College Selection & Campus Visits (For Juniors & Seniors)

Why Visit a College Campus?

A campus visit is one of the best ways to decide whether a college is the right fit for you. Visiting allows you to:

- Explore classrooms, residence halls, and campus facilities.
- Get a feel for campus life and the surrounding community.
- Ask questions about academic programs, admissions, and student support.
- Picture yourself as a student at that college.

How Do You Schedule a Visit?

1. Visit the college's official website and look for **Admissions**, **Visit Campus**, or **Schedule a Tour**.
2. Choose an available date and register for a campus tour or information session.
3. Prepare questions to ask admissions representatives, faculty, and current students.
4. Check with the School Counseling Center about school attendance procedures before scheduling a visit during the school day.

 **Pro Tip:** If possible, visit more than one college so you can compare your options!
