Add PowerSchool to Your Home Screen

Create a one-tap shortcut on your phone or tablet

Website: https://powerschool.easdpa.org/public

Apple iPhone and iPad	Android Phones and Tablets
1. Open Safari. (Safari is required for the standard iPhone or iPad shortcut.)	**1.** Open Google Chrome. (The steps may look a little different in another browser.)
2. Go to the website shown above and sign in if needed.	**2.** Go to the website shown above and sign in if needed.
3. Tap the Share button - the square with an upward arrow. It is usually at the bottom of the screen.	**3.** Tap the three dots in the upper-right corner of Chrome.
4. Scroll down in the menu and tap Add to Home Screen.	**4.** Tap Add to Home screen. Some devices may instead show Install app - choose that option.
5. Keep the name PowerSchool or type another name, then tap Add.	**5.** Keep the name PowerSchool or type another name, then tap Add or Install.
6. Find the new PowerSchool icon on your Home Screen and tap it whenever you need to log in.	**6.** If prompted, tap Add again or drag the icon where you want it on your Home Screen.

Quick tip: This creates a shortcut, just like an app icon. It does not create a new PowerSchool account or change your login information.
