

GREER 9-1-1 EMERGENCY COMMUNICATIONS CENTER

To Our Greer Community, Friends and Neighbors,

Greer 9-1-1 Emergency Communications Center will be celebrating National Public Safety Telecommunicators Week along with the entire nation **April 12th – 18th**. This week has been formally recognized by Congress through a proclamation honoring 9-1-1 dispatchers nationwide for the critical role they play in public safety.

We celebrate our Public Safety Professionals in the 9-1-1 industry by honoring them all week with prizes and goodies. We honor our employees' hard work and commitment to the citizens of the City of Greer and all our visitors. We strive to make sure our employees know they are appreciated and recognized as the ***first***, first responder not to mention true heroes within emergency services.

If you would like to help show your appreciation to these amazing folks, please join us! You can show your support and gratitude in the form of gift cards, merchandise, providing lunch/dinner, coffee or offering any kind of snacks for one of our four Teams during that week. **The contact information is below to schedule a drop-off or pick-up.**

Our goal during this time is to promote morale and show our employees the appreciation they deserve for the work they do every day serving our community. Your kindness and generosity will help make this effort a success for our dedicated employees.

Thank you for your support during the National Public Safety Telecommunicators Week and for helping make this week special for all of us at Greer 9-1-1.

Sincerely,

Jennifer A. Amendola
