Approved by Counselor: No Locked for Students: No

Save

Only enter your top two choices.

Hit **SAVE!** (You must hit save for selections to be entered and saved). Elective selections will remain in yellow until you have clicked on the save button.

If you want to change your selections before or after you have saved them, simply select the check box ☒ next to the Course selection box and click save again. Make new selection.

We will try and place students in their desired electives, but classes are determined by many factors including number of teachers and class size. Preference does not equal placement.

Please see curriculum guide for a list of elective classes available at ecms.walton.k12.fl.us
