GRADING SYSTEM AND CLASS RANK

The marking system uses letter grades, which are converted to a grade point value. Certain courses are weighted according to difficulty. Calculation of a student's rank in class is based on grade point average and includes all classes with the exception of PE and those taken on a Pass/No Credit. Rank is computed at the end of every semester.

P (Pass) Indicates successful completion of the course but is not computed in class rank or GPA.

NC (No Credit) Indicated the course was not successfully completed and no credit granted.

I (Incomplete) No credit granted.
