Floresville ISD

Back-To-School

2026-2027

Message from the Superintendent

As we begin a new school year, I want to take a moment to introduce myself and welcome our students, families, staff and community back to Floresville ISD.

I am honored to serve as Interim Superintendent during this important time for our district. I look forward to building relationships across our campuses and community, listening, learning and helping provide steady leadership as we move into the year ahead.

The start of school is always filled with excitement, anticipation and possibility. It is a time to reconnect, set new goals and look ahead to all that our students will learn, experience and accomplish.

Floresville ISD's mission is to develop innovative, life-long learners who have the character, knowledge and confidence needed to achieve personal and professional success. That mission remains at the heart of our work this school year. With the continued support of our families, staff, local businesses, alumni and community members, we can create meaningful opportunities for every student. Our classrooms, campuses, programs and traditions are strengthened by a community that believes in public education and understands that the future of Floresville begins with the success of our students.

This year, we will also remain focused on providing excellent student outcomes, supporting our staff, strengthening communication and making thoughtful decisions that serve our students well. From early childhood education to college and career pathways, fine arts, athletics, safety initiatives and student support services, every part of our district plays a role in helping students grow and succeed.

We also know that our work cannot happen without strong community support. Our students need people who show up for them, encourage them, celebrate their achievements and help create opportunities for their future. Whether you attend a school event, volunteer, partner with a program, support the Education Foundation or simply share the good things happening in our schools, your involvement makes a difference.

As we move into this school year, I am grateful for the opportunity to serve alongside a dedicated team of educators and staff members who care deeply about students. I am also grateful for the families and community members who continue to support Floresville ISD.

Together, we will continue building strong schools and a stronger community.

— Dr. Lana Collavo

Back to School Quick Guide

Returning Student Registration

Floresville ISD is excited to welcome returning students for the 2026-2027 school year! All returning students must be registered for the new school year. If your child will ride the bus on the first day of school, registration must be completed by August 4. If your address has changed, please submit your updated proof of residence. Returning student registration takes only a few minutes!

Scan the QR code to begin the process through Skyward Family Access.

New Student Enrollment

New to the District? No problem!

Scan the QR Code and register your student today!

- ☐ 3 Boxes of tissues
- ☐ 2 Rolls of paper towels

Classroom Supply Donations (Optional)
Freezer bags, quart or gallon
Disinfecting wipes

Why Showing Up Matters

Every school day matters. When students are in class, they are learning, building relationships, participating in activities and staying connected to the people and programs that support their success.

Missing even a few days can add up quickly. Regular attendance helps students stay on track with lessons, build confidence and develop habits that will benefit them long after graduation.

In Texas, school attendance is required by law, and campuses are required to follow truancy prevention steps when absences begin to add up. At Floresville ISD, our goal is to work with families early, offer support and help remove barriers before attendance becomes a bigger concern.

If your child is struggling to attend school regularly, please contact your campus. Whether the challenge is transportation, health, personal circumstances or academics, our staff can help connect your family with resources.

When students show up, they thrive. And when families, schools and the community work together, we can help every student stay connected and on track.

Showing up helps students:

- Stay connected
- Keep up with learning
- Build confidence
- Participate in activities
- Develop strong habits

Need help?

Contact your campus if your child is struggling with:

- Transportation
- Health concerns
- Family circumstances
- Academic challenges
- School anxiety or engagement

What does the Family & Community Services Department do?

The Family and Community Services Department's mission is to bridge the gap between home, school, and the community. The primary goal of the department is to provide support services and resources to remove barriers hindering success. The Family and Community Specialist is committed to empowering families to provide for their basic needs and to resolve any social, emotional, or behavioral issues.

<https://www.fisd.us/page/family-community-services>

Scan the QR Code for more.

School Meals

Floresville ISD is proud to provide students with nutritious meals that help fuel learning throughout the school day. Breakfast and lunch are available on campus each school day, and families are encouraged to review meal information before the start of the year.

Free and reduced-price meal applications are now available. Even if you are unsure whether your family qualifies, we encour-

age all families to apply. Completing the application helps ensure eligible students receive meal benefits and may also support additional programs and resources for Floresville ISD.

Families can complete the application online or learn more by visiting the School Meals section of the Floresville ISD website.

Why apply?

- It may help your family qualify for meal benefits
- It supports student access to breakfast and lunch
- It may help support district programs and resources

School Cafeteria Menus:

<https://fisd.nutrislice.com/menu>

When students are fed, focused and ready to learn, they thrive.

Preparing Students for What Comes Next

At Floresville ISD, student success looks different for every learner. For some students, it may mean earning college credit before graduation. For others, it may mean completing an industry-based certification, competing in athletics or fine arts, discovering a career pathway, serving in a student organization or finding a place where they feel connected and supported.

Our goal is to provide students with meaningful opportunities that help them explore their interests, build confidence and prepare for life after high school.

Through Career and Technical Education programs, advanced academics, fine arts, athletics, student organizations and community partnerships, Floresville ISD students are gaining real-world skills and experiences that will serve them well beyond the classroom.

These opportunities are made stronger through the support of our families, staff, local businesses and community partners. When our community invests in students, it invests in the future of Floresville.

Safety and Security

At FISD, the safety and security of students and staff is our top priority. While the district focuses much attention on preventing incidents, it is also prepared for emergency situations. Staff and student training and drills, policies that regulate access to facilities and a working relationship between the FISD Police Department and local law enforcement agencies are key elements in a comprehensive approach to safety at FISD.

Keeping students safe is a shared responsibility. Campus staff is directed to be on duty, visible and on high alert every day. We also encourage students, parents and staff to be aware of their surroundings and if you see something or hear something, say something either by notifying FISD personnel or by using our STOPit system.

Support the Education Foundation

The Floresville ISD Education Foundation has provided much-needed support to the district through Innovative Teaching Grants. The many teachers who were awarded FISDEF grants were willing to take risks by integrating technology into their classrooms and piloting innovative teaching strategies. We are grateful for the dedication of these teachers to go the extra mile to provide students with enhanced learning opportunities. Devices provided by FISDEF are close to 10% of the total devices needed for the FISD 1:1 initiative, expanding the positive impact of the FISDEF from the students whose teachers are grant recipients to ALL students in the district. Thank you to the FISDEF for helping FISD achieve goals identified in the FISD Strategic Plan.
