer. With its hydraulic lift system and electric actuated dump and restriction ability, the Scoop can carry up to 300 pounds of mulch in roll and place it right where you want it.

REAR MOUNT CATPAW
The rear-mount Catpaw for the ABI Force gives you complete control over your seed-to-soil contact. The system collects mulch, breaks it apart, and spreads it evenly over the spring system, applying mulch and seed to the soil in a consistent manner.

PILE AND GROOVE
A good catpaw is indispensable in achieving quality germination and growth with your broadcast seeding projects. Ensuring proper seed-to-soil contact, mulch, moisture absorption, and germination, the catpaw is a critical part of the seeding process. Catpaw's ability to seed to great depths and create moisture-holding pockets. The seed in and create moisture-holding pockets.

SEED & FERTILIZER SYSTEM
Holds 120 lbs. of material and has an adjustable spread pattern from 4 to 25 feet, adjustable flow, and side deflector. This commercial grade and independently controlled electric spreader is ideal for precisely broadcasting evenly any type of seed, fertilizer and even some solid surface conditioners.

PRO EDGE SYSTEM
Clearly define infield edges, cut paths, and landscaping with this patented edge system. The edge mounts to the hydraulic lift and must be used in complete target placement. The removable 20" blades are in full material depending on the mounting configuration of the lift to create a clean cut edge.

SNOW REMOVAL SYSTEM
Ideal for contractors looking to make quick work of sidewalks and light traffic in residential areas and around commercial buildings. This snow removal system includes all the hydraulic and mechanical components needed to connect a 2000+ lb. 4" x 6" wide 40" high snow plow blade to an ABI Force, model 121.

FRONT AND SIDE-MOUNT

ADDITIONAL ATTACHMENTS

Extend the functionality of the ABI Force and take an already versatile machine to a whole new level.

Field Pro® 6040 Specifications

MultiTool™

The Field Pro MultiTool is an innovative design that includes an integrated grader and an adjustable tool carrier to quickly and accurately grade, groom and perfect your infields. When fitted with the optional laser grading system the Field Pro 6040 will easily grade your infield for optimal game playing conditions.

MultiTool Adjustable Carrier

The MultiTool Adjustable Carrier allows for coarse or fine scarifying, allowing operator adjustments from field to field depending on conditions. Hydraulically-controlled depth and angle adjustment provide precise interaction, where needed, for desired results.

QAS Rear Quick Attach System™

With the rear QAS, anyone can switch from one attachment to another in less than a minute, with no tools required. Match the machine to the environment to get your fields back into playing condition. QAS allows you to do more with less, and get the job done faster.

MultiTool Box Grader

The integrated MultiTool box grader is nearly 6 feet (182 cm) wide for efficient and accurate grooming. Made from high-strength steel, the grader is built to last for years of dependable service. When fitted with the accessory tool holder, the grader is able to incorporate several additional tools including an Edger, Root Cutter, and Planer Blade Kit. Includes an abrasion resistant changeable wear edge.

Rear QAS and MultiTool Attachments Available.

FIELD PRO 6040, MODEL 08839	
ENGINE	Kohler® Command PRO® 4-cycle OHV commercial gas engine. 25hp (18.6 kW) at 3600 RPM (SAE J1940). 44.0 cu. in. (725 cc). Oil Capacity: 2.0 quarts (1.9 liter).
AIR CLEANER SYSTEM	Premium air filtration system.
FUEL CAPACITY	8.0 gallon (30.3 liter) unleaded gasoline.
TRACTION DRIVE	Independent commercial grade high-torque wheel motors.
GROUND SPEED	Infinitely variable 0-10 mph (0-16 km/h) forward; 0-5.0 mph (0-8.0 km/h) reverse.
HYDRAULIC OIL	7.5 gallon (28.4 liter) system capacity. Polyethylene reservoir to reduce corrosion. 5 (nominal) micron replaceable cartridge.
MULTITOOL	Model 08854, sold separately – mid-mounted MultiTool includes an integrated 68" (172 cm) box grader and adjustable carrier with spring tines and solid carbide tines.
TIRES/WHEELS	Rear: 24 x 12.00-12, Front: 15 x 6.00-6 commercial caster wheels.
CONTROLS/GAUGES	Hand operated choke, throttle, and hydraulic controls for raising/lowering and actuating the MultiTool Adjustable Carrier. Rear hydraulic lift and lower controls. Gauges: fuel, hour meter.
DIMENSIONS	Width: 67.8" (172 cm), Length: 103.8" (264 cm), Height: 50.7" (134 cm), Wheelbase: 59.6" (151 cm)
GROUND CLEARANCE	7.3" (18.4 cm)
WEIGHT	Net weight (less fluids): 1,620 lbs. (735 kg) with MultiTool installed.
WARRANTY	Two-year limited warranty. Refer to the Operator's Manual for further details.

*Specifications and design subject to change without notice. Products depicted in this literature are for demonstration purposes only. Actual products offered for sale may vary in use, design, required attachments and safety features. See distributor for details on all warranties.

SAND PRO® 3040/5040

It's time to demand more from your grooming rake. With the exclusive Quick Attach System™ (QAS) offering tool-free, quick attachment change-outs and over 25 valuable attachments, the Sand Pro 3040 and 5040 are versatile utility vehicles with many uses. The Sand Pro 5040's optional front QAS provides added flexibility and exclusive steerable front attachments to ensure precision. The Toro Sand Pro keeps bunkers and sports fields in tournament condition every day.

» FEATURES

- Quick Attach System to change implements in seconds without tools
- Over 25 implements available (See List)
- Hydraulic power steering (5040)
- Exclusive steerable front attachments (5040)
- 16hp (11.9 kW) – 3040, 18hp (13.4 kW) – 5040 Vanguard® V-twin engine
- Responsive hydraulically-actuated front (5040) and rear attachments

» ACCESSIBLE MAINTENANCE

The unit was designed to reduce, simplify, and increase access to all scheduled maintenance. The majority of scheduled maintenance tasks can be accessed by lifting the operator seat. For increased access, the side and center quarter panels can be taken off by removing just a few bolts.

» QUICK ATTACH SYSTEM

With the Quick Attach System (QAS), anyone can switch from one attachment to another in less than a minute, with no tools required! Match the machine to the environment to get your fields back into playing condition. QAS allows you to do more with less, and get the job done faster.

Rear QAS is standard on the Sand Pro 3040 and 5040. Front QAS is optional on the Sand Pro 5040.

ATTACHMENTS & ACCESSORIES

LIP BROOM

Specially designed bristle broom driven by QAS remote hydraulics and removes ridge buildup by sweeping material back into the infield. Hydraulically lifted and lowered, steerable, and offers flexibility for aggressiveness and speed.

QAS™ BUNKER PUMP
Bring your flooded areas back in play faster. Driven by powerful on-board hydraulics, the Bunker Pump throws water up to 40 ft (12.2 meters), pumping 95 gallons per minute (360 liters per minute).

HYDRAULIC FLEX BLADE
Steerable flex design provides ultimate control. Levels, packs and smooths uneven areas in one pass. Dual-function edge can be rotated on the jagged or smooth side. 36 inch (91.4 cm) wide steel blade with four position settings: Raise, Hold, Lower, and Float.

SPORTS FIELD EDGER
Maintain or renovate ball fields by removing overgrown turf infield or warning track lip build up.

FLEX GROOMER
Pairs with Nail Drag offering complete grooming in one pass. Optional Accessories include AutoMat or Manual Drag Mat.

CARBIDE TINE TOOLBAR
Carbide tips withstand the harshest conditions. Perfect for loosening compacted infields. Hardened carbide tips available for scarifier teeth. Requires Mid-Mount Assembly.

AUTOMAT DRAG MAT
Automatically engages the infield skin as the Nail Drag is lowered.

SPRING RAKE
Designed for sole use or with a tooth rake. Great for wet conditions and collecting debris in groomed areas. Five individual rake sections and spring teeth for excellent flotation and minimal surface disruption.

NAIL DRAG
Can be lifted and lowered hydraulically and has adjustable down-pressure across the entire width of the drag for a smooth, even scarification across all surfaces.

FRONT ATTACHMENTS

- Hydraulic Flex Blade
- Manual Blade
- Bunker Pump
- Lip Broom
- Nordic Plow

MID ATTACHMENTS

- Weeder Tine Toolbar
- Spring Tine Toolbar
- Solid Tine Toolbar
- Carbide Tine Toolbar
- Sports Field Edger
- Profile Blade Toolbar

REAR ATTACHMENTS

- Flex Tooth Rake
- Manual Drag Mat
- Coco Drag Mat
- Steel Drag Mat
- Bunker Pump
- Segmented Grooming Broom
- Spiker
- Finish Grader
- Debris Blower
- Lip Broom
- Spring Rake
- Nail Drag
- Tooth Rake
- Flex Groomer
- AutoMat Drag Mat
- Rake Groomer
- Grooming Brush
- Basic Drag Mat

SPECIFICATIONS

SAND PRO® INFIELD GROOMER/BUNKER RAKE

MODEL	2040Z	3040	5040
ENGINE	Kawasaki® 2-cylinder, air-cooled, gasoline engine; Gross HP: 13.6 HP (10.1 kW), Governed HP: 12.2 HP (9.1 kW) @ 2400 rpm; Max torque 27.3 ft-lbs. (37.0 Nm) @ 1800 rpm; Displacement 36.7 cu-in. (603 cc); Oil capacity w/filter 1.7 qts. w/filter (1.5 w/o filter); Oil Filter External, spin-on	Vanguard® V-twin cylinder, 4-cycle, OHV, air-cooled, gas engine with cast iron sleeves. 16 hp (11.9 kW) at 3600 rpm. Displacement: 29.3 cu-in. (480 cc). Oil capacity: 1.75 quart (1.8 liter). Electronic ignition. Full pressure lubrication, oil filter. Base mounted engine and pump with 4 isolation mounts.	Vanguard® V-twin cylinder, 4-cycle, OHV, air-cooled, gas engine with cast iron sleeves. 18 hp (13.4 kW) at 3600 rpm. Displacement 34.8 cu-in. (570 cc). Oil capacity: 1.75 quart (1.8 liter). Electronic ignition. Full pressure lubrication, oil filter. Base mounted engine and pump with 4 isolation mounts.
AIR CLEANER SYSTEM	Heavy-duty single-stage cyclonic air filter with replacement element	Remote-mounted 3-phase Donaldson® air cleaner.	
FUEL CAPACITY	4.5 gals (17 liters) of unleaded gas (maximum 10% ethanol)	5.0 gallon (18.9 liter) of unleaded gasoline	
TRACTION DRIVE	Belt-driven independent infinitely variable unitized transmission, with automatic tensioning system.	Direct driven hydrostatic variable displacement piston pump to 3 hydraulic motors for 3WD. Large, front mounted hydraulic cooler and fan. Foot pedal control, forward/reverse. Patented Series/Parallel hydraulic traction system keeps three wheels working together, virtually eliminates spin-outs.	
GROUND SPEED	Forward 0-12 mph (0-19.3 km/h). Reverse 0-4 mph (0-6.4 km/h). See Speed Limiter Kits below for additional information.	Infinitely variable 0-10 mph (16 km/h) forward; 4.3 mph (6.9 km/h) reverse.	
TIRES/WHEELS	Drive Wheels 25x12- 9, 3 ply rating pneumatic tubeless demountable with a Turf Tamer (knobby) tread. Front Wheel 16x7.5-8 4 ply rating pneumatic tubeless demountable with turf traction tread. Recommended tire pressure: 7 psi all tires	Three, 22 x 11.00-8 pneumatic tubeless tires on demountable, interchangeable wheels. Tire pressure: 8-10 psi (55.2-69 kPa).	
MAIN FRAME	Rectangular structured steel tube and high strength steel plate welded construction.	Tricycle vehicle with welded rectangular tubular steel frame construction. Rear engine placement.	
BREAKS	Twin levers with dynamic braking through hydrostatic transmission. Hand actuated parking brake lever that controls two integral wet disc brakes contained within transmission.	Dynamic braking through the hydrostatic transmission and hand actuated brake lever.	
STEERING	Power steering controlled through two independent control sticks with integrated dampers. Min. turning radius: 0° (0 cm)	Manual front wheel steering. 15" (38 cm) diameter steering wheel. Double lubed for life gearbox.	Hydraulic power steering. 15" (38 cm) diameter steering wheel.
CONTROLS/GAUGES	Ignition: Off/Run/Start; Throttle: Low - High Idle; Choke: Open/Closes choke plate; Parking Brake: Off - On LCD logic cluster includes hour meter and safety interlocks for operator presence, neutral and parking brake.	Hand-operated choke, throttle, and hydraulic control for raising/lowering with float. Foot pedal controls traction forward/reverse speed. Rear hydraulic lift and lower controls. Gauges: hour meter.	Hand-operated choke, throttle, and hydraulic control for raising/lowering with float. Foot pedal controls traction forward/reverse speed. Front and rear hydraulic lift and lower controls. Gauges: hour meter.
DIMENSIONS	Width: 71.5" (182 cm) with Nail Drag. Length: 84.8" (215 cm) with Nail Drag. Height: 73.0" (185 cm). Wheelbase: 58.0" 147 cm, Weight: 970 lbs. (439 kg) with Nail Drag	Width: 58" (147 cm). Length: 67.5" (171.5 cm). Height: 45.25" (114.9 cm). Wheelbase: 42.75" (108 cm). Weight: Net weight (less fluids): 930 lbs. (421.8 kg).	
SEAT	High back cushion vinyl seat with drain hole, integrated armrest and retractable seat belt; adjustment is 4 inches fore and aft.	High-back cushion seat w/drain hole. 4" (10.2 cm) front-back adjustment w/additional 1.75" (4.4 cm) mounting adjustment. (Arm rests optional)	
GROUND CLEARANCE	5.5" (14 cm) (at machine centerline 24 in tire)	6.0" (15.2 cm)	
WARRANTY	2-year limited warranty. Refer to the Operator's Manual for further details.	Two-year limited warranty. Refer to the Operator's Manual for further details. Briggs & Stratton® provides a two-year commercial engine warranty and a lifetime Magnetron® warranty.	

*Specifications and design subject to change without notice. Products depicted in this literature are for demonstration purposes only. Actual products offered for sale may vary in use, design, required attachments and safety features. See distributor for details on all warranties.

Features

Expand All

-
- + Powerful 13.5 hp (10.1 kW), 401 cc gas engine offers plenty of pulling and pushing power
-
- + Heavy-duty air filter protects engine in tough conditions
-
- + Torque converter and transaxle design provides excellent traction and tight turning radius
-
- + High flotation tires with low ground pressure to minimize compaction
-
- + Operator station design provides comfortable and productive operation

Request # 4

Loan # L17-3475

Please indicate compliance with the following by marking the checkbox:

☒	This disbursement request constitutes a report in accordance with Section 4(b)(2) of the Illinois Grant Funds Recovery Act (30 ILCS 705/4(b)(2)) and is intended to describe the progress of the project and the expenditure of the loan funds related thereto.
☒	The loan recipient is in compliance with all Standard and Special Conditions of the Loan Agreement and any subsequent Amendments executed for this loan project.
☒	No refunds, rebates, or credits have been received by the loan recipient.
☒	The loan recipient is in compliance with the wage rate requirements established in rules issued by the U.S. Department of Labor to implement the Davis-Bacon Wage Act and other related acts (29 CFR Parts 1, 3, and 5). Certified payroll records for the time period covered by the submitted invoices are being maintained and are available for review.
☒	If this disbursement contains construction costs, the Illinois Works Apprenticeship Initiative Periodic Report is included with this request. Only applies to loans issued since May 8, 2020.
☒	Engineering charges have been reviewed, and are reasonable, supported, and separated with documentation and in accordance with the approved engineering contract. The loan recipient acknowledges that no construction observation charges after the approved final completion date are eligible for loan reimbursement.
☒	Each prime contractor has current and appropriate insurance coverage including workman's compensation, public liability and property damage, fire, and extended coverage including "All Risk" type of Builder's Risk Insurance.
☐	Flood insurance has been acquired and maintained on eligible insurable structures under construction pursuant to the National Flood Insurance Act of 1968, as amended; or official exclusion from flood insurance requirements has been received from the Federal Emergency Management Agency; or there are no insurable structures located within a flood plain.
☐	This is a first or final disbursement request and the additional checklist has been completed and submitted.

Please complete, print, sign, scan, and email to EPA.LoanMgmt@illinois.gov

I hereby certify that this request for disbursement is, to the best of my knowledge and belief, a true and accurate request for disbursement, that it is made in accordance with the conditions of the loan for the project, and that I am authorized to request disbursement on behalf of the borrower.

CITY OF MORRISON, ILLINOIS USA

ORDINANCE NO. 23-15

**ORDINANCE AUTHORIZING
DISPOSAL OF SURPLUS PERSONAL PROPERTY**

ADOPTED BY THE

CITY COUNCIL

OF THE

CITY OF MORRISON

THIS 27th DAY OF NOVEMBER, 2023

Published in pamphlet form by authority of the City Council, City of Morrison, this 27th day of November, 2023.

ORDINANCE NO. 23-15

**ORDINANCE AUTHORIZING
DISPOSAL OF SURPLUS PERSONAL PROPERTY**

WHEREAS, the City of Morrison is the owner of certain personal property more specifically described in Exhibit A; and

WHEREAS, it is the opinion of the corporate authorities of the City of Morrison that the City has no use for the personal property described above and that it is in the best interests of the City to sell or dispose of the same.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and the Council of the City of Morrison, Whiteside County, Illinois as follows:

SECTION 1: The recitals set forth in the preambles of this ordinance are true and correct and incorporated herein as if fully set forth in this Section 1.

SECTION 2: The Mayor and City Council find that the personal property described in Exhibit A is not necessary or useful to the City and thus the City Administrator or his designee is hereby authorized to undertake disposal of the specifically described surplus property with the property being sold or disposed of in an "as is" condition and the proceeds deposited into appropriate city accounts as determined by the City Administrator.

SECTION 3: The Mayor and the City Clerk are hereby authorized and directed to do all things necessary and essential, including execution of any documents affecting transfer, to carry out the provisions of this ordinance and effectuate sale or disposal of the surplus property described above.

SECTION 4: This Ordinance shall be in full force and effect from and after its passage and approval, and publication in the manner provided by law.

SECTION 5: All ordinances and parts of ordinances in conflict herewith are, to the extent of such conflict, hereby repealed.

SECTION 6: The provisions and sections of this Ordinance shall be deemed to be separable and the invalidity of any portion of this Ordinance shall not affect the validity of the remainder.

SECTION 7: The City Clerk is hereby directed to publish this ordinance in pamphlet form.

PASSED by the Mayor and the City Council of the City of Morrison on the 27th day of November, 2023.

Mayor
