Process for Parent/Student Financial Support

·If financial support is needed, please submit a written request to the school for assistance.

· The school will confirm the need for assistance. A copy of the Uniform Assistance Request form will be provided to the parent if approved. They will then take the request to the store of their choice and identify the items they would like to have the district purchase. Parents must identify the item number, size, and color for each item.

·Parent will then return the form to the school principal, and a purchase order will be generated.

When items arrive, the school will contact the parent to come in and pick up the order.
