Galva School District #224

Request for Transportation Variance

It is the policy of the Galva School District to require all participating students to ride to and from school sponsored activities in school owned vehicles operated by school officials and/or employees. Participating students **may not** be transported to and from interscholastic and/or other school sponsored activities in any other fashion unless a variance has been granted. A request for variance will be considered in situations that meet the following criteria:

- An acceptable reason is furnished.
- The request is made on this form with all information and all signatures supplied.
- **The request is made prior to the activity or event.**
- The request allows the petitioner to ride only with the student' parent(s).
- Requests to allow a petitioner to ride with another student's parent(s) will only be considered under the most unusual and pressing circumstances.
- Students will not, in any way, be allowed to ride in a vehicle driven by another student.
- Emergency Transportation Variance will be granted under only the most extreme circumstances (i.e. Hospital, family death).

----------This Portion to Be Completed by Petitioner----------

Name of Student: _____
