High School Principal

Dear Comet Family,

Thank you for your patience and cooperation today. Most importantly, we are grateful that all students and staff are safe.

As you likely know, at approximately 8:05 a.m., the high school received a bomb threat by phone. Administrators immediately evacuated the building and contacted law enforcement. School was then dismissed for KHS. Officials from multiple law enforcement agencies and emergency management agencies conducted a thorough search of the building and determined the threat was a hoax and **was not** credible.

Fortunately, the district can safely resume classes tomorrow morning. Today's evening activities for the little league will proceed as planned.

The safety and well-being of our students and staff are always our highest priorities. We understand that today's experience may cause worry for some students. School counselors will be available tomorrow to provide support to any student who needs assistance. If you have concerns about how your child is feeling, please contact the school office.

I want to thank our staff and law enforcement officials for their quick response and their work to keep our students safe. I also appreciate the patience, cooperation and understanding of our students and families throughout today's evacuation and dismissal process.

Thank you for your continued trust in Kansas Public Schools.

Cory Steele,
Superintendent
