Public Safety Committee Meeting
January 12, 2021

- Areli Revilla, 21, Hilliard, will be sworn in as a London Police officer on January 19th. She graduated from Central Crossing HS and Columbus State Community College where she completed the basic peace officer certification.
- Our latest cruiser was upfitted and placed in service. Car 10 was repaired and we currently have all regular vehicles in service. Our recently acquired pick up is at the upfitters for graphics and emergency equipment installation.
- The year end report will be completed this week. A couple of additional reporting requirements by the Ohio Collaborative Board on the Division's use of force, biased based policing, employee misconduct and body worn cameras will be completed later this month.
- The Division also received certification with the US Department of Justice Executive Order 13929 on Safe Policing for Safe Communities. The order requires compliance with two mandatory safe policing principles regarding Use of Force policies and procedures.
- The AED's were obtained and placed in service. The digital traffic boards were delivered to the street department.
- Due to pandemic restrictions in place for much of 2020, we experienced lower calls for service and incident reports for the year. There was approximately a 15% decrease in reports.
