MISSION STATEMENT

Uniondale School District recognizes that all children are unique and must be guided to realize their full academic and social potential in a secure and stimulating environment.

Therefore, the Uniondale School District, its Board of Education, staff, students, parents, and community members, as stakeholders in the shared decision-making process, are committed to developing educational excellence and will ensure that students:

1. Are provided with a rigorous education that will prepare them to become problem-solvers, users of technology, and literate, productive citizens in a mosaic society.
2. Are challenged intellectually and academically in a stimulating environment in which high expectations and a passion for learning are priorities.
3. Work and learn in a safe and secure environment.
4. Develop and practice respect for cultural diversity and character.
5. Are given the opportunity to develop character and enhance their self-esteem.
6. Develop and practice respect for themselves, their peers, the staff, the educational setting, and the broader community.

Your School District

The Uniondale Union Free School District is a community of approximately 24,759 people. Within the District's perimeter are parts of the communities of Baldwin, Garden City, Hempstead, Westbury and all of Uniondale. The five elementary, two middle and one high school are located on 73 acres of land with an estimated value of \$198,499,325. Approximately 715 teachers and administrators are employed by the District. A five-member Board of Education, elected by the qualified voters of the District and serving without pay, manages the schools. At least one member is elected each spring. Meetings of the School Board are held on specific Tuesdays as listed on the calendar at 7:00 p.m. in Uniondale High School unless otherwise specified. Residents are invited to attend.

Attendance

Ensuring regular school attendance is the responsibility of all stakeholders of the Uniondale School District. Daily school attendance is paramount to the success of our students. **Chronic absenteeism** is a classification for any child who misses 10% or more of the school year. Students who are chronically absent are less likely to achieve in classes, ultimately risking promotion to the next grade.

Parents and/or guardians are requested to advise the school by telephone on the first day of the reason for the child's absence or lateness. Only individuals designated by a parent as an emergency contact may call to inform the school of an absence. State Education Law lists the following classifications as legal absences or tardiness:

1. Sickness of student.
2. Death in the family.
3. Impassable roads or weather making travel unsafe.
4. Religious observance (under rules established by Education Law).
5. Religious instruction (1 hour per week upon parent request).
6. Required presence in court.
7. Approved college visits
8. Quarantine
9. Military Obligations

We as a Uniondale School District family wish for our students to attend school daily. If you require any assistance with getting your child to attend school, please contact one of the following so we may assist:

- Your child's guidance counselor
- School social worker
- Attendance officer (Uniondale High School Students only)
- School administration

Our entire school community is here to ensure that each and every student feels comfortable and safe to attend school everyday.

When A Question Arises

When a question arises in the mind of a parent relative to the progress of their child, there is a plan for addressing such questions. Please see page 23 for further details.

Since school personnel are assigned specific schedules to follow during the day, parents are encouraged to call the school for an appointment in advance. The phone numbers of the schools are listed on pages 4, 5 and 6 of this publication.

Photo/Media Release OPT-Out

The Uniondale Union Free School District utilizes photos and media to celebrate the achievements of our students and our school. On occasion, our staff will film or photograph students and staff to highlight the teaching and learning in our schools. If you do not wish to have your child photographed and/or videotaped, you must submit your request in writing to the Assistant Superintendent of Curriculum and Instruction, no later than September 18, 2026. Group or full-class photographs and videotapes should not be included in your request. Requests may also be submitted via email to pvega@uniondaleschools.org.

PPRA Model Notice And Consent/OPT-Out For Specific Activities

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. #1232h, requires the Uniondale School District to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility. This requirement also applies to the collection, disclosure or use of student information for marketing purposes ("marketing surveys"), and certain physical exams and screenings.

Title IX and Section 504 Compliance

The Uniondale Union Free School District does not discriminate on the basis of sex, race or handicap in the educational programs or activities which it operates. Title IX of the Federal Education Amendments of 1972 requires educational institutions to maintain policies, practices and programs that do not discriminate against anyone based on sex, to create gender equitable schools. Inquiries or complaints concerning the application of Title IX regulations may be referred to Mr. Robert Rodriguez, Assistant Superintendent for Human Resources, Uniondale High School, 933 Goodrich Street, Uniondale, New York 11553, (516) 560-8822. Section 504 provides that no qualified individual with a disability should, only by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. Inquiries or complaints concerning the application of Section 504 regulations may be referred to Mrs. Maricel Goldman, Coordinator for Special Services/CSE, Cornelius Court School, 1060 Cornelius Court, Uniondale, New York 11553, (516) 560-8861. All complaints of violation of non-compliance with said law or regulations shall be committed in writing to the above-named employees and shall be promptly investigated. Such hearings or other procedures on any and all such complaints shall be promptly taken as shall be necessary to enable the prompt and equitable resolution of student and employer complaints alleging any action which would be prohibited by said law or regulation.

Alternative High School Program

U.A.H.S - (Uniondale Alternative High School) - This pathway affords students an opportunity to obtain their high school diploma by completing all necessary credits as determined by NY state.

L.Y.F.T - (Lifting Youth to Find Themselves) - This is our credit recovery program. This pathway allows our youth a possibility to recover credits and take courses that would not fit in their daytime schedule.

H.S.E/G.E.D - (High School Equivalency Program) - This pathway offers opportunities for completion of secondary education for students who would not normally find success in a traditional academic setting. Upon completion of HSE, our students receive an equivalency diploma. This program is taught in both English and Spanish.

Suspension Program - (Grades 7-12) - This program is offered to students who have been assigned to out-of-school suspension ranging from 1 to 5 days as well as longer term suspension and in accordance with New York State laws.

Annual "AHERA" Notification

In compliance with federal regulation 40CFR Part 763 (AHERA), the Uniondale UFSD continues its management plan of the remaining asbestos containing materials in the district. Planned activities for the upcoming school year include custodial and maintenance employee awareness training and continuation of the six-month surveillance program. Records of employee training, inspections, surveillances and abatement projects are available for review in the district office and in the main office of each school.

Transportation

A. PUBLIC SCHOOL CHILDREN

The District provides transportation for children according to the following distances which were established by Administrators and the School Board:

Grades K-3 Beyond 1/2 mile from school to home

Grades 4-6 Beyond 3/4 miles from school to home

Grades 7-12 Beyond 1-1/2 miles from school to home

Children who are entitled to bus transportation are notified by the individual schools. Parents who have questions relative to transportation should contact the individual school principal.

B. PRIVATE AND PAROCHIAL SCHOOL CHILDREN

Children attending private and parochial schools are guided by the same rules that govern transportation for public school children. The cost of transportation to all approved private and parochial schools up to a distance of 15 miles is paid by the School District. Parents of parochial and private school children must request transportation by April 1st of each year. But prior to requesting transportation, a student must be registered with the Central Registration Office. All Uniondale registration requirements apply. Requests for transportation should be addressed to the District Transportation office, Cornelius Court School. This is necessary to enable the District to estimate its transportation needs for the following year.

C. SPECIAL NEEDS STUDENTS (CSE)

Transportation is available for handicapped children attending school. Parents are requested to submit a letter to the school nurse from the family health provider. This letter must clearly state the need, and duration of time the child will require transportation. Any parent requesting transportation for a child with asthma must also include an Asthma Action Plan completed by the health care provider. This information is submitted to the district health supervisor for approval or rejection before permission is granted.

Uniondale Schools Procedure for Registration of New Students

Please visit the Uniondale Union Free School District website for new student registration at district.uniondaleschools.org under Central Registration.

You will be required to create a PowerSchool Registration account before you can proceed. This account can be used to register any other children in the future as well. Please Note: This is NOT a PowerSchool Parent Portal account username or password.

In order to submit your child's New Student Registration form, you will be required to upload all of the following mandatory documentation noted within the application process:

- Parent/Guardian must present an UNEXPIRED VALID government issued photo ID
- Original birth certificate or passport
- Two current proofs of address provided within 30 days
- Health History form along with health records and immunizations

Please be advised that you can begin the form, even if you do not have all of the required documentation on hand, as you have the ability to save and return to the form at any time prior to submission.

IMPORTANT: THE REGISTRATION PROCESS IS NOT COMPLETE UNTIL THE ONLINE REGISTRATION FORM IS SUBMITTED AND ALL MANDATORY DOCUMENTATION IS APPROVED BY THE CENTRAL REGISTRATION OFFICE.

You will be contacted by Central Registration should there be any questions or further information and/or documentation is required.

You can reach the Central Registration office at 516-560-8813 or centralreg@uniondaleschools.org. Our office hours are from 8:00 a.m.-4:00 p.m. Monday through Friday. If you need to schedule an appointment, please visit our website and follow the instructions under Central Registration.

Early Childhood Readiness Program @ WSS

The Family and Consumer Sciences Department is again offering to district youngsters, who will be 4 years old by **December 2027**, the opportunity to attend the Early Childhood Readiness Program at Walnut Street Elementary School. The purpose of the program is two-fold; first, to introduce youngsters to a pleasant pre-school experience, and secondly, to give the high school students registered in the Child Development classes a practical experience working with children.

The program runs for approximately twelve weeks in the Spring, Monday through Thursday afternoon, dates posted in the calendar. There is a registration fee of \$75. Parents must provide transportation to and from the school. Class size for this program is very limited, with placement made upon return of registration forms. We request that you wait until November to reach out for further information, since Family and Consumer Sciences teachers receive the requests. Registration begins in January. Please email Ms. Kavalos at ckavalos@uniondaleschools.org for information.

Before a child will be admitted to the Early Childhood Readiness Program, we must have proof of the following immunizations signed by your physician:

- 3 doses of diphtheria toxoid (usually administered as either DPP or TD)
- 3 doses of OPV (or, as alternative, 4 doses of IPV or 3 doses of EOPV)
- 1 dose of live measles vaccine administered after the age of 12 months
- 1 dose of live mumps vaccine administered after the age of 12 months
- 1 dose of live rubella vaccine administered after the age of 12 months
- 1 dose of HbCV administered between the ages of 18 months and 5 years
- 1 dose of varicella administered after 1 year of age
- 3 doses of Hepatitis B

Homework Policy

Homework provides meaningful opportunities for scholars to develop strong study habits, personal responsibility, and self-initiative. Through consistent expectations, scholars build independence, time management skills, and perseverance.

Guiding Principals: Homework is an extension of classroom learning. It is designed to reinforce, extend, and, when appropriate, prepares scholars for upcoming lessons, always aligned with grade-level standards and classroom instruction. Homework deepens understanding, promotes critical thinking, and allows scholars to apply their learning in purposeful ways.

Homework can be differentiated to address the diverse and developmentally appropriate needs of all learners. Assignments should include intentional scaffolds, supports, and/or tools that ensure equitable access while upholding high expectations and grade-level standards. Thoughtful differentiation allows all scholars to engage meaningfully with the work at an appropriate level of challenge.

Purposeful homework strengthens the home-school connection and provides families with insight into classroom learning, while honoring the importance of balance and scholars' overall well-being.

Family partnership is essential in making homework a meaningful and integral part of the educational program, as it is one indicator of scholar success. Families play an important role in encouraging, monitoring, and supporting homework completion. To the extent possible, families are expected to provide consistent routines and a home environment that supports scholars in successfully completing assignments. When patterns of incomplete homework emerge, teachers and school staff will proactively follow up with scholars and families to identify barriers and provide appropriate support. Homework completion concerns will be addressed through collaborative problem-solving, ensuring scholars are equipped with the tools, structures, and guidance needed to be successful.

Homework may include:

- Practice assignments
- Reading and research
- Project-based learning
- Skill reinforcement
- Preparation for upcoming lessons
- Creative and performance-based task

Home Instruction

Home instruction is available for students within the District who are unable to attend school. Students enrolled in private or parochial schools may also be eligible, provided they meet the qualifying conditions. This service is provided to students who are expected to miss at least 10 days of school within a certain time frame due to a documented illness or injury that prevents them from participating in their regular school setting, or as a result of a superintendent's suspension.

To request home instruction, a parent or guardian must submit a request with medical documentation from the student's healthcare provider and written consent allowing the district to contact the provider. Requests must be reviewed and approved by a district administrator.

Instruction is typically provided for 10 hours per week at the elementary level and 15 hours per week at the secondary level, with adjustments permitted if supported by medical documentation. If parents/guardians have any questions about home instruction, they should contact their building Principal or Assistant Principal.

Working Papers

Middle School Students who desire working papers must pick up the application from the GUIDANCE DEPARTMENT. Enter Information - Part 1, and signed by a parent. It would then be taken to the Health Office. A Birth Certificate or Passport is needed to Verify the student's age, and a physical which is less than a year old must be on file with the Health Office in order for the Nurse to issue the Physical Fitness Certificate. When this is completed a Student Employment Certificate (Working Card) will be issued by the HEALTH OFFICE.

High School Students who desire working papers must pick up the application from the HEALTH OFFICE. Enter Information - Part 1, and signed by a parent. It would then be taken back to the HEALTH OFFICE. A physical which is less than a year old must be on file with the Health Office in order for the Nurse to issue the Physical Fitness Certificate. You would then pick up the completed paperwork from the Health Office and bring it to the High School GUIDANCE DEPARTMENT along with a Birth Certificate or Passport to Verify the student's age. When this is completed a Student Employment Certificate (Working Card) will be issued by the GUIDANCE DEPARTMENT.

Report Cards

All the schools in the District issue report cards four times a year on the secondary level and three times a year on the elementary level. They are designed to interpret the student's progress in academic fields as well as his/her development as a person and a citizen.

Parents are urged to discuss the marks with the student and, in cases where the student has done poorly, try to determine the reason and plan a program for improvement. The parent should contact the teacher requesting an appointment to discuss the situation. Parents of students in the secondary schools who are doing poor work in more than one area should contact all the teachers concerned and the guidance counselor.

The telephone numbers are listed with the individual schools in this publication.

Health Services

All pupils of the Uniondale school district are provided health services according to state requirements, in addition to services approved by the Board of Education.

The school health office in each school is staffed by a registered professional nurse. The nurse maintains your child's health record, will provide first aid and assist students and parents with health problems throughout their years in Uniondale school district.

All students entering the Uniondale school district, on any grade level, must have a satisfactory physical assessment performed by a licensed health care provider in the state of New York. A dental certificate is requested for all new entrants. The physical assessment and dental certificates are acceptable if performed within one year of entry to our district.

All students in grades Pre-K, Kindergarten, 1, 3, 5, 7, 9 & 11 are required to have a physical examination yearly, preferably by their licensed health care provider. A report of these examinations given by a private health care provider is to be submitted to the health office in the pupil's school no later than October 15th. The school physician will perform a physical examination in school after this date if documentation is not received and approved. Please adhere to new **physical forms and interval forms** which can be found on our school district website.

Students wishing to participate in competitive sports must undergo a sports physical examination on a yearly basis. This examination is best performed by the students' private health care provider. The district physician will make the final determination if a student is physically fit to participate in competitive sports.

All students K through 12 receive vision, hearing, dental, height, weight and blood pressure screenings. All new entrants receive eye muscle screening, distance/near vision and color blind screening. Pupils in grades 5 through 9 receive a scoliosis screening. These screenings are conducted by the school nurse at each school. Body Mass Index is required for pupils in grades Kindergarten, 2nd, 4th, 7th and 10th grades (based on last year's grade levels).

All students must meet the New York State Immunization requirements. Students will not be permitted to attend school according to State legislation until these requirements are satisfied. All new entrants to the district are required to provide proof of a tuberculin skin test (PPD) with results within the last year but only if transferring to our school district from out of the country.

Students requiring medication during the school day, including non prescription medication, must have signed parental permission to be administered, and a written order from a health practitioner, including name of medication, dosage and time of day to be given. ALL medications must be in the original pharmacy labeled containers. Otherwise, it cannot be accepted.

Students requiring use of crutches, cane, or any type of assisted device, during the school day, must have a note signed by their health care provider on file in the health office indicating limitations and clearance to attend school. The crutches, cane, or any type of assisted device must be provided by the parent or guardian.

School Lunch Service

We are pleased to inform you that our district is approved to participate in CEP under the National School Lunch and School Breakfast Program for the 2026-2027 School Year. All students enrolled in any of our schools will receive a healthy breakfast and lunch at no charge. We follow the U.S. Department of Agriculture guidelines for healthy school meals. Our offerings provide all students daily with well-balanced, and nutritional meals, menus can be viewed on our website. Dietary Medical Accommodations require proper medical documentation on file with our Health Office, please see your school nurse for assistance. Our district also participates in FFVP, all elementary students receive additional fruit or vegetables on selected dates. All students participating in after-school activities will also receive an additional snack. By providing lunch for all children at no charge, we are hoping to create a better learning environment for our students.

Special Services for Students with Disabilities

In accordance with the Regulations of the Commissioner of Education, the Uniondale School District has the goal of providing all students with disabilities a free and appropriate public education (FAPE). The Uniondale School District engages in a continuous process of public awareness activities, screening and evaluation to locate, identify and refer young children who may have a disability as early as possible. The Uniondale School District provides a wide range of special education programs and services designed to help each student realize his/her educational potential. We offer a continuum of special education services, providing students with disabilities the least restrictive environment. Special Education services range from related services specified in a student's Individual Educational Plan to placement in an appropriate program. A primary focus is to ensure students with disabilities meet local and Regents requirements for a high school diploma or a skills and Achievement Commencement Credential (SACC). Students who have received a SACC or Career Development and Occupational Studies (CDOS) Commencement Credential may continue to attend secondary school level classes until they are 21 years of age.

Parent's licensed physicians, judicial officers and public agencies may seek the assistance of the district's professional staff and the Committee on Special Education by coming to Cornelius Court School, 1060 Cornelius Court, Uniondale, NY 11553-1426 or by calling 516-560-8861. Teachers and other professional staff who suspect that a student may be eligible for special education services should follow district procedures governing the referral of students to the Committee on Special Education. Parents who suspect that their child under the age of 3 may need special education services should contact the Nassau County Department of Health's Early Intervention Program at 516-227-8661.

Psychological Services

The school psychologist is trained in the identification and assessment of students' intellectual and emotional needs that influence the learning process. Additionally, the school psychologist can assist with improving the learning environment for students, teachers, administrators and parents by providing Individual Education Program (IEP) counseling support or developing Behavior Intervention Plans (BIP). The school psychologist can be a valuable resource person to contact if your child is experiencing emotional or interpersonal difficulties that warrant professional attention. Appointments with the school psychologist can be arranged by calling the school office or calling the Committee on Special Education office at 516-560-8861.

Speech and Language Therapy

The speech and language teacher assists with the identification and assessment of students with speech and language delays or disorders that prevent him/her from realizing their educational potential. Children designated for speech therapy by the Committee on Special Education receive services to develop age-appropriate receptive and expressive language skills. If you suspect your child has a speech or language disability, please do not hesitate to contact the Committee on Special Education office at 560-8861/8969.

Academic Intervention Services (AIS)

New York State has set higher learning standards for all students in English Language Arts (ELA) and mathematics. State tests in grades 3-8 require students to demonstrate their ability to read, write and listen in ELA and apply reasoning and computation skills in mathematics. These assessments are aligned to the New York State Next Generation Learning Standards.

Students whose performance indicates they are at risk for not mastering the skills necessary to meet grade level learning standards are provided with additional instruction to support their growth towards achieving the standards. Additional instruction is provided by classroom teachers through small group targeted support or by a reading or math specialist in the elementary and secondary schools. Multiple data points, including state and district mandated assessments, are used to identify students needing additional support.

Parents who have any questions or concerns about this program may contact the Director of English Language Arts or the Director of Mathematics.

English as a New Language (ENL) and Bilingual Instruction

The Multilingual Education Department is dedicated to providing high-quality language programs that support the holistic development of our students. These programs create learning environments that not only help students master academic content but also foster critical thinking, problem-solving, and multilingual communication skills.

Students from households where a language other than English is spoken undergo the New York State-mandated identification process. If they score below the statewide proficiency threshold on the New York State Identification Test for English Language Learners (NYSITELL), they are required to receive English as a New Language (ENL) instruction. Additionally, Spanish-speaking students may qualify for the Transitional Bilingual Education (TBE) Program, which provides targeted language support while helping them transition to English proficiency. These programs are designed to ensure students adjust successfully to the American school experience, develop social confidence, and acquire the linguistic and academic skills necessary for long-term success.

At the elementary level, we offer Dual Language Education for incoming kindergartners, allowing families to choose an immersive bilingual program that nurtures biliteracy, bilingualism, and cross-cultural understanding while strengthening academic achievement.

Our ultimate goal is for all Multilingual Learners to attain the **New York State Seal of Biliteracy**, a prestigious recognition that affirms students' proficiency in English and another language, empowering them with the linguistic skills needed for college, careers, and global opportunities.

Social Workers

School social workers are involved with the community, school, staff and families to assist students with developing to their fullest potential. Within the school, the social workers are involved with programs that focus on enhancing self-esteem, social skills, conflict mediation and academic achievement. They are available to meet with students and families to review and address various concerns and to make referrals to social agencies that may be of assistance at a critical time. To schedule an appointment with the building social worker, please call the school office first or contact the Coordinator for Pupil Personnel Services at 516-918-1059.

Guidance Program

The Uniondale School District strives to provide a comprehensive guidance program that assures student/youth development focused on the whole child. We aspire to cultivate atmospheres that are conducive to academic, social, emotional, and physical growth.

The district provides a vast array of course offerings to meet the needs of our diverse school population. It is imperative that both parents and students have a clear understanding of these offerings to make informed decisions that will motivate and challenge students as they meet promotional standards.

Each of our K-12 scholars have access to a school counselor. School counselors work diligently with all stakeholders (parents, students, staff, administration, and the community) to maximize student achievement. Our department seeks to identify and determine each student's ability and interests to maximize their learning experience in preparation for post-secondary studies and/or employment in order to become productive members of our larger more complex society.

Any parent/guardian who has any questions or concerns and/or would like to find out more about our program and our department is welcomed to contact the Guidance Office of their respective school(s) to schedule an appointment.

Scholarships

The Uniondale High School Guidance Department publishes a monthly newsletter, "Knights News," which highlights scholarships, internships, camps, employment opportunities, and other important information. The newsletter is emailed to all students and is posted on the UHS website, hard copies can be obtained in the College and Career Room.

Each spring, the annual UHS "Scholarship Packet" is distributed to all seniors. This packet includes a comprehensive list of local awards and scholarships offered by a variety of public and private organizations, including the Parent-Teacher Association and school personnel. Scholarship recipients are recognized at the annual Awards Ceremony held in June.

All seniors are strongly encouraged to carefully review scholarship requirements and apply to all opportunities for which they are eligible.

In addition, students may compete for national scholarships by taking the National Merit Scholarship Qualifying Test (PSAT/NMSQT) during their junior year. The exam will be administered sometime in the fall of the 2026-2027 school year.

More Able Learners Program (MAL)

MAL activities are designed to nurture the potential giftedness of our students. These activities provide children opportunities to learn materials that are commensurate with their abilities. This differentiated curriculum is designed to foster independent thinking, critical thinking, creative thinking, and problem-solving. Children are always encouraged to take risk by attempting to solve complex problems in unique and original ways. The activities in the MAL Program are not only designed to complement and/or be an extension of the classroom. They are chosen and designed for their purposeful ability to meet the needs of academically talented students.

The program of instruction maximizes the opportunities for children to be producers rather than consumers of knowledge. It equips them with the ability to generate not only ideas but also the criteria with which to evaluate them. The children work in group activities as well as individually. Thus effective communication and decision-making skills are fostered through group interaction, oral presentations, and written work.

The curricular emphasis for this year will be on further developing higher-level thinking skills, integrated projects/activities and problem-based learning. Students will be encouraged to work in teams whenever possible to strengthen their cooperative skills and give them the opportunity to work with others who "think like they do."

If you require any additional information on the More Able Learners program, you may contact the More Able Learners teacher at your child's school building or the Director of Special Services at 918-2360.

Library Media Centers

The Library Media Centers of the Uniondale District support student achievement, district-wide curricular goals and objectives. Our library program:

- * empowers students to become readers, information users, critical thinkers, and lifelong, independent learners
- * provides an instructional environment for students to become proficient users of information and technology
- * provides students and staff access to information, ideas, and knowledge from diverse and varied sources that represent a wide range of subjects, formats, levels of difficulty, and multicultural perspectives
- * meets a broad range of individual learning styles, abilities, interests, and curriculum needs through carefully chosen resources
- * promotes reading, listening, viewing, and communicating for pleasure and information
- * provides learning opportunities beyond the library media center
- * promotes intellectual freedom and equitable access to information and ideas

Parental Involvement

In addition to encouraging parental involvement through a variety of organizations, such as the PTA Council and individual PTA units, District policy encourages parents to become, and remain involved, in the education of their children. When a parent develops a particular interest or concern, or a problem arises in relation to the education of a child, the parent(s) is encouraged to contact the child's teacher, a building administrator, and support staff such as school counselors. If questions or concerns cannot be resolved at the building level, parents are also encouraged to contact the Assistant Superintendent for Curriculum and Instruction or the Superintendent of Schools. The District believes that the school and parents must work together so that children can gain as much as possible from their educational experience in Uniondale. In accordance with School Board Policy 5500 and the Family Educational Rights and Privacy Act of 1974 (FERPA), Uniondale Public Schools staff must allow parents/guardians and/or eligible students to:

1. inspect and review the student's education records;
2. request that records be amended to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent; and
4. file a complaint with the U.S. Department of Education alleging failure of the district to comply with FERPA and its regulations

2026-2027 Parent-Teacher Association

Each school in the Uniondale Union Free School District has an active Parent-Teacher Association affiliated with the State and National PTA organizations. Throughout the years the PTA has been an integral part of the school system. The PTA has worked cooperatively with the Board of Education, Central Administration and parents to help the district offer the most comprehensive programs possible for all the youngsters. Membership in the Parent-Teacher Association is highly recommended as an opportunity for parents to work closely with the schools in the education of their children. Membership is open to all.

A. Purpose

1. The Uniondale School District is providing employees and students with access to the District's electronic communication system, which includes internet access.
2. The purpose of the District system is to assist in preparing students for success in life and work by providing them with electronic access to a wide range of information and the ability to communicate with people throughout the world.
3. Users may not use the District system for commercial purposes, defined as offering or providing goods or services or purchasing goods or services for personal use.
4. Users may not use the system for political lobbying, as defined by the State of New York.
5. The term "educational purpose" includes use of the system for classroom activities, professional or career development, and limited high-quality self-discovery activities.

B. Access to the System

1. The District Acceptable Use and Internet Safety Policy will govern all use of the District system. Student use of the system will also be governed by the disciplinary code. Employee use will also be governed by District policy.
2. The District Acceptable Use and Internet Safety Policy contains restrictions on accessing inappropriate material. However, the wide range of material available on the Internet reflects many points of view over which the district maintains no control and to which it does not necessarily subscribe.

C. Internet Safety

It is the policy of the Uniondale School District to protect students from inappropriate material on the Internet, as well to ensure the safety and security of students when using electronic communications such as electronic mail. This is done both through proper adult supervision of all students and adults using the Internet and by electronic means such as content filtering. To this end, although unable to guarantee that any selected filtering and blocking technology will work perfectly, the Board directs the Superintendent of Schools to procure and implement the use of technology protection measures that block or filter Internet access through the School District's internet service provider and which will restrict minors' access to visual depictions that are obscene, contain child pornography, or materials harmful to minors. This filtering also will restrict adults' access to visual depictions that are obscene or contain child pornography.

Such filtering may only be removed for teachers or other adults for bona fide research or other lawful purpose with permission from the Director of Technology and/or Director of Library Media Services and Integration or his or her designee. Any use of instant messaging and chat rooms is prohibited except for educational purposes. Violations may result in cancellation privileges and disciplinary and possible legal consequences.

The Superintendent or his or her designee also shall develop and implement procedures that provide for the safety and security of minors using electronic mail, chat rooms, and other forms of direct electronic communications; monitoring the online activities of minors using district computers; and restricting minors' access to materials that are harmful to minors.

In addition, the Board prohibits the unauthorized disclosures, use and dissemination of personal information regarding minors or other users; unauthorized online access by minors, including hacking and other unlawful activities; and access by minors to inappropriate material on the Internet and World Wide Web. The Superintendent or his or her designee shall establish and implement procedures that enforce these restrictions.

The Supervisor of Technology and/or Director of Instructional Technology and Library Media Services, as designated under the district's Computer Network or Acceptable Use Policy, shall monitor and examine all district computer network activities to ensure compliance with this policy and any accompanying regulations. The DPO (Data Privacy Officer) also shall be responsible for ensuring that staff and students receive training on their requirements.

All users of the district's computer network, including access to the Internet and World Wide Web, must understand that use is a privilege, not a right, and that any such use entails responsibility. They must comply with the requirements of this policy and any accompanying regulations in addition to generally accepted rules of network etiquette and the district's Acceptable Use Policy. Failure to comply may result in disciplinary action including, but not limited to, the revocation of computer access privileges. As part of this policy and the district's policy on acceptable use of district computers, the district shall also provide age-appropriate instruction to minors regarding appropriate online behavior, including:

- interacting with other individuals on social networking sites and in chat rooms, and
- cyberbullying awareness and response.

Instruction will be provided even if the district prohibits students from accessing social networking sites or chat rooms on district computers. The school district is not responsible for failures in the operation or technical functioning of the Internet or its filtering or blocking system, the computers, hardware, or software used to access the Internet.

D. District Limitation of Liability

The District makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the District system will be error-free or without defect. The District will not be responsible for any damage users may suffer, including but not limited to, loss of data or interruptions or service.

The District is not responsible for the accuracy or quality of the information obtained through or stored on the system. The District will not be responsible for financial obligations arising through the unauthorized use of the system.

E. Due Process

1. The District will cooperate fully with local, state, or federal officials in any investigation concerning to or relating to any illegal activities conducted through the District system or through any District accounts.
2. In the event there is an allegation that a student has violated the District Acceptable Use Policy, the parent will be provided with an oral and/or written notice of the alleged violation and an opportunity to present an explanation. This is in accordance with the due process rights of students.
3. Employee violations of the District Acceptable Use Policy will be handled in accordance with due process rights, District policy, New York State Education Law and collective bargaining agreements.

F. Search and Seizure

System users shall be made aware that they have no expectation or right of privacy in the contents of their personal files on the District system since the system will be monitored by a system operator(s).

G. Copyright and Plagiarism

1. Teachers will instruct students to respect copyright laws and to request permission when appropriate.
2. Teachers will instruct students in appropriate research and citation practices.

H. District Acceptable Use and Internet Safety Policy

The following guidelines are to be applied when using the District system:

1. Threats to personal safety of students

- a. Users will not post personal contact information about themselves or other people (i.e. address, telephone, school address, work address, etc.).
- b. Users will not agree to meet with someone they have met online without their parent's or guardian's approval and participation.
- c. Users will promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable.

2. Illegal Activities

- a. Users will not commit vandalism or engage in hacking activities. Vandalism or hacking will result in cancellation of system use privileges as well as possible prosecution. Vandalism is defined as a malicious attempt to harm or destroy district equipment or materials, data or another use of the district's system or any of the agencies or other networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Tampering with or misuse of the computer system, hacking, or taking any other action inconsistent with this protocol and regulation will be viewed as a security violation. Violators will be responsible for any financial damages caused by their actions.
- b. Users will not attempt to gain unauthorized access to the District system or to any other computer system beyond their authorized access.
- c. Users may not possess bootleg software. Bootleg software means any software, which has been downloaded or copied, or is otherwise in the user's possession, without the appropriate registration of the software, including the payment of any fees owed to the owner of the software.
- d. Users may not download or otherwise add software programs to the District system.
- e. Users shall not use the District system or Internet to access, transmit or retransmit material which promotes violence or advocates destruction of property, including information concerning the manufacture of destructive devices, such as explosives, fireworks, smoke bombs, incendiary devices or the like.
- f. Users shall not use the District system or Internet to access, transmit or retransmit material which advocates or promotes hatred against particular individuals or groups of individuals or advocates or promotes the superiority or inferiority of one racial, ethnic or religious group.
- g. Users will not use the District system to engage in any illegal act.

3. System Security

- a. Users may not utilize the network in such a way that it will disrupt the use of the network by others.
- b. Staff and students are responsible for the accounts for which they have been provided passwords. Passwords should not be shared.

- c. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet and/or to the District's computer system.
- d. Users will immediately notify a teacher or administrator if they have identified a possible security problem. Users will not go looking for security problems, because this may be construed as an illegal attempt to gain access.
- e. Users will avoid the inadvertent spread of computer viruses by following the District virus protection procedures if they download files onto the Districts' computers and/or networks. No files or disks may be loaded onto the Districts' computers and/or networks without a virus check and permission of designated district personnel.

4. Inappropriate Language

- a. Restrictions against inappropriate language apply to all messages.
- b. Users will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language.
- c. Users will not post information that, if acted upon, could cause damage or a danger of disruption.
- d. Users will not engage in personal attacks, including prejudicial or discriminatory attacks.
- e. Users will not harass another person. If a user is told by a person to stop sending them messages, they must stop.
- f. Users will not knowingly or recklessly post false or defamatory information about a person or organization.

5. Respect for Privacy

- a. Users will not report a message that was sent to them privately without permission of the person who sent them the message.
- b. Users will not post private or identifying information about any minor, other person, or themselves.

6. Respecting Resource Limits

- a. Users will not download files larger than 20 megabytes without permission.
- b. Users will not post chain letters or engage in "spamming".
- c. Access to news groups, if granted, will be limited to acceptable discussions.

7. Inappropriate Access to Material

- a. Users will not use the District system to access material that is considered profane or obscene (pornography), that advocates illegal acts, or that advocates violence or discrimination towards other people (hate literature). District employees may access the above material only in the context of legitimate research.
- b. If a user inadvertently accesses such information, they should immediately disclose the inadvertent access to a school administrator or other appropriate school employee. This will protect users against an allegation that they have intentionally violated the Acceptable Use and Internet Safety Policy.

8. Privileges

- a. The use of the Internet and the District system by students and staff is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges and disciplinary and possible legal consequences.

I. Posting on the District System and on the Internet

1. The District's Internet Publishing Policy will inform all decisions regarding the posting of material to the District website.
2. The District reserves the right to post student work and information on the District system for the purposes of portfolio assessment, research, or other educationally relevant uses.

Policy #9645 - Disclosure of Wrongful or Unlawful Conduct

The Board of Education expects that its officers and employees of the district fulfill the public's trust and conduct themselves in a lawful manner, consistent with all applicable statutes, rules and regulations and all policies of the district.

The Board of Education shall, at its annual reorganization meeting, designate a Compliance Officer to receive and investigate complaints from its public employees under Section 75-b of the Civil Service Law, commonly referred to as the "Whistle blower" statute. The district shall not dismiss or take any other adverse personnel action against an employee who, in good faith, discloses information concerning wrongful or unlawful conduct by school district officers or employees, including, but not limited to, information concerning conduct which (a) constitutes a violation of a law, rule or regulation, which violation creates and presents a substantial and specific danger to the public health or safety; or (b) information concerning conduct which the employee reasonable believes to be true and reasonably believes constitutes wrongful or unlawful conduct by a public employee. For purposes of this policy, the term "wrongful conduct" shall be defined to include:

- theft of district money, property, or resources;
- misuse of authority for personal gain or other non-district purpose;
- fraud;
- violations of applicable federal and state laws and regulations; and/or
- serious violations of district policy, regulation, and/or procedure.

The Board shall not retaliate by dismissing or otherwise taking an adverse employment action against any individual who discloses information to a government body pursuant to this policy, provided that the employee has first made a good faith effort to give to the district's Compliance Officer, the information which he/she intends to disclose to a governmental body. If the alleged wrongdoer is the Compliance Officer, then the employee shall report such information directly to the Superintendent of Schools.

An officer or employee who has knowledge of wrongful or unlawful conduct shall report the same to the district's Compliance Officer, 1-800-557-0031, who shall take immediate steps to conduct an investigation into the alleged violation and to report his/her findings and conclusions directly to the Board.

Prior to making any disclosure, the officer or employee shall provide the Compliance Officer with a reasonable period of time to conduct an investigation and to take appropriate action, unless there is an imminent and serious danger to the public health and safety.

Any officer or employee who believes that he/she has been subjected to an adverse employment action based upon his or her disclosure of alleged or actual wrongful or unlawful conduct may contest such action by filing a written complaints of reprisal with the Board. The Board, or its designee, will review the complaint to determine whether:

- (a) the complainant made a disclosure of alleged wrongful conduct before an adverse employment action was taken;
- (b) the complainant gave prior notice before making disclosure;
- (c) complainant has in fact suffered an adverse employment action after having made the disclosure;
- (d) such disclosure constituted the primary or motivating factor for such adverse employment action.

The Board, or its designee, shall conduct a full and fair investigation of the complaint. If the Board has delegated the investigation to a designee, such designee shall make proposed findings of fact and a recommendation directly to the Board as to what relief, if any, he or she deems appropriate

if he/she finds that complainant has been retaliated against for disclosing information pursuant to this policy.

All complaints filed pursuant to this policy will remain confidential to the extent possible and subject to applicable laws and relevant provisions of collective bargaining agreements.

Given the nature of the type of information shared pursuant to this policy and the serious ramifications that may result from a complaint, the district recognizes that false accusations of wrongful or unlawful conduct can have serious effects on innocent people. Any person making a false report shall be subject to appropriate disciplinary action.

This policy shall be published in the school calendar, be posted in employee lounges, and given to all employees annually.

Excerpts from the Uniondale School District "Code of Conduct"

Student Rights and Responsibilities

The Board of Education's goal is to provide an environment in which student's rights and freedoms are respected. The Board, therefore, assures district students that they shall have all the rights afforded them by federal and state constitutions, statutes, and regulations. The Board also recognizes all federal, state, and local laws in connection with these rights, and reminds students that certain responsibilities accompany these rights.

It shall be the right of each district student:

1. To have a safe, healthy, orderly and courteous school environment;
2. To take part in all district activities on an equal basis regardless of race, sex, religion, national origin, or disability;
3. To attend school and participate in school programs (e.g., student government) unless suspended from instruction and participation for legally sufficient cause as determined in accordance with due process of law;
4. To have school rules and conditions available for review and, whenever necessary, explanation by school personnel; whenever necessary, provide written explanation
5. To be suspended from instruction only after his/her rights pursuant Education Law, Section 3214 have been observed;
6. In all disciplinary matters, to have the opportunity to present his/her version of the facts and circumstances leading to imposition of disciplinary sanctions to the professional staff member imposing such sanction; and
7. To address building administration, central administration and/or the Board of Education

It shall be the responsibility of each district student:

1. To be familiar with and abide by all district policies, rules and regulations pertaining to student conduct;
2. To work to the best of his/her ability in all academic and extracurricular pursuits and strive toward the highest level of achievement possible;
3. To conduct himself/herself, when participating in or attending school-sponsored extracurricular events, as a representative of the district and as such hold himself/herself to the highest standards of conduct, demeanor, and sportsmanship, and accept responsibility for his/her actions;
4. To seek help in solving problems that might lead to discipline procedures;
5. To be in regular attendance at school and in class;
6. To contribute to the maintenance of an environment that is conducive to learning and to show due respect to other persons and to property;
7. To dress appropriately for school and school functions in accordance with standards promulgated by the Board and the Superintendent;
8. To make constructive contributions to the school and to report fairly the circumstances of school-related issues.

1. Recognize that the education of their child(ren) is a joint responsibility of the parents and the school community;
2. Send their children to school ready to participate and learn;
3. Ensure their children attend school regularly and on time;
4. Ensure absences are excused;
5. Insist their children be dressed and groomed in a manner consistent with the student dress code;
6. Help their children understand that in a democratic society, appropriate rules are required to maintain a safe, orderly environment;
7. Know school rules and help their children understand them;
8. Convey to their children a supportive attitude toward education and the district;
9. Build good relationships with teachers, other parents and their children's friends;
10. Help their children deal effectively with peer pressure;
11. Inform school officials of changes in the home situation that may affect student conduct or performance;
12. Provide a place for study and ensure homework assignments are completed;
13. Notify the school of any change of address or phone number.

Expectations for Students and Others on School Property and at School Functions

The Board of Education of the Uniondale School District is committed to maintaining schools which provide students and staff with productive, satisfying and wholesome learning environments. Essentially this means that relationships are such that students can learn and teachers can teach. It is an environment where students and all others are expected to conduct themselves in an appropriate and civil manner with proper regard for the rights and welfare of others and for the care of all school property.

Student Dress Code

The responsibility for student dress and general appearance rests with individual students and parents. However, the Board of Education requires students to attend school in appropriate dress that meets health and safety standards and does not interfere with the learning process. The Board also requires students to wear appropriate protective gear in certain classes. Hats, clothing, and attire which bear an expression or insignia which is obscene or libelous, which advocates racial or religious prejudice, or is disruptive, is forbidden. Attire such as tube tops, midriff-revealing shirts, and excessively short shorts is not permitted, as it does not align with the established dress code standards. The Board, after consulting with the community, and in keeping with community standards, prohibits students from wearing hats in the building.

The Superintendent of Schools and other designated administrative personnel shall have the authority to require a student to change his/her attire should it be deemed inappropriate according to the above guidelines.

Prohibited Conduct

The following discipline code applies to the behavior of all district students while attending school, and/or on school grounds, in school buildings, and/or participating in school-sponsored activities. Serious or flagrant violations of the District's code of conduct can result in an immediate hearing with the Superintendent or Board of Education. Students may be subject to disciplinary action, up to and including suspension from school, if they engage in conduct that is disorderly, insubordinate, disruptive, violent or endangers the safety, morals, health or welfare of others. Examples include but are not limited to:

- Fighting or engaging in violent behavior
- Threatening another with bodily harm
- Intimidating students or school personnel
- Making unreasonable noise that disrupts the instructional and learning environment
- Using abusive language or gestures, including racial, ethnic, or sexual remarks which are improper
- Obstructing vehicular or pedestrian traffic
- Creating a hazardous or physical offensive condition
- Failing to comply with the lawful directions of teachers, school administrators or other school employees in charge of the student
- Tardiness
- Missing or leaving school without permission
- Plagiarism
- Vandalism or any destruction of real and/or personal property (including graffiti or arson)
- Libel and/or slander
- Theft or robbery
- Truancy
- Smoking
- Possession/use/sale/being under the influence of drugs or alcohol
- Possession or use of weapons or fireworks
- Possession or use of tobacco or tobacco products
- Lewd behavior

- Possession or use of obscene materials
- Stealing
- Gambling
- Throwing objects in classrooms, cafeterias, halls, etc.
- Hazing
- Trespassing
- Displays or threatens to use what appears to be a weapon or facsimile of a weapon
- Computer/electronic communication misuse

Uniondale School District Code of Conduct and policies comply with federal civil rights laws and regulations enforced by the United States Department of Education's Office for Civil Rights (OCR), including Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin; Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex; and Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, both of which prohibit discrimination on the basis of disability.

The Dignity for All Students Act or Dignity Act ("DASA") of 2012 was established with the broad legislative intent to provide a school environment free of discrimination and harassment.

DASA states that NO student shall be subjected to harassment or discrimination by employees or students on school property or at a school function based on their actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex.

Dignity Act (DASA) COORDINATORS

Senior Citizens' Tax Exemptions

Senior Citizens' Tax Exemptions

A senior citizen is entitled to a partial exemption from school district taxes when the following conditions exist:

- Must be 65 by December 31st (in husband and wife situation, only one party need be 65 as long as both names are on the deed).
- Own home for at least 2 years.
- Income limitation of \$37,399 (combined income of all owners) which includes Social Security and all other sources of income.
- The property must be owner occupied and be the primary residence.

NOTE: A child residing on the property who attends a public elementary or secondary school disqualifies the exemption.

Application must be made annually, on or before December 31st. The tax relief will then be applied to the next tax year.

Persons with disabilities and limited income may be eligible under the same guidelines as Senior Citizens.

NOTE: Residential real property may qualify for a partial exemption from school taxes under the New York State Tax Relief (STAR program). To receive such exemption, owners of qualifying property must file an application with their local assessor on or before **March 1st**.

Residents who believe they are qualified for the exemptions, or who desire further information, should contact: Senior Citizens' Division, Nassau County Department of Assessment, 240 Old Country Road, Mineola, New York 11501. Telephone: 571-1500.

Veterans Real Property Tax Exemption

The current alternative veterans' exemption was designed to make more veterans eligible for exemptions, especially those veterans of Korea and Vietnam who did not receive payments which would have qualified them under the old law.

WHO IS ELIGIBLE? The property may be exempted if the owner is a veteran or un-remarried surviving spouse. If there is no un-remarried surviving spouse, the veteran's surviving dependent father, mother or minor children may also be eligible under certain conditions.

Gold Star Parents, who are the parents of a child who died in the line of duty while serving in the United States Armed Forces during a period of war, are also eligible for the Alternative Veterans' Exemption.

The property must be used exclusively for residential purposes and must be the primary residence of the eligible applicant unless that person is absent from the property due to medical reasons or is institutionalized.

WHEN TO APPLY

Applications must be filed by January 2nd as prescribed by state law. For information on filing applications in incorporated villages or cities, contact your local village or city assessor.

Please call 571-1500, the Department of Assessment to see if you qualify for this new Veterans' Exemption.

FERPA Annual Notification

Notification to Parents and Students of Rights Concerning a Student's School Records

The Family Educational Rights and Privacy Act (FERPA) grants parents or guardians and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and copy the student's education records, within 45 days from the day the District receives a request for access.

Parents or guardians of students less than eighteen (18) years of age and students older than eighteen (18) years of age have the right to inspect and copy the student's permanent record. Parents, guardians or students should submit to

The principal will make arrangements for access and notify the parent(s)/guardian(s) or eligible student of the time and place where the records may be inspected.

The District charges a nominal fee for copying, but no one will be denied their right to copies of their records for inability to pay this cost.

The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student.

2. The right to request an amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identifying the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA or state law authorizes disclosure without consent.

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests, A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility,

Upon request, the District also discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by state or federal law.

Disclosure is also permitted without consent to: any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; and appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

4. The right to prohibit the release of directory information concerning the parent's/guardian's child.

Throughout the school year, the District may release directory information regarding students, such as: name, address, telephone number, electronic mail address; photograph; date and place of birth, major course of study, participation in school activities or sports, weight and height if a member of an athletic team, dates of attendance, degrees and awards received, and most recent school attended.

Any parent(s) or guardian(s) or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within ten (10) business days of the receipt of this notice.

5. The right to file a complaint with the U.S. Department of Education, concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Chain of Communication

WHO DO I CALL WITH A QUESTION OR SUGGESTION?

The Uniondale Union Free School District has developed communication protocols to promote direct, open and respectful interactions so that problems and concerns can be resolved quickly and efficiently. The communication protocol starts with the staff member most closely aligned to the issue as that individual will have the most information. At times, additional personnel are required to resolve specific matters. Please see below the following UUFSD communication protocols established to resolve issues.
