

Hello! I'm

MRS. JOHN

I teach Vocal and Classroom Music at Discovery School.

ABOUT ME

This year will be my 27th year of teaching music in Buffalo. Outside of school, I sing with the Westminster Presbyterian Church as a staff singer, have traveled internationally to sing, and have conducted hundreds of young musicians at Kleinhans Music Hall.

WHAT TO EXPECT

The Discovery music faculty focuses on the following throughout each child's music education career.

- Singing
- Performing
- Listening and Responding
- Creating and Composing
- Connection and Culture

Singing is one of the foundational parts of our music classes. We sing in groups and as soloists throughout the year. We also perform on several instruments throughout the year. All classes perform on pitched and unpitched percussion instruments, with grade 4 participating in a recorder unit, grade 5 a ukulele unit, and grade 6 an African drumming unit.

THINGS I LOVE

I enjoy reading novels, boxing, lifting weights, and practicing yoga.

Mr. John and I love to travel and try new restaurants.

We also love spending time with and spoiling our cats, Claude and Walt.
