SCHOOL BUDGET FOR HINSDALE STUDENTS

Dear Hinsdale Central School Community,

We are pleased to announce our proposed budget for the 2026-27 school year. After a thorough review of our financial needs and priorities, we have developed a comprehensive budget that allows us to maintain our focus on the education and services our students need to succeed.

Budget Overview

The budget development process included seven public work sessions that took place at School Board meetings held on October 8, 2025, November 12, 2025, December 10, 2025, January 7, 2026, February 11, 2026, March 11, 2026 and April 21, 2026. Those work sessions were designed so that the School Board and the District Administration could review the proposed budget for the upcoming school year. It was during those meetings that the expenditure budget of $12,880,000, which is an increase of 1.97% over last year's approved budget, was finalized. This budget reflects a continued commitment to student success; while also responding to the fiscal challenges we face as a district. We have worked diligently to balance fiscal responsibility with the preservation of essential student programming and services.

Tax Levy and State Aid Increases

To support this budget, there will be a 2.34% increase in the local tax levy, which is in line with the state's property tax cap guidelines. Additionally, the district will receive a 1% increase in state aid. This increase in state funding will help offset some of our operational costs and provide additional support for our programs and services, ensuring that we can continue to meet the needs of our diverse student body.

The projected increase of 2.34% will result in an average tax increase of $14.09 on a property assessed at $50,000, an increase of $21.34 on a property assessed at $75,000 and a $28.61 increase on a home valued at $100,000. Again, these tax increases are estimates but do help to identify what type of increase can be expected with the benefit of STAR and Enhanced STAR exemptions.

Preserving Student Programming

The primary goal of this budget is to preserve our student programming. This projected budget will allow us to maintain our core academic programs as well as our extracurricular activities and our student support services. We understand that quality instruction, a variety of clubs, sports, and extracurricular activities in addition to counseling, special education services, and academic support programs are all necessary. To maintain the aforementioned programming, we will be making some staffing reductions. These are very difficult fiscal decisions, but those moves will not include reductions in core instruction or vital student services.

Looking Ahead

Providing quality programs for our students is a considerable challenge in a small, rural district. But we are excited to face those challenges as we work hard to support all Hinsdale Central School Students! We appreciate the continued support of the HCS community as we move forward, and we are excited for another year of success and growth for our students.

As part of New York State laws of 2008, a law was passed that whenever a county, city, town, village or school district is required to prepare an annual budget, the official required to prepare the budget shall attach an Exemption Impact Report. We've included a summary of the Exemption Impact Report.

The detailed reports are available on our school website at www.hinsdalebobcats.org and include the five towns located in the Hinsdale Central School District. Cattaraugus County towns include Hinsdale, Humphrey, Ishcua and Olean. Some Clarksville properties in Allegany County also reside within the Hinsdale Central School District, so there is a detailed report for Clarksville, Allegany County included on our website.
