ADVANCE NOTICE OF PESTICIDE TREATMENT

This notice is to be provided whenever a pesticide, other than a bait or gel formulation, is to be applied at this facility. The information will be posted using the methods identified in the annual Advisory To Parents.

Attention: Parents / Guardians of students attending this facility:

This facility utilizes an Integrated Pest Management approach for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time a pesticide application may be necessary to control certain pests.

Please be advised that a granular fertilizer and liquid weed control application is planned on your properties.

The approximate location of this treatment is Manton Public Schools Athletic Fields.

The anticipated date of treatment will be ***August 7th, 2026***
