Sexual Harassment, Discrimination, and Retaliation Policy- Title IX Sexual Harassment Grievance Procedure, Requirements, and Definitions

Policy Purpose

The purpose of this policy is to promote working and learning environments that are free from sex and gender-based harassment, discrimination, and retaliation, and to affirm Garden Valley School District's commitment to non-discrimination, equity in education, and equal opportunity for employment.

Scope of Policy

This policy applies to all members of Garden Valley School District's community, including students, employees, and other members of the public, including guests, visitors, volunteers, and invitees.

Policy Statement

Garden Valley School District is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from sex and gender-based harassment, discrimination, and retaliation. Accordingly, the District prohibits harassment and discrimination on the basis of sex, sexual orientation, gender, gender identity, and pregnancy, as well as retaliation against individuals who report allegations of sex and gender-based harassment and discrimination, file a formal complaint, or participate in a grievance process.

Students, employees, or other members of the District community who believe that they have been subjected to sex or gender-based harassment, discrimination, or retaliation should report the incident to the Title IX Coordinator, who will provide information about supportive measures and the applicable grievance process(es). Violations of this policy may result in discipline for both students and District employees.

Title IX Coordinator

The Superintendent designee serves as Garden Valley School District's Title IX Coordinator and oversees implementation of this policy. The Title IX Coordinator has the primary responsibility for coordinating the District's efforts related to the intake, investigation, resolution, and implementation of supportive measures to stop, remediate, and prevent sex and gender-based harassment, discrimination, and retaliation prohibited under this policy. The Title IX Coordinator acts with independence and authority and is free from bias and conflicts of interest.

To raise any concern involving bias, conflict of interest, misconduct or discrimination committed by the Title IX Coordinator, contact the Superintendent.

If the District's Title IX Coordinator is the subject of any complaint regarding sex or gender-based harassment or has an apparent bias or conflict of interest regarding such a case, another person shall be appointed to act as the Title IX Coordinator for handling that case. Such appointees may include, but are not limited to:

1. The Title IX Coordinator of another school district which the District has an agreement with;
2. Another employee of the District who is qualified and trained to address the matter;
3. A qualified and trained individual who enters into a professional services contract with the District; including but not limited to the District's legal counsel and/or contracted Human Resources or Title IX professionals.

Concerns of bias, conflict of interest, misconduct, or discrimination committed by any other official involved in the implementation of this policy or related grievance processes should be raised with the Title IX Coordinator.

Mandatory Reporters

Garden Valley School District has classified all employees as mandatory reporters of any knowledge they have that a member of the District community experienced sex or gender-based harassment, discrimination, and/or retaliation. Accordingly, all District employees must promptly report actual or suspected sex and gender-based harassment, discrimination, and/or retaliation to the Title IX Coordinator. District employees must share with the Title IX Coordinator all known details of a report made to them in the course of their employment, as well as all details of behaviors under this policy that they observe or have knowledge of. Failure of a District employee to report an incident of sex or gender-based harassment, discrimination, or retaliation to the Title IX Coordinator of which they become aware is a violation of this policy and can be subject to disciplinary action for failure to comply.

In addition, District employees must also report allegations of suspected child abuse and/or neglect to either law enforcement or the Idaho Department of Health and Welfare as described in Policy 5260.

Notice/Formal Complaints of Sex and Gender-Based Harassment, Discrimination, and/or Retaliation

Notice or formal complaints of sex or gender-based harassment, discrimination, and/or retaliation may be made using any of the following options:

1. File a written complaint with the Title IX Coordinator. Such a report may be made at any time, including during non-business hours, by using the email address or by mail to the office address listed for the Title IX Coordinator.
2. Report by phone.

When notice is received regarding conduct that may constitute Title IX sexual harassment, Garden Valley School District shall provide information about supportive measures and how to file a formal complaint, as described in 3085P.

A formal complaint means a document filed/signed by the alleged victim or signed by the Title IX Coordinator alleging an individual violated this policy and requesting that the District investigate the allegation(s). As used in this paragraph, the phrase “document filed/signed by the alleged victim” means a document or electronic submission (such as by electronic mail) that contains the alleged victim’s physical or digital signature, or otherwise indicates that the alleged victim is the person filing the complaint. For example, an alleged victim may send an email to the Title IX Coordinator, identify themselves as the alleged victim and the one sending the email, to file a formal complaint. If notice is submitted in a form that does not meet this standard, the Title IX Coordinator will contact the alleged victim to ensure that it is filed correctly.

Parents and legal guardians of primary and secondary school students who have the legal authority to act on their child’s behalf may file a formal complaint on behalf of their child.

Grievance Processes

When a formal complaint is made alleging that this policy was violated, the allegations are subject to resolution using one of Garden Valley School District’s grievance processes noted below, as determined by the Title IX Coordinator. All processes provide for a prompt, fair, and impartial process.

1. For formal complaints regarding conduct that may constitute Title IX sexual harassment involving students or employees, the District will implement procedures detailed in Procedure 3085P.

2. For formal complaints regarding sex and gender-based harassment, discrimination and/or retaliation where students are the accused party, and that do not constitute Title IX sexual harassment, the District will implement procedures described in [Policy 3085-P1](#).
3. For formal complaints regarding sex and gender-based harassment, discrimination and/or retaliation where employees are the accused party, and that do not constitute Title IX sexual harassment, the District will implement procedures described in [Policy 3085-P1](#).

Sexual Harassment, Discrimination, and Retaliation Policy- Title IX Sexual Harassment Grievance Procedure, Requirements, and Definitions

Scope of Procedure

This Title IX Grievance Process applies to all members of Garden Valley School District's community, including students, employees, and Board members, as well as District patrons, guests, visitors, volunteers, affiliates, and invitees.

Purpose of This Policy and Procedure

Garden Valley School District is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, which are free from sex and gender-based harassment, discrimination, and retaliation. Accordingly, the District prohibits harassment and discrimination on the basis of sex, sexual orientation, gender, gender identity, and pregnancy, as well as retaliation against individuals who report allegations of sex and gender-based harassment and discrimination, file a formal complaint, or participate in a grievance process.

Students, employees, or other members of the District community who believe that they have been subjected to sex or gender-based harassment, discrimination, or retaliation should report the incident to the Title IX Coordinator, who will provide information about supportive measures and the applicable grievance procedure. Violations of this District procedure or its related policy may result in discipline to either students or employees.

Guiding Principles

Title IX requires school districts to put into place policies and procedures that promote the goal of Title IX, specifically, to prohibit discrimination based on sex, and to respond appropriately if and when sex discrimination occurs or may occur. Title IX explains that when an appropriate official at the District has "actual knowledge" of "sexual harassment" of a student or employee that occurs in one of its educational programs or activities, the District must respond promptly and in a manner that is not "deliberately indifferent." This standard does not require a perfect response; rather, it requires a response that is not "clearly unreasonable" in light of the known circumstances over which the District exercises control.

Grievance Procedure

1. Receipt of a Complaint, Report, or Information Alleging Sexual Harassment

Upon receipt of a complaint or report (whether verbal or written) of possible sexual harassment, the District shall first determine whether to initiate a formal or informal response. Thus, any and all complaints, reports, or information received by any District employee that sexual harassment is occurring or has occurred shall be immediately forwarded to the District's Title IX Coordinator for review and action as appropriate.

The Title IX Coordinator shall promptly contact the complainant or reporting party and discuss with them the availability of supportive measures, and will consider the complainant's wishes with respect to the provision of supportive measures. The Coordinator shall explain the availability of these measures to the complainant with or without the filing of a "formal complaint." During this initial meeting, the Coordinator or designee shall explain to the complainant the process for filing a written formal complaint, and shall provide assistance to the complainant to ensure the written formal complaint is properly prepared and submitted.

Emergency Removal (of students): Nothing in this procedure prevents the District from removing a respondent from a District education program or activity on an emergency basis, provided that an individualized safety and risk analysis is performed by the Coordinator and Superintendent who determine that an immediate threat to the physical health or safety of any student or other individual arise from the allegations of sexual harassment that justify removal. The Coordinator and Superintendent shall provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights and requirements under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Administrative Leave (of employees): Nothing in this procedure precludes the District from placing a non-student employee respondent on administrative leave during the pendency of a grievance investigation under this procedure. Notwithstanding the above, prior to placing an employee respondent on administrative leave, the Coordinator or designee shall ensure any rights provided by Section 504 of the Rehabilitation Act of 1973 and/or the Americans with Disabilities Act are not impaired or violated.

2. Providing Supportive Measures

If an informal complaint is filed, (for instance, because the complainant does not wish to file a written formal complaint,) as well as during the pendency of the investigation and the decision concluding a formal complaint, the following supportive measures may be implemented to restore or preserve the complainant's access to the District's educational programs without unreasonably burdening the other party (also referred to herein as respondent).

Supportive measures may include actions taken to protect the safety of all parties or the District's educational environment, or which otherwise deter sexual harassment from occurring in the future. Additional supportive measures may include, but are not limited to: counseling, the availability of a safe place or person in the event complainant feels threatened or uncomfortable, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, escort services at school, mutual restriction of contact between the parties, changes in work locations, leaves of absence, increased security and/or monitoring of locations where prohibited conduct has occurred or may occur in the future, as well as additional measures to protect the complainant, provided the supportive measures initiated are not punitive to the respondent.

3. Filing a Written Formal Complaint

Upon receipt of a written formal complaint, the Coordinator or designee is required to provide written notice to all known complainants and respondents of the allegations and the resulting investigation.

A. General Notice Requirements: The notice will include the District's Title IX grievance process as well as information regarding the District's informal resolution process.

B. Specific Notice Requirements: The written notice shall include the following information:

- i.** Information describing the alleged conduct potentially constituting sexual harassment, including sufficient details known at the time the notice is prepared to allow the parties to prepare a response prior to the investigator's initial interview, and shall be delivered to the parties in enough time to allow their preparation for the initial interview.
- ii.** Sufficient details include but are not limited to the identities of the parties involved, the conduct allegedly constituting sexual harassment, the date(s), and location(s) of the incident(s).
- iii.** A statement that the respondent is presumed to not be responsible for the alleged conduct, and that a determination of responsibility will not be made until the conclusion of the grievance process.
- iv.** A statement informing the parties that they are entitled to have an advisor or representative of their choosing who may be, though is not required to be, an attorney, and that the advisor is authorized to review all evidence submitted in the matter.
- v.** The notice must inform the parties that District policy and procedure prohibit knowingly making false statements or knowingly submitting false information to the investigator or at any other time during the grievance process.
- vi.** The notice must warn the parties that retaliation is prohibited. Accordingly, the parties must be informed that no District employee or other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this procedure, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this procedure. Retaliation includes circumstances where intimidation, threats, coercion, or discrimination are made for the purpose of interfering with any right or privilege secured by Title IX or this procedure. This includes threatening charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a

report or formal complaint of sexual harassment. The District shall keep confidential the identity of:

- a. Any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment;
- b. Any complainant;
- c. Any individual who has been reported to be the perpetrator of sex discrimination;
- d. Any respondent; and
- e. Any witness

except:

- a. As may be permitted by FERPA (20 U.S.C. § 1232g) or a FERPA regulation (34 CFR Part 99);
- b. As required by law; or
- c. To carry out the purposes of this procedure, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

Complaints alleging retaliation may be filed as an additional charge or counter-charge under these procedures.

C. Additional Charges: If, during the course of the investigation, it is determined based on the information gathered that additional allegations or charges are warranted, an amended notice shall be prepared and submitted to the parties, including the new allegations and charges as appropriate.

D. Consolidation: The Coordinator may consolidate two or more formal complaints into a single action provided that the allegations of sexual harassment and retaliation arise out of a common set of facts or circumstances, and if in the course of an investigation, it is determined that:

- i. There is more than one respondent and/or more than one complainant; or
- ii. There are cross-complaints, or additional complaints raised by the original complainant against the original respondent (such as retaliation), or by the respondent against any other party.

4. Conduct of the Investigation, Informal Resolution

In the course of their investigation, the District's Coordinator and designees shall comply with the following requirements.

Investigation

A. Burden of Investigation: The burden of gathering evidence sufficient to make a determination of responsibility is the responsibility of the District's investigator(s) and not the parties. However, the District's investigator is not authorized to access a party's records that are made or maintained by a health care provider such as a physician, psychiatrist, psychologist, or other recognized health care provider, if the

record was made in the course of providing treatment to the party, unless and until written consent from an authorized person is provided to obtain such privileged records for purposes of investigating and resolving the allegations of the formal complaint.

- B. Evidence Offered by Parties:** The parties shall be provided an equal opportunity to call witnesses, including fact and expert witnesses, as well as other inculpatory and exculpatory evidence.
- C. No Restrictions:** The ability of the parties to discuss the allegations under investigation or to gather and present evidence shall not be restricted.
- D. Equal Representation Rights:** All parties shall have the same opportunity to have others present, or to be represented by the advisor of their choice throughout the grievance process, including attendance at related meetings or proceedings. If the District limits access to representation in any way at any time during the proceedings, such limitation shall be equally applied to all parties in the same manner. Access to representation may be limited only where a party is already represented as authorized by this procedure, and the additional representation will unduly increase the cost to the parties, and/or will not otherwise serve to significantly promote a legitimate purpose under this procedure.
- E. Notice of Interviews and Hearings:** Adequate notice of the purpose, date, time, place, and the identities of all participants involved shall be provided to any party whose participation at a hearing, interview, or meeting is invited or expected, and allowing sufficient time for the party to prepare and fairly participate.
- F. Evidentiary Considerations: The investigation shall not consider:**
 - i.** Incidents not directly related to the possible violation, unless they evidence a pattern;
 - ii.** The character of the parties; or
 - iii.** Questions and evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
- G. Right to Inspect Evidence:** All parties shall be provided equal access to inspect and review any or all evidence gathered during the investigation related to the allegations of the formal complaint, whether or not relied upon or referred to in the investigator's report. This will ensure that the parties can respond to the evidence prior to the conclusion of the investigation. Prior to completion of the investigation report, the investigator shall provide the parties and their respective advisors, when advisors are identified, a secured electronic or hard copy of the evidence subject to inspection. The parties must have at least ten school days to submit a written

response, which the investigator shall consider prior to completion of the investigative report. All such evidence shall be made available to all parties at any hearing to give the parties equal opportunity to refer to such evidence during the hearing, including cross-examination of adult parties.

- H. Investigative Report: At least ten school days prior to a hearing, or other time of determination regarding responsibility, the investigator shall send to all parties and their advisors, if any, by electronic format or hard copy, a copy of the investigative report for the parties' review and written response. The parties' responses shall be made part of the record.

Informal Resolution: The informal resolution process may include mediation, or other meeting of the parties that does not involve a full investigation and adjudication of the complaint. The District may **not** require the parties to participate in an informal resolution process. Informal resolution is available **only** if a written formal complaint was submitted to the Coordinator. If these conditions are satisfied, then at any time during the course of an investigation, but prior to the time of the Decision-Maker's final determination of responsibility, the parties may request the Coordinator to initiate the informal resolution by process. In so doing, the Coordinator is required to comply with the following:

- A. Provide the parties with written notice informing them of the allegations at issue and the requirements of the resolution process. These requirements include the fact that a written agreement signed by the parties that resolves the allegations at issue will preclude the parties from resuming the formal complaint process that arose from the same allegations. The parties will also be informed that at any time prior to reaching a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and will be notified that the records submitted or discussed during the informal process will be maintained by the District as part of the record, and may be used by the Decision-Maker to determine responsibility.
- B. Require the parties submit voluntary, written consent to participate in the informal resolution process.
- C. Ensure that the informal resolution process is not made available to resolve allegations that an employee sexually harassed a student.
- D. An informal resolution, signed and agreed to by the parties thereto, is not appealable.

Dismissal of a Formal Complaint: A written formal complaint may be dismissed by the Coordinator under any of the following circumstances, and prior to a finding of responsibility:

- A. After investigating the allegations of the written formal complaint, dismissal is required if:
 - i. The Coordinator or designee determines that the conduct alleged in the complaint, even if proven, would not constitute sexual harassment as defined herein; or

- ii. The alleged conduct did not occur in a District education program or activity;
or
- iii. The alleged conduct did not occur against a person in the United States.

Dismissal of the Title IX formal complaint, however, does not preclude action under another provision of the District's Code of Conduct or other District Policy.

- B. If the Complainant notifies the Coordinator in writing that he or she would like to withdraw the formal complaint or any allegations contained therein.
- C. If the respondent is no longer enrolled or employed by the District.
- D. If specific circumstances exist which prevent the investigator from gathering evidence sufficient to reach a determination regarding the merits of the formal complaint or allegations therein.

Upon dismissing a formal complaint, the Coordinator shall simultaneously inform the parties in writing that the complaint has been dismissed, and shall identify the reason(s) for the dismissal. This decision may be appealed in accordance the Appeals portion of this procedure, below.

5. Decision-Maker's Participation

If the matter is not dismissed for one of the reasons set forth above and is not resolved by the parties through the informal resolution process then, (following completion of the investigation, including issuance of the investigator's final investigation report,) the matter shall be submitted to the Decision-Maker for review and issuance of a determination of responsibility. The Decision-Maker cannot make a determination regarding responsibility until ten school days after the date the final investigation report is transmitted to the parties and the Decision-Maker, unless all parties and the Decision-Maker agree to an expedited timeline.

The Coordinator shall designate a single Decision-Maker and inform the parties and their advisors.

The Decision-Maker(s) may not have had any previous involvement with the investigation. Those who have served as investigators in the investigation cannot serve as Decision-Makers. Those who are serving as advisors for any party cannot serve as Decision-Makers in that matter. The Coordinator is also prohibited from serving as a Decision-Maker in the matter.

All objections to any Decision-Maker must be raised in writing. Any written objection must detail the rationale for the objection and must be submitted to the Coordinator no later than two school days after being notified of the Decision-Maker's identity. Decision-Makers shall not be removed unless the Coordinator concludes that the Decision-Maker's bias or conflict of interest precludes a fair and impartial consideration of the evidence.

The Coordinator shall give the Decision-Maker(s) a list of the names of all parties, witnesses, and advisors. Upon review thereof, if any Decision-Maker believes they cannot make an objective determination, they must recuse themselves from the proceedings. If a

Decision-Maker is unsure whether a bias or conflict of interest exists, they shall immediately disclose their concern(s) to the Coordinator and simultaneously inform the parties and their advisors.

No less than ten business days prior to any meeting or the decision-making phase of the process, the Coordinator or the Decision-Maker shall send notice to all parties. Once mailed, emailed, or received in-person, Notice will be presumptively delivered.

The Notice shall contain the following:

- A. A description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential sanctions that could result.
- B. The time, date, and location of any meeting.
- C. Any technology that will be used to facilitate the meeting.
- D. The name and contact information of the Decision-Maker, along with an invitation to object to any Decision-Maker on the basis of demonstrated bias. Such objections must be raised with the Coordinator at least two school days prior to the meeting.
- E. Information on whether the meeting will be recorded and, if so, information on access to the recording for the parties after the meeting.
- F. If any party does not appear at the scheduled meeting, the meeting will only be rescheduled for compelling reasons.
- G. Notification that the parties may have the assistance of an advisor of their choosing at the meeting.
- H. A copy of all the materials provided to the Decision-Maker(s) about the matter.
- I. An invitation for the parties to review and submit a written response to the final investigation report within seven school days of the date of the notice.
- J. An invitation to each party to submit to the Decision-Maker any written, relevant questions they want the Decision-Maker to ask of any other party or witness within three school days of the date of the notice.
- K. An invitation to each party to submit to the Decision-Maker an impact statement, pre-meeting, that the Decision-Maker will review during any sanction determination.
- L. An invitation to contact the Coordinator to arrange any disability accommodations, language assistance, and/or interpretation services that may be needed at any meeting or in the decision-making process, at least three school days prior to the meeting/final determination.
- M. Whether parties can or cannot bring mobile phones or devices into the meeting.

Meetings for possible violations that occur near or after the end of a school year, assuming the respondent is still subject to Policy 3085 and Procedure 3085P, and are unable to be resolved prior to the end of the school year will typically be held as soon as possible given the availability of the parties, but no later than immediately upon the start of the following school year. The District will implement appropriate supportive measures intended to correct and remediate any hostile environment while the resolution is delayed.

- A. **Evidentiary Consideration by the Decision-Maker:** Whether at a hearing or through an exchange of questions, only relevant, credible evidence will be admitted into evidence and considered by the Decision-Maker. Any evidence that the

Decision-Maker(s) determine(s) is relevant and credible may be considered. The Decision-Maker will not consider:

- i. Incidents not directly related to the possible violation, unless they evidence a pattern;
- ii. The character of the parties; or
- iii. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Previous disciplinary action of any kind involving the respondent may be considered in determining an appropriate sanction upon a determination of responsibility. This information may only be considered at the sanction stage of the process and cannot be shared with the Decision-Maker until that time.

The parties may each submit a written impact statement for the consideration of the Decision-Maker(s) at the sanction stage of the process when a determination of responsibility is reached.

B. Hearing Procedure and Exchange of Questions Procedure: At the time the matter is referred to the Decision-Maker(s), the Coordinator shall determine, based on the parties involved and the circumstances of the alleged sexual harassment, whether to hold a hearing or to initiate an exchange of questions procedure, and shall so inform all parties and their advisors. Both of these decision-making procedures are discussed below. Upon their selection, the Decision-Maker(s) shall review the evidence and issue a determination of responsibility based on the following circumstances and procedures.

C. Exchange of Questions Procedure: Where a party involved is an elementary student, or where the Coordinator otherwise determines that a hearing is not appropriate under the circumstances, the Coordinator will initiate the Exchange of Questions Procedure, which provide as follows.

After the Coordinator or designee has submitted the investigative report to the parties pursuant to this procedure and before reaching a determination regarding responsibility, the Decision-Maker(s) shall provide each party an opportunity to submit written, relevant questions that party desires to ask of any party or witness, and shall subsequently provide each party with the answers. The Decision-Maker will also allow for additional, limited follow-up questions from each party to the other, and provide both with complete copies of the answers. Upon receipt of the proposed questions, the Decision-Maker will review the proposed questions and determine which questions will be permitted, disallowed, or rephrased. The Decision-Maker shall limit or disallow any questions that are irrelevant, repetitive (and thus irrelevant), or abusive. The Decision-Maker shall have full authority to decide all

issues related to questioning and determinations of relevance. The Decision-Maker may ask a party to explain why a question is or is not relevant from their perspective. The Decision-Maker shall explain any decision to exclude a question as not relevant or to reframe it for relevance. Whether a hearing is held or not, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant:

- i. Unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant; or
- ii. If the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. This basis for asking questions or presenting evidence shall not be allowed if the respondent is an adult, non-student employee, because consent is not a recognized defense in cases where the complainant is a student and the respondent is an employee.

The Decision-Maker, after any necessary consultation with the parties, investigator(s), and/or Coordinator, shall provide the parties and witnesses with:

- ii. The relevant written questions to be answered; and
- iii. A deadline for the parties and witnesses to submit written responses to the questions and any appropriate follow-up questions or comments by the parties.

The exchange of questions and responses by the parties and witnesses shall be concluded within a seven-school-day period.

D. Hearing procedure: Where both parties are adult employees, or a mature secondary school student, the Coordinator may initiate the live Hearing Procedure. If either party, however, objects and requests the Exchange of Questions Procedure, then the Exchange of Questions procedure shall be followed by the Decision-Maker(s). The Hearing Procedure shall include the following:

At the live hearing, the decision maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally, notwithstanding the discretion of the District to restrict the extent to which advisors may participate in the proceedings, as long as the restrictions apply equally to all parties. At the request of either party, the District must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions. Only relevant cross-examination and other relevant questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. If a party does not have an advisor present at the live hearing, the District shall provide, without fee or charge to that

party, an advisor of the District's choice to conduct cross-examination on behalf of that party. The advisor may be, but is not required to be, an attorney.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless:

- i. Such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant; or
- ii. If the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

In cases where both parties are 18 or older, if a party or witness does not submit to cross-examination at the live hearing, the Decision-Maker(s) is prohibited from relying on any statement of that party or witness in reaching a determination regarding responsibility. However, the Decision-Maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions. Live hearings pursuant to this paragraph may be conducted with all parties physically present in the same geographic location or, at the District's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants to simultaneously see and hear each other. The District shall create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review.

At the hearing, the Decision-Maker shall have the authority to hear and make determinations on all allegations of Title IX sexual harassment and may also hear and make determinations on any additional alleged violations of policy or procedure that have occurred in concert with the Title IX sexual harassment, even though those collateral allegations may not specifically fall within the definition of sexual harassment set forth in these procedures.

Any witness scheduled to testify before the Decision-Maker must have been first interviewed by the investigator(s) or have proffered a written statement or answered written questions, unless all parties and the Decision-Maker agree to the witness's participation.

If the parties and Decision-Maker do not agree to the admission of evidence newly offered at the hearing, the Decision-Maker may delay the meeting and instruct that the investigation needs to be re-opened to consider that evidence.

If the parties raise an issue of bias or conflict of interest of an investigator or Decision-Maker at the hearing, the Decision-Maker may elect to address those issues, consult with legal counsel, and/or refer them to the Coordinator, and/or preserve them for appeal. If bias is not in issue during the hearing, the Decision-Maker shall not permit irrelevant questions regarding bias.

6. Decision-Making Process and Determination Requirements

Following its review of the evidence submitted by the investigator and the parties, the Decision-Maker (who cannot be the Coordinator) shall issue a written determination of responsibility. To reach this determination, the District's burden of proof — clear and convincing evidence — must be described, and the burden satisfied, before the respondent can be found responsible for sexual harassment in violation of Title IX.

The written determination of responsibility shall include the following information:

- A. Identification of the allegations potentially constituting sexual harassment in violation of Title IX.
- B. A description of the procedural steps taken from receipt of the written formal complaint through the determination, including notifications to the parties, interviews of the parties and witnesses, site visits, methods used to obtain other evidence, and hearings used.
- C. Findings of fact supporting the determination.
- D. Conclusions regarding application of the District's code of conduct to the facts.
- E. A statement of and rationale for the determination as to each allegation, including any determination regarding responsibility, any disciplinary action to be imposed on the respondent, and identification of remedies and measures, if any, that will be provided to restore or preserve equal access to the District's educational programs and activities to be provided to the complainant.
- F. Considerations for disciplinary action. Factors considered when determining discipline may include, but are not limited to:
 - i. The nature, severity of, and circumstances surrounding the violation(s);
 - ii. The respondent's disciplinary history;
 - iii. Previous allegations or allegations involving similar conduct;
 - iv. The need for discipline to bring an end to the Title IX sexual harassment;
 - v. The need for discipline to prevent the future recurrence of Title IX Sexual harassment;
 - vi. The need to remedy the effects of the Title IX sexual harassment;
 - vii. The impact on the parties; and
 - viii. Any other information deemed relevant by the decision-maker(s)
- G. The discipline imposed shall be implemented as soon as is feasible, either upon the outcome of any appeal or upon the expiration of the window to appeal if no appeal is requested. The sanctions described in this process are not exclusive of, and may be in addition to, other actions taken or sanctions imposed by external authorities.
- H. Identification of the procedures for filing an appeal and the permissible grounds for complainant or respondent to base their appeal.

The Decision-Maker shall simultaneously provide their written determination to all parties. The determination becomes final either, (where an appeal is filed,) on the date the parties are provided copies of the written determination of the result of the appeal; or, (if no appeal is

filed,) the date on which an appeal would no longer be considered timely.

The Coordinator is responsible for the effective implementation of any and all remedies set forth in the written determination of responsibility. In the event a student expulsion is recommended, pursuant to and in accordance with the requirements of Idaho Code § 33-205, the Coordinator shall ensure that an expulsion hearing is scheduled and heard by the Board of Trustees.

7. Appeals

Any party may file a request for appeal in writing with the Coordinator within three school days of the delivery of the notice of a final decision.

A three-member appeal panel chosen from the pool of eligible members shall be designated by the Coordinator. No appeal panelists will have been involved in the process previously, including any dismissal appeal that may have been heard earlier in the process.

The request for appeal shall be forwarded to the appeal chair for consideration to determine whether the request meets the grounds for appeal. This review is not a review of the merits of the appeal, but solely a determination as to whether the request meets the grounds and is filed in a timely manner.

Appeals shall be limited to the following grounds:

- A. Procedural irregularity that affected the outcome of the matter;
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- C. The Coordinator, investigator(s), or Decision-Maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the specific complainant or respondent that affected the outcome of the matter;

Appeal procedure: Upon receipt of a valid appeal, the Coordinator shall:

- A. Notify the other party in writing that an appeal has been filed, and implement the appeal procedure fairly and equally for both parties.
- B. Ensure the appeal decision-maker(s) is not:
 - i. The same person(s) as the Decision-Maker(s) that issued the written determination of responsibility;
 - ii. The person who issued the dismissal;
 - iii. The investigator; or
 - iv. The Coordinator.
- C. Ensure the appeal decision-maker has been trained in accordance with the requirements of this grievance procedure.

- D. The appealing party shall have ten school days following the delivery of the notice of the appeal to submit a written statement in support of the appeal and challenging the outcome. The responding party shall have ten school days following the delivery of the appealing party's statement in support of appeal to submit the responding party's written statement in opposition to the appeal (and supporting the outcome that is the subject of the appeal). In the event the parties and the appeal decision-maker agree to a different briefing schedule (whether allowing more or less time), the time allowed to prepare a written statement shall be the same for all parties.
- E. Issue a written decision describing the result of the appeal and identifying the bases and rationale for the decision.
- F. Provide the written decision simultaneously to all parties.

Requirements of the Title IX Grievance Procedure

The following requirements apply to the conduct of the Title IX Grievance procedure set forth above.

1. **Equitable treatment of the parties:** At all times, both complainants and respondents shall be equitably treated by providing remedies to a complainant until a determination of responsibility for sexual harassment has been made against the respondent. No sanction or discipline may be imposed against the respondent unless and until the process required by this procedure has been completed. Until a final determination of responsibility has been issued only "supportive measures" may be initiated that are non-disciplinary or non-punitive and avoid burdening the respondent. Any and all final remedies, however, must be designed to restore or preserve equal access to the District's education program or activity. Such remedies may include the same individualized services described as "supportive measures;" however, following the decision, such remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.
2. **Objective evaluation of the evidence:** The formal grievance process involves an objective evaluation of all relevant evidence obtained, including evidence that supports the conclusion the respondent engaged in a violation of policy or procedure and evidence that supports the conclusion the respondent did not. Credibility determinations may not be based solely on an individual's status or participation as a complainant, respondent, or witness.
3. **Lack of bias:** Any individual materially involved in the administration of the formal grievance process including the Coordinator, investigator(s), decision-maker(s) and appeal decision-maker(s) may neither have nor demonstrate a conflict of interest or bias for a party generally, or for a specific complainant or respondent.
4. **Title IX training of District participating staff:** Any individual designated by the District as a Coordinator, investigator, decision-maker, or any person designated by the District to facilitate an informal resolution process, cannot have a conflict of interest or bias for or against complainants or respondents generally, or against any individual complainant or respondent. The District shall ensure that Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of "sexual harassment" set forth in this procedure, the scope of the District's education

program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The District shall ensure that Decision-Makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as required by this procedure. The District shall also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in this procedure. All materials used to train Coordinators, investigators, decision-makers, and any persons facilitating an informal resolution process, shall not rely on stereotypes based on gender, and must promote impartial investigations and adjudications of formal complaints of sexual harassment, and provide guidance therefor.

5. Presumption of innocence: The District presumes that the respondent is not responsible for the reported misconduct unless and until a final determination is made, in accordance with this procedure, that Policy 3085 or procedure 3085P prohibiting sex discrimination and sexual harassment has been violated.

6. Promptness: Investigations are completed promptly, normally within 30 school days, though some investigations may take longer, depending on the nature, extent, and complexity of the allegations; availability of witnesses; police involvement; and other factors.

The District shall make a good faith effort to complete the investigation as promptly as possible and will communicate regularly with the parties to update them on the progress and timing of the investigation.

Notwithstanding the above, The District may undertake a delay in its investigation, lasting from several days to a few weeks, if circumstances require. Such circumstances include but are not limited to a request from law enforcement to temporarily delay the investigation, the need for language assistance, the absence of parties and/or witnesses, and/or a need for accommodations for disabilities or health conditions.

The District shall communicate in writing the anticipated duration of the delay and the reason for it to the parties and provide the parties with status updates if necessary. The District will promptly resume its investigation and formal grievance process as soon as feasible. During such a delay, the District will implement supportive measures as deemed appropriate.

District action(s) or processes may be delayed, but are not stopped by, civil or criminal charges involving the underlying incident(s). Dismissal or reduction of those criminal charges may or may not impact on the District's action(s) or processes.

7. Description of sanctions. The following describes the range of sanctions that may be implemented following a finding of responsibility.

Student Discipline: The following are the usual sanctions that may be imposed upon students singly or in combination:

- A. A warning;
- B. Required counseling;
- C. A required substance abuse treatment program;
- D. Exclusion from participating in extracurricular activities or other District programs/activities;
- E. Alternative placement;
- F. Suspension, which may be in-school, out-of-school, long-term, short-term, extended, or other suspensions;
- G. Expulsion (in compliance with I.C. § 33-205); and
- H. Other actions: In addition to or in place of the above sanctions, the District may assign any other sanctions deemed appropriate.

Employee Sanctions: Sanctions for an employee may include:

- A. A verbal or written warning;
- B. A performance improvement plan or management process;
- C. Enhanced supervision, observation, or review;
- D. Required counseling;
- E. Required training or education;
- F. Probation;
- G. Denial of pay increase or pay grade;
- H. Loss of oversight or supervisory responsibility;
- I. Demotion;
- J. Transfer;
- K. Reassignment;
- L. Assignment to a new supervisor;
- M. Restriction of professional development resources;
- N. Suspension with pay;
- O. Suspension without pay;
- P. Termination (in compliance with I.C. § 33-513(5), in the case of certificated employees);
- Q. Other actions: In addition to or in place of the above sanctions, the District may assign any other sanctions as deemed appropriate.

8. Burden of proof. When determining whether the respondent is responsible for violating Policy 3085 or Procedure 3085P by discriminating based on sex and/or for sexual harassment as defined herein, the decision-maker shall apply the clear and convincing evidence standard; which requires that the evidence proves there is a high probability that the respondent violated the policy or procedure.

9. Appeals. Any party may file a request for appeal in writing to the Coordinator within three school days of the delivery of the notice of a final outcome.

10. Supportive measures: Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties. Supportive measures are designed to restore or preserve access to the District's education program or activity, including measures designed to protect the safety of all parties or the District's educational environment, and/or deter Title IX sexual harassment. Examples of supportive measures may include, but are not limited to:

- A. Referral to counseling, medical, and/or other healthcare services;
- B. Referral to community-based service providers;
- C. Visa and immigration assistance;
- D. Education of the school community or community subgroup(s);
- E. Altering work arrangements for employees;
- F. Safety planning;
- G. Providing school safety escorts;
- H. Providing transportation accommodations;
- I. Implementing contact limitations, such as no contact orders, between the parties (note: allegations of violations of a no contact order will be investigated as collateral misconduct under this process);
- J. Academic support, extensions of deadlines, or other course or program-related adjustments;
- K. Emergency warnings;
- L. Class schedule modifications, withdrawals, or leaves of absence;
- M. Increased security and monitoring of certain areas of the school; and
- N. Any other actions deemed appropriate by the Coordinator.

11. Recognition of privileges: At no time during this grievance procedure may any evidence (whether through testimony or documents) be required, admitted, relied upon, or otherwise obtained by asking questions or admitting evidence that constitutes, or seeks disclosure of, information protected by a legally recognized privilege, unless the person holding the privilege has knowingly and freely waived the privilege.

12. Recordkeeping;

- A. The District shall maintain for a period of seven years records of:
 - i. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required where a hearing is held, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
 - ii. Any appeal and the result therefrom;
 - iii. Any informal resolution and the result therefrom; and
 - iv. All materials used to train Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District shall make these training materials publicly available on its website.
- B. For each response to a report of harassment or discrimination based on sex, the District shall create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it

took measures designed to restore or preserve equal access to the District's education program or activity. If the District does not provide a complainant with supportive measures, then the Coordinator must document the reasons why such a response was not clearly unreasonable in light of the known circumstances (i.e., was not a result of sex discrimination). The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken or to be taken.

Title IX Grievance Procedure Definitions

The following definitions apply to the identified terms used in this procedure:

“Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to:

1. The District's Coordinator; or
2. Any District official possessing the authority to institute corrective measures on behalf of the District; or
3. Any employee of the District.

Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the District with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. “Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Coordinator as set forth in this procedure.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Under circumstances where a sexual assault is alleged by a student against an adult, non-student employee, the District does not recognize the defense of “consent,” however it is defined. Where the parties are both adults, however, the following definition of “consent” will apply: Consent occurs where there is a knowing, voluntary, and clear grant of permission, by word or action, to engage in sexual activity. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity. If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged. Consent may be withdrawn. A person cannot consent if they are unable to understand what is happening or is disoriented, helpless, asleep, or unconscious, for any reason, including by alcohol or other drugs. It is a violation of policy if a respondent engages in sexual activity with someone who is incapable of giving consent, or is otherwise incapacitated.

“Incapacitation” occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing, informed consent. For example, they cannot understand the “who, what, when, where, why, or how” of their sexual interaction.

“Formal Complaint” means a document filed by a complainant, or signed by the Coordinator,

alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. At the time of filing a formal complaint, the complainant must be participating in or attempting to participate in the educational programs or activities of the District. A formal complaint may be filed with the Coordinator in person, by mail, or by electronic mail, or by using the contact information listed on the District's website. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission, (such as by electronic mail or through an online portal provided for this purpose by the District,) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Coordinator signs a formal complaint, the Coordinator is not a complainant or otherwise a party to this grievance procedure, and must otherwise comply with the requirements of this procedure.

Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. "Quid pro quo" harassment, which occurs when a District employee conditions the provision of a District benefit, service, or assistance on an individual's participation in unwelcome sexual conduct;
2. "Hostile Environment," which is defined as unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to District education program or activity; or
3. Physical threats and attacks, including "sexual assault," defined as forcible and non-forcible sex offenses as defined in the Clery Act, or dating violence, domestic violence, or stalking as defined in the Violence Against Women Act.

"Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent in cases where either no formal complaint has been filed, or both before and/or after the filing of a formal complaint. Such measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District shall maintain as confidential any supportive measures provided to the complainant or respondent, provided that maintaining such confidentiality will not impair the ability of the District to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of all supportive measures.

"Elementary school" and "secondary school" as used in this procedure refer to a local educational agency, as defined in the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act, a preschool, or a private elementary or secondary school, and include this District.

Revision of These Procedures

The District reserves the right to make changes to these procedures as necessary. If laws or regulations change or court decisions alter the requirements in a way that impacts these procedures, this document shall be construed to comply with the most recent government regulations or holdings.

[MAILING ADDRESS OR (IF DELIVERED VIA EMAIL) EMAIL ADDRESS]**

Dear **[ADDRESSEE]**:

On **[DATE]** the **[NAME OF OFFICE]** received a formal complaint from **[COMPLAINANT]** (“complainant”) alleging that you may have engaged in behavior that potentially violates District policy, including misconduct alleged on **[DATE(S)]** at **[LOCATION(S)]**.

Specifically, it is alleged that you **[APPROPRIATELY DETAILED DESCRIPTION]**.

This letter serves as formal notice that the District will be conducting a prompt, thorough, and impartial investigation of these allegations pursuant to the procedures detailed in Policy 3085. The District’s Title IX Sexual Harassment Grievance Procedure is compliant with applicable federal and state law, including the 2020 Title IX implementing regulations. A copy of this notice has also been provided to the complainant.

Specifically, you are alleged to have violated the following provision(s) of the Policy 3085 Sexual Harassment, Discrimination and Retaliation Policy:

[ALL POTENTIALLY APPLICABLE POLICY SECTIONS]

[ALL POTENTIALLY APPLICABLE SANCTIONS THAT COULD RESULT]

You are considered “not responsible” for violating District policy, unless and until **clear and convincing evidence** proves that a violation of policy has occurred. The burden is on the District to gather evidence, investigate the allegations, summarize all relevant evidence in a final investigation report, and make a final determination of responsibility (subject to appeal). No determination of responsibility will be made until the conclusion of the process and after the parties have been given an opportunity to inspect, review, and respond to all directly related and/or relevant evidence obtained by the District.

Should the allegations need to be modified, or if additional allegations emerge over the course of this investigation, this office will provide you with an updated and revised Notice of Investigation and Allegations.

Below, you will find details included to ensure that the District process is transparent to you, so that you fully understand your rights and the District's procedures.

1. The District's applicable procedures can be found online at <https://www.gvsd.net/documents/school-board-documents/district-policy/20687808>. If you need a hardcopy or accessible copy of these procedures, you should direct a request to the Title IX Coordinator at titleix@gvsd.net with contact information.
2. You are expected to preserve any evidence in your possession related to the allegations. Examples include, but are not limited to, screenshots of social media posts or electronic conversations (e.g., Snapchat, Facebook Messenger, WhatsApp, TikTok, text messages, etc.), written communication, audio or video recordings, photos, receipts, call logs, or any other relevant information.
3. Please plan to bring all evidence, documents, and items that you believe will be helpful to the investigator(s) to your interview or provide them beforehand. Originals are preferred to copies, and all materials should be in unaltered form. Expect that you will be asked to verify the accuracy and authenticity of evidence you provide. If information is stored on an electronic device (e.g., cell phone) it is recommended that you be able to show the device itself to the investigator(s) during the interview.
4. You may not record any meetings pursuant to this process. Doing so is a violation of Procedure 3085P. The District will record or transcribe proceedings, and those recordings or transcriptions will be made available to you.
5. Breaks are permitted during the interview, upon request.
6. You should plan to be available for the interview for at least one hour.
7. You may bring materials into the interview that are relevant to the investigation, but no other materials, bags, backpacks, or personal items are permitted.
8. You will be permitted to ask questions of the investigator(s), and should be prepared for them to ask many questions of you. Your honesty and cooperation are expected. You are expected to maintain decorum during the interview and to respect the serious nature of the proceedings.
9. The District cannot obligate you to participate in the interview. If you do not intend to attend, please notify Title IX Coordinator at titleix@gvsd.net .
10. Your rights in the process are detailed throughout the District's procedures.

Investigation and Interview

[INVESTIGATOR(S)] has/have been assigned to this matter. The investigator(s) are neutral professionals whose role is to objectively collect and compile all available information relevant to the allegations and compose a thorough, detailed investigation report. They will be taking notes and/or recording during the interview. A summary or transcript of your interview will be provided to you following the interview, and you will be asked to verify its accuracy, in writing, to the investigator(s).

If you have a concern that the investigator is potentially biased or has a conflict of interest, you must raise that issue with me prior to your scheduled interview.

At this time, we ask you to schedule an interview with the District's investigator(s). Two suggested times that work for an appointment to interview you are below, and we have already checked to make sure that these times work with your class schedule. Please contact the investigator(s) at (208) 462-3756 to confirm which of these times work best for you.

Retaliation

This letter also serves as a reminder that District policy prohibits retaliation, as defined in Procedure 3085P. Retaliation exists when an individual harasses, intimidates, or takes other adverse actions against a person because of that person's participation in an investigation or because of their support of someone involved in an investigation.

The District will impose sanctions on any faculty, student, or staff member found to be engaging in retaliation, and on individuals who encourage third parties to retaliate on their behalf.

If you experience any retaliation, please contact me immediately.

False Statements and/or False Information

Please also be reminded that Procedure 3085P prohibits making false statements and knowingly providing false information in the course of a District grievance process.

Should it be alleged that you have violated these rules, the District reserves the right to address those allegations inside of this process or to address the allegations as a separate matter pursuant to Procedure 2085P.

Confidentiality

You have the right to discuss this matter with your advisor and others, but the District will conduct this investigation confidentially, meaning that it will only share information as permitted or required by law. The District asks for your discretion in what you choose to share and hopes that you will respect the private and sensitive nature of these allegations. The complainant has been provided with the same information.

Concussion Protocol

Many students within the Garden Valley School District, No. 71 participate in activities of a nature whereby physical injury may result. Though the District takes care to ensure all activities are as safe as practicable, it is not possible to remove all danger from such activities, and the District acknowledges that concussions may result. The purpose of this policy is to comply with the requirements of Idaho Code § 33-1625, and to prepare a procedure for addressing situations in which student concussions have occurred, or are suspected to have occurred.

This policy only applies to organized athletic league or sport in which any District middle school, junior high school, or high school student participates as an athlete or youth athlete. For the purposes of this policy, athlete or youth athlete means an individual who is 18 years of age or younger and who is a participant in any middle school, junior high school, or high school athletic league or sport. A school athletic league or sport shall not include participation in a physical education class.

~~This policy applies to all students who sustain a concussion regardless of where, when, age or grade level.~~

Pre-Season Education

The administration and coaches will work to ensure that athletes, youth athletes, staff, students, parents, volunteers, coaches, and assistant coaches are educated about concussions. Prior to being allowed to engage or participate in any school athletic league or sport, as discussed above:

1. Each student desiring to participate in such school athletic league or sport, and the student's parents/guardians, shall be provided notice of or copies of any concussion guidelines or information available from the State Department of Education and the Idaho High School Activities Association, and also this policy.
2. Each student desiring to participate in such school athletic league or sport, and the student's parents or guardians, shall acknowledge that they have been provided the guidelines or information available from the State Department of Education and the Idaho High School Activities Association, as well as this policy, and have had the opportunity to review and have reviewed such information. Further, each student and the student's parents/guardians shall sign an applicable waiver for participating in such school athletic league or sport.
3. The signed waiver and acknowledgment of review of the appropriate information shall be returned to the District.
4. As part of any required pre-athletic league or sport participation medical examination of physical, the medical provider performing the examination shall check for signs of previous concussions. Such medical provider shall indicate whether signs of previous concussions

are indicated, and whether the student should or should not be allowed to participate in the school athletic league or sport.

5. The athlete will be required to obtain a pre-season baseline concussion (or similar) test before being allowed to participate in a school athletic league or team. Such test must be performed at least once annually, and shall be at the student's expense. The District must be provided with written confirmation that the test was completed by a qualified and trained health care professional, though the results of the testing shall not be provided to the District. Concussion informational classes for students and parents wanting to participate in school sponsored sports will be offered 2-3 times a year. The objective of these classes is to inform the students and parents of the symptoms and dangers of concussions, and the procedures followed in Return to Learn and Return to Play protocols.

Students **Athletes** will not be allowed to participate in school athletic leagues or sports until the above steps are accomplished.

Coaches, referees, game officials, game judges, and athletic trainers shall review any concussion guidelines or information available from the State Department of Education and the Idaho High School Activities Association and information upon employment and biannually thereafter.

Protocol on Suspected Concussion

If, during any school athletic league or sport practice, game, competition, or activity, a student exhibits signs or symptoms of a concussion, makes any complaint indicative of a possible concussion, or a coach, assistant coach, volunteer coach, or other School District employee has reason to believe a concussion has occurred, such student shall be removed from play or participation in the practice, game, competition, or activity. According to the Centers for Disease Control and Prevention, and for the purposes of this policy, signs observed by coaching staff which could be indicative of a concussion include if the student:

1. Appears dazed or stunned;
2. Is confused about assignment or position;
3. Forgets an instruction;
4. Is unsure of game, score, or opponent;
5. Moves clumsily;
6. Answers questions slowly;
7. Loses consciousness (even briefly);
8. Shows mood, behavior, or personality changes;
9. Can't recall events prior to the hit or fall; or
10. Can't recall events after the hit or fall.

According to the Centers for Disease Control and Prevention, and for the purposes of this policy, symptoms reported by the student which could be indicative of a concussion include:

1. Headache or "pressure" in head;
2. Nausea or vomiting;
3. Balance problems or dizziness;

4. Double or blurry vision;
5. Sensitivity to light;
6. Sensitivity to noise;
7. Feeling sluggish, hazy, foggy, or groggy;
8. Concentration or memory problems;
9. Confusion; or
10. Does not “feel right” or is “feeling down”.

Coaches ~~and/or staff members~~ should not try to judge the severity of the injury themselves. Health care professionals have a number of methods that they can use to assess the severity of concussions. Coaches and/or staff members should record the following information, if possible, to help health care professionals in assessing the athlete after the injury:

1. Cause of the injury and force of the hit or blow to the head or body;
2. Was there any loss of consciousness (passed out/knocked out) and if so, for how long;
3. Was there any memory loss immediately following the injury;
4. Were there any seizures immediately following the injury; and
5. The number of previous concussions (if any)

School principals shall ensure that a health record is maintained for each student.

Such authorization must be in writing, and must be provided to the District prior to the student being returned to play. If the authorization is signed by a licensed health care professional trained in the evaluation and management of concussions, such authorization must also be countersigned by the directing physician.

The Concussion – Return to Participation Medical Release, 3505 F2, must be completed and provided to the District prior to the student returning to play.

STUDENTS

Adopting ISBA 3510

This policy shall be reviewed annually by the Board of Trustees or their designee.

Assistance in Self Administration of Medicines by Students

Any school employee authorized in writing by the school administrator or school principal:

1. May assist in the self-administration of any drug to a pupil provided:
 - A. The student's parent/guardian has consented in writing; and
 - B. The drug may lawfully be sold over the counter without a prescription.

Such administration must be as described in the written instructions provided in accordance with this policy.

2. May assist in the self-administration of a prescription drug to a pupil in compliance with the written instructions of a licensed health care practitioner, if the pupil's parent/guardian consents in writing.

Administering Medicines to Students

No employee except a qualified health care professional may administer a drug or prescription drug to a pupil under this policy except in an emergency situation.

The Board will permit the administration of medication to students in District schools. Pursuant to the written authorization of the student's licensed health care practitioner, as well as the written authorization of a parent/guardian, the school nurse (who has received direction as to the administration of medication by the student's licensed health care practitioner) may administer medication to any student in the school.

Where administration of medication is a routine activity for a particular student, the subject shall be addressed in a student's health care plan, Section 504 Plan, or IEP as applicable.

Diagnosis and treatment of illness and the prescribing of drugs are never the responsibility of a school employee and should not be practiced by any school personnel.

The absence of a school nurse for the administration of medication shall be addressed on a case-by-case basis considering compliance with Idaho law and the medical needs of the student.

Emergency Administration of Medicines

In case of an anaphylactic reaction or the risk of such reaction, or in the case of a seizure, a school nurse or delegate may administer medication to any student in need thereof on the school grounds, in the school building, or at a school function, according to the standing order of the chief medical advisor or the student's private physician.

In the absence of a school nurse, the administrator or designated staff member exempt from the nurse licensure requirements who has completed training in administration of medication, may give emergency medication to students. There must be on record a medically diagnosed allergic condition which would require prompt treatment to protect the student from serious harm or death.

Record of the medication administered in an emergency will be entered on an Individual Student Medication Record and filed in the student's cumulative health folder.

Self-Monitoring and Treatment of Diabetes

A student with diabetes, upon written request of the student's parent/guardian and written authorization from the student's treating physician, shall be permitted by the Board to perform blood glucose checks, administer insulin through the insulin delivery system the student uses, treat hypoglycemia and hyperglycemia, and otherwise attend to the care and management of the student's diabetes in the classroom and in any area of the school or school grounds, and to possess on the student's person at all times all necessary supplies and equipment to perform these monitoring and treatment functions.

Epilepsy and Seizure Disorder Plans

Upon written request of the parent/guardian of a student who has epilepsy or another seizure disorder, the District shall authorize implementation of a plan – whether a Section 504 plan, Health or Emergency Care Plan, or Seizure Disorder Plan, as deemed appropriate for each individual student. The plan will include, but is not limited to, the following:

1. Providing notice of the student's condition to all employees who interact with the student;
2. The student's symptoms;
3. Written orders from the student's physician on providing care to the student;
4. Whether the student may fully participate in exercise and sports and, if applicable, any accommodations required;
5. Accommodations for school-related activities, such as school trips and after-school activities;
6. A description of how medical treatment of the condition may affect the student's education, if applicable;
7. The student's understanding of and ability to manage the epilepsy or seizure disorder.
8. How to maintain communication with the student, parents/guardians, the student's healthcare team, and the school nurse or employee responsible for administering emergency medication; and
9. A list of qualified staff who may administer emergency medication to the student for a seizure.

The plan may be updated annually and as necessary if there is a change in the health status of the student. The plan must also address the notification to the appropriate staff.

All employees who have received notification that a student they interact with has epilepsy or another seizure disorder will be provided with information about how to recognize indicators for epilepsy and seizure disorder, epilepsy, or seizure disorder first aid, when to call for assistance, and

a parent/guardian and emergency contact information for that student. The training shall be provided by the school nurse. The training may be individualized to each student, if necessary.

Self-Administration of Asthma Medication, Insulin/Diabetic Treatment, Seizure Disorder Medication, or Epinephrine Auto-Injectors

Pursuant to Idaho Code covering the self-administration of asthma medication, the following shall apply to epinephrine auto-injectors, seizure disorder medication, insulin, or blood glucose monitoring supplies if a parent/legal guardian chooses to have their child self-administer medication:

1. The parents/guardians of the pupil shall provide to the Board or designee written authorization for the self-administration of medication.

2. The parents/guardians of the pupil shall provide to the Board or designee written certification from the student's physician that the student has a severe allergic reaction (anaphylaxis), asthma, another potentially life-threatening respiratory illness, epilepsy or another seizure disorder, or diabetes and is capable of, and has been instructed in, the proper method of self-administration of medication. In cases where the pupil has severe or life-threatening allergies, Policy 3515 Food Allergy Management, and any related procedures shall be followed. For students with a severe allergic reaction, asthma, another potentially life-threatening respiratory illness, seizure disorder, or diabetes the student's physician or health care provider-supplied information shall contain:

- A. The name and purpose of the medicine;
 - B. The prescribed dosage;
 - C. The time(s) at which or the special circumstances under which medication should be administered;
 - D. The length of time for which medication is prescribed;
 - E. The possible side-effects of the medicine;
 - F. Actions to take in the event of an emergency, including if the medication does not improve the child's breathing or allergic reaction;
 - G. Contact information for the physician and parent/guardian; and
 - H. If applicable, a list of the child's asthma or seizure triggers or allergies.
3. The school's administration and appropriate teachers and school personnel shall be informed that the student is self-administering prescribed medication. Such notification shall be done in a manner so as to best preserve the privacy of the student and the student's medical condition to the extent appropriate.

For students with severe or life-threatening allergies this information may be provided in the student's Emergency Care Plan.

Additional Requirements for Self-Administration of Medicines

The Nurse or designee will inform the parents/guardians of the pupil in writing that the District and its employees or agents shall incur no liability as a result of any injury arising from the self-administration of medication by the pupil, absent any negligence by the District, its employees, or its agents, or as a result of providing all relevant information provided pursuant to subdivisions of this subsection with the school nurse, absent any negligence by the District, its employees, or its agents, or in the absence of such nurse, to the school administrator.

The parents/guardians of the pupil shall sign a statement acknowledging that the District shall incur no liability as a result of any injury arising from the self-administration of medication by the pupil and that the parents/guardians shall indemnify and hold harmless the District and its employees or agents against any claims arising out of the self-administration of medication by the pupil.

Students who are authorized to carry their medication, supplies, or equipment necessary for managing their diabetes, allergies, asthma, or epilepsy or other seizure disorder may be retested periodically to ensure they are still capable of correctly using the medication.

As used in this section:

1. "Medication" means:
 - A. An epinephrine auto-injector;
 - B. A metered dose inhaler or a dry powder inhaler;
 - C. Medication for the treatment of epilepsy or another seizure disorder; and
 - D. Insulin, insulin delivery system and/or supplies or equipment necessary for diabetes monitoring and/or treatment

2. "Self-administration" means a student's use of medication pursuant to prescription or written direction from a physician; and
3. A student who is permitted to self-administer medication pursuant to this section shall be permitted to possess and use the prescribed medication at all times.

Any school employee authorized in writing by the school administrator or principal may assist with self-administration of medications provided that only the following acts are used:

1. Verbal suggestions, prompting, reminding, gesturing, or providing a written guide for self-administering medications;
2. Handing a prefilled, labeled medication holder, labeled unit dose container, syringe, or original marked, labeled container from the pharmacy to the student;

5. Holding a container of fluid and assisting the student in drinking fluid to assist in the swallowing of oral medications; and/or
6. Assisting with removal of a medication from a container for students with a physical disability which prevents independence in the act.

Handling and Storage of Medicines

All medications, including those approved for keeping by students for self-administration, must first be delivered by the parent or other responsible adult to the nurse or employee assisting with the self-administration of medication. The nurse or the employee must:

1. Examine any new medication to ensure that it is properly labeled with dates, the name of the student, the medication name, the dosage, and the physician's name;
2. If administration is necessary, the nurse must develop a medication administration plan for the student before any medication is given by school personnel;

3. Record on the Student's Individual Medication Record the date the medication is delivered and the amount of medication received;
4. Store medication requiring refrigeration at 36F - 46F; and
5. Store prescribed medicinal preparations in a securely locked storage compartment excluding those medications approved for self-administration. Controlled substances will be contained in a separate compartment, secured, and locked at all times.

No more than a 45 school day supply of a medication for a student will be stored at the school. All medications, prescription and nonprescription, will be stored in their original containers.

Access to all stored medication will be limited to persons authorized to administer medications or assist in the self-administration of medications. Each school will maintain a current list of those persons authorized by delegation from a licensed nurse to administer medications.

Disposal of Medication

School personnel must either return to the parent/guardian or destroy (with permission of the parent/guardian) any unused, discontinued, or obsolete medication. Medicine which is not repossessed by the parent/guardian within a seven day period of notification by school authorities will be destroyed by the school nurse in the presence of a witness
