H. T. Sanchez, Ed. D.
Superintendent of Schools

May 12, 2026

School districts that receive federal funds are required to provide equitable services for eligible school children, teachers, and other educational personnel at registered private non-profit schools that desire to participate.

Private school equitable services refers to the process of providing students, teachers, staff, and families at eligible private schools with fair access to federally funded education programs and services, as appropriate. Resources for required equitable services for Private/Non-Profit organizations, as allowed under federal grants, could be provided if you are a Private Non-Profit organization. Educational services or other benefits, including materials and equipment, provided under this section, shall be secular, neutral, and non-ideological.

Among other requirements, the process depends on a “timely and meaningful consultation” between ISD officials and those of eligible PNPs.

Plainview Independent School District is located in Plainview, Texas, and has a population of 20,187. As of Fall 2025 PEIMS data, Plainview ISD has a student population of 3,848. Currently, there are no private nonprofit schools within district boundaries, and there are no eligible students attending a private nonprofit school outside of district boundaries.

If you are the lead administrator within Plainview ISD’s boundaries and would like more information or to schedule a consultation for the 2026-2027 school year, please contact Megan McPherson at 806-293-6187 or email megan.mcpherson@plainviewisd.org by **June 15, 2026**.
