Smithville Independent School District

School Health Advisory Committee

Public Review of Proposed Human Sexuality Curriculum

The public has the opportunity to provide input through April 7, 2026.

Public Meetings-March 23 5:30 pm-6:00 pm & April 7 via Zoom at NOON

Human Sexuality Curriculum Review

Review and Recommendation

The SHAC will review and evaluate the proposed Human Sexuality curriculum materials in accordance with Texas Education Code requirements.

Following the review, the committee will discuss findings and formulate a formal recommendation to present to the Board of Trustees after two public viewings of the curriculum.

<u>Reminder: All Human Sexuality topics have to be Parent Opt-In</u>

The Source TEKS Review

- Lessons cover the full Health TEKS for human sexuality for grades 6–9. The delivery model is flexible.
- Curriculum is funded by Title V.
- Teacher workshops are available to help staff understand what to expect during the implementation and how our curriculum aligns with district requirements. While many districts do not choose this option, it is available upon request.
