Public Safety Committee Meeting
October 13 , 2020

- We have started the application process for a patrol officer. The applications are open until October 30th.
- We completed the grant submission through the State of Ohio and will be reimbursed approximately $6,000 for the purchase of several BPV that were obtained this year. These were for new hires and also replacements for expired vests. (BPV have a five year usable life, per manufacturer regulations)
- John Todd, London, was hired as a part time dispatcher.
- Several new forms were updated to enable direct submission of information from our app and website. Thanks to the work by the city administrative assistant with creating online payments, several items requiring payments are now payable online as well; such as parking citations and various city permits. We have started to see the use of these forms by the public. We also have been issued from the city administration a card reader for credit payments.
- We selected SCI - Integrated out of Grove City to update our remote access to interview room and security camera recordings. The cost of $15,000 to be paid with CARES Act funding.
- The front windows and brick facade of our office need attention due to deterioration. We have an estimate for approximately $10,000 for the replacement of windows and brick with approval pending from the Historical Review Board. A local contractor will be doing the work, expected to be completed yet this year.
- The new cruiser was received from Lebanon Ford. We are awaiting availability of the upfitting company to install the equipment.
- Each cruiser was outfitted with an updated larger first aid kit.
- We purchased, locally, an enclosed cargo trailer for use in transporting equipment and supplies for various uses, including remote mass inoculation sites. When not in use it would be available for other city uses as needed. It is expected to be delivered this week. Cost was covered by the CARES Act funding.
- We were allotted $2,250 in funding from Ford Motor Co. The funding is for the delay in last year's cruiser production, and must be used at a local dealer for parts and services only.
- Chief Nicol attended the online version of the annual Chief's Conference and In-Service.
- Our annual firearms certification will be conducted next week at OPOTA's range.

Remember:

1. Maintain physical distancing by a minimum 6-foot distance from other individuals.
2. Wash your hands often with soap and water for at least 20-seconds (Happy Birthday song twice), especially after coughing or sneezing.
3. Avoid touching your mouth, nose, or eyes.
4. Cover coughs/sneezes with your arm or a tissue (discard tissues in the trash).
5. Avoid exposure to others who are sick, especially those sick with respiratory symptoms.
6. Stay home if you are ill and avoid close contact with others.
7. **Wear a mask. Masks are no longer just for sick people.**
8. Get adequate sleep, eat well-balanced meals and hydrate frequently to ensure a healthy immune system.
9. Clean and disinfect frequently touched objects and surfaces.

Respectfully Submitted,

Chief Todd D. Eades
