

St. Sebastian Sports Program Community Partnership Opportunities

Lakeland Catholic School Division is pleased to introduce the **St. Sebastian Sports Program**, a new initiative designed to support student athletes in Grades 5–12 while nurturing discipline, teamwork, leadership, and faith.

Rooted in our mission of **Christ-centred education**, the program will provide students with enhanced opportunities to develop their athletic skills while continuing their academic journey in a supportive Catholic learning environment.

For many families in our region, accessing advanced athletic training often requires significant travel to larger centres. The St. Sebastian Sports Program is designed to **provide these opportunities locally**, allowing students to grow their skills while remaining connected to their school, family, and community.

Lakeland Catholic invites local businesses and community partners to support this initiative and invest in the growth of student athletes in our region.
